Dear

**FREEDOM OF INFORMATION REQUEST
A138 CHELMER VIADUCT – PROJECT DIRECTORY**

I am writing to confirm that we have now completed our search for information that you requested on 14 March.

You ask for an up-to-date project directory and list of sub-contractors, suppliers and consultants of all the companies involved in the A138 Chelmer Viaduct replacement.

Graham Construction were contracted to build the new viaduct and remove the old one.

Aecom were commissioned to design the new viaduct and supervise the construction and demolition.

We do not hold information relating to sub-contractors or the wider supply chain as they were engaged by Graham Construction.

If you are unhappy with the way we have handled your request you may ask for an internal review. Our internal review process is available at: <https://www.gov.uk/government/organisations/highways-england/about/complaints-procedure>

If you require a print copy, please phone the Information Line on 0300 123 5000; or email info@highwaysengland.co.uk. You should contact me if you wish to complain.

If you are not content with the outcome of the internal review, you have the right to apply directly to the Information Commissioner for a decision. The Information Commissioner can be contacted at:

Information Commissioner's Office
