US-Company UK-REIT Notes

Use these Notes to help you complete form US-Company UK-REIT. If you need help or further information, see Note 7.

1. Property income dividends paid by UK real estate investment trusts ('UK-REITs')

A 'UK-REIT' is a company which has a property business. It must be resident in the UK and be listed on a recognised Stock Exchange. A UK-REIT can also be a group of companies. In this case, the principal (parent) company of the group must be UK resident and stock exchange listed. Under the UK-REIT regime, the UK-REIT pays no tax on its qualifying property income, but the company (principal company for a Group REIT) will withhold UK income tax at the basic rate when making a distribution out of its qualifying property income, a '**property income dividend**'. It is obliged to distribute most of its profits as property income dividends.

UK dividends from which no income tax is withheld

The company (principal company of a Group REIT) may also pay ordinary company dividends from which no income tax is withheld. Other members of a Group REIT may also pay dividends. These will always be ordinary company dividends from which no income tax is withheld. UK company dividends from which no income tax is withheld have an additional amount attached to them (but not paid to the shareholder) called a tax credit. **It is not possible for a claim to be made under the terms of the UK/USA Double Taxation Convention for payment of the tax credit.**

2. Purpose of form US-Company UK-REIT

Form **US-Company UK-REIT** allows you to claim repayment of some or all of the income tax deducted from property income dividends that are paid by real estate investment trusts after 1 January 2007.

Please do not include in your claim any other sources of UK income, such as dividends paid by UK companies that are NOT property income dividends of a UK real estate investment trust. Claim forms for DT treaty relief from UK income tax on UK interest and royalties are available from www.gov.uk or from the address in Note 7.

3. Beneficial ownership

The UK/USA Double Taxation Convention provides for relief to be available to the **beneficial owner** of the income. Where a claimant is required to pass on the income in respect of which the claim is made it may not be the beneficial owner of the income for the purposes of the Double Taxation Convention. Please see the HM Revenue & Customs guidance published in our International Manual (INTM). To read the guidance online go to www.gov.uk and look for **INTM332040** in the *Search* facility.

Where the company or concern does **not** satisfy the 'international fiscal meaning' of beneficial ownership but believes that because of the policy statements that are made in the guidance it is still able to obtain treaty benefits, you should

- tick box **2(b)** in the declaration in **Part E** of the form
- include with the claim a note giving the information mentioned at INTM332070, under the heading 'Applications to HM Revenue & Customs' – reproduced below for ease of reference:

Where structures are within the ambit of the Indofood decision, that is to say the structure has the accessing of treaty benefits as one of its effects, it is possible that applications to HM Revenue & Customs for benefits under a Double Taxation Convention (DTC) will fall at the first hurdle unless the applicant can demonstrate beneficial ownership. The application might simply be regarded as invalid and never reach the stage where it can be considered in terms of the object and purpose of the particular DTC under which the application is made.

However, where the claimant Special Purpose Vehicle (SPV) does not satisfy the “international fiscal meaning” of beneficial ownership but believes that it is still able to obtain treaty benefits because of the policy confirmed in this guidance, it should make its claim and include a note to that effect. To ease consideration of the claim, the note should include full details as to

- A full structure diagram and explanation of the capital and interest flows;
- why the SPV is considered to be the beneficial owner within the “international fiscal meaning”; or
- demonstrate that the structure does not abuse the DTC under which the claim is made either relating the structure to the examples at INTM332080 or otherwise.”

Where a claim to repayment of UK tax is made by a partnership or other concern that is not a taxable person or is otherwise ‘transparent for tax purposes’ under the law of the United States, you should tick box **2(b)** in the declaration in **Part E** of the form US-Company UK-REIT and provide additional information as outlined in the HMRC guidance at INTM335500.

4. Claims on behalf of partnerships and LLCs

US **partnerships** and **LLCs** should complete the form US-Company UK-REIT as follows:

Parts A and **B1** in full

Part C

Part D if appropriate

Part E in full, with the general or managing partner/member signing the declaration.

The following additional information is also needed:

- Where the partnership or LLC is established in the United States and all of the partners/members are resident for tax purposes in the United States, attach to the claim a list of the names and addresses of the partners/members. The list should show residential addresses for individuals and registered addresses where the partners/members are companies.
- Where any partner/member is resident for tax purposes in a country other than the United States, attach the list described above. The list must also include for each member/partner their respective percentage share of the income that is the subject of the claim. Any partner/member resident for tax purposes outside the United States should make a separate claim to relief from UK tax under the terms of any relevant DTC. The Digest of Double Taxation Treaties lists all of the UK’s comprehensive DTCs. To read the DT Digest online go to **www.gov.uk** and look for 'Double Taxation Treaties: non UK resident with UK income' in the Search facility.

5. Residence in United States and where to send the completed form

It is a condition of relief from UK income tax under the terms of the Double Taxation Convention that the beneficial owner of the income is resident in the United States.

If this is the company’s first claim

If this is the first claim by the company to repayment of tax deducted from dividends paid by real estate investment trusts, send the completed claim form with the US **Form 8802, Application for United States Residency Certification**, and the applicable user fee to:

Internal Revenue Service
P.O. Box 71052
Philadelphia, PA 19176-6052

The Application for U.S. Residency Certification and its instructions are available at **www.irs.gov**.

In making this claim, you are consenting to the transmission of a US Form 6166 for the applicant/claimant to HM Revenue & Customs in the UK.

If this is NOT the company’s first claim

If the company has made a previous claim for repayment of tax deducted from distributions by real estate investment trusts and

- the company remains resident in the USA, and
 - there has been no change in the company’s tax position,
- you do not need to get this form certified by the US Internal Revenue Service. Send the form direct to HM Revenue & Customs at the address in Note 7.

6. Text of the UK/USA Double Taxation Convention

To read the full text of the Convention (SI 2002 Number 2848) online, go to www.gov.uk and in the **Search** box enter **USA Tax Treaties** . On the page that opens, click the '2001 USA-UK Double Taxation Convention as amended by the 2002 protocol - in force'. This will open a PDF file of the Convention.

7. Help or more information

If, after using these Notes you need help or more information, please

- visit www.gov.uk and search for **international tax for businesses**
- or write to **HM Revenue & Customs, Trusts, BX9 1EL, United Kingdom.**

Please quote our reference number (for example '13/A/123456') whenever you contact us.

8. Completing the form US-Company UK-REIT

Part A: Details of the company or concern and tax adviser

Please give all the details asked for. If the company or concern has a tax adviser, include the tax adviser's details. All the information that you provide to HM Revenue & Customs is confidential. We can therefore only discuss the tax affairs of the company or concern with

- an officer of the company
and/or
- any tax adviser or agent who is nominated by the company or concern.

We cannot disclose to the UK payer of the income or their tax adviser any information relating to the claimant company or concern.

Part B: Questions

- For **all claimants** – please answer the questions in **Part B1**
- If you answered 'Yes', to either **B1.2(a)** or **B1.2 (b)**, go to **Part B2**.
- If you answered 'No' to **B1.2(a)** and **B1.2(b)**, go to
 - **Part B3** for a **Mutual Fund**, or
 - **Part B4** for a **Pension Scheme, etc.**, or
 - **Part B5** for a **Charitable Organisation**, or
 - **Part B6** for a **Trust**.

Part B2, question B2.2

This note applies only if you answer 'Yes' to question B2.2

Relief from UK tax is available under the Double Taxation Convention only to residents of the United States.

If you answer 'Yes' to question B2.2, you are saying that the claimant company or concern is liable to United States tax in respect **only** of income from sources in the United States or profits attributable to a permanent establishment in the United States, and this will mean that the company does not meet the definition of 'resident of a Contracting State' found at Article 4(1) of the Double Taxation Convention (most typically, where the claimant is a branch of a non-US enterprise).

If answering "Yes" please therefore detail on a separate sheet why you believe that the claimant is entitled to repayment of UK tax, notwithstanding that it is not to be considered as a resident of the United States.

Article 23 of the Double Taxation Convention and the questions in Part B of the form

If in order to be able to benefit from the Double Taxation Convention the claimant is required to be a 'qualified person', (as defined in Article 23 of the Double Taxation Convention) or if not a 'qualified person', then fulfil certain other tests in respect of an item of income whose source is in the UK. The questions in Part B of the form seek to establish whether the claimant is a qualified person or otherwise entitled to the benefits of the Double Taxation Convention.

If you are claiming that repayment of UK tax should be allowed under the terms of Article 23(6) of the DTC you should complete this claim form and send it in the normal way to the United States Internal Revenue Service (see note 5). At the same time, you should write to HM Revenue & Customs, Frontiers & International Tax Treaty Team, 100 Parliament Street, Westminster, London, England SW1A 2BQ. Your letter should clearly state that you are asking the "competent authority" of the United Kingdom to deal with your claim under the terms of Article 23(6) of this treaty. A copy of your letter to the competent authority should be attached to the claim form US-Company UK-REIT.

'Conduit arrangement'

Question B1.3 on form US-Company UK-REIT asks whether any income to which the claim refers is paid under a 'conduit arrangement'. The definition in Article 3(1)(n) of the Double Taxation Convention is as follows:

"(n) the term "conduit arrangement" means a transaction or series of transactions:

- (i) which is structured in such a way that a resident of a Contracting State entitled to the benefits of this Convention receives an item of income arising in the other Contracting State but that resident pays, directly or indirectly, all or substantially all of that income (at any time or in any form) to another person who is not a resident of either Contracting State and who, if it received that item of income direct from the other Contracting State, would not be entitled under a convention for the avoidance of double taxation between the state in which that other person is resident and the Contracting State in which the income arises, or otherwise, to benefits with respect to that item of income which are equivalent to, or more favourable than, those available under this Convention to a resident of a Contracting State; and
- (ii) which has as its main purpose, or one of its main purposes, obtaining such increased benefits as are available under this Convention."

Part C: Details of property income dividends from UK Real Estate Investment Trusts

Tax vouchers

Before you fill in Part C, the claimant company or concern must have documentary proof of the deduction of UK income tax from its property income dividend(s). Usually this proof is provided by the tax deduction certificate(s) issued by the payer(s) of the property income dividend(s).

You do not need to send tax certificates (vouchers) with the completed form US-Company UK-REIT, but you should keep them safe in case we ask you to send them to us in support of the claim. If you have any doubt about how you have completed Part C you can send vouchers with the claim if you think it will help us.

Remember that you should only include property income dividends paid by UK real estate investment trusts ('UK-REITs').

Part D: Repayment instructions

You should only complete **Part D** if you want HM Revenue & Customs to make any repayment to a bank, tax adviser or other person on the company's or concern's behalf.

If you want repayment to be made to the company's tax adviser, please give the reference number (if any) that the tax adviser uses.

You must also sign the declaration at **Part E** if you sign the authorisation in **Part D**.

Part E: Declaration

The declaration in **Part E** should be completed and signed after reading **note 3 'Beneficial ownership'** in these Notes.

Who may sign:

- **For a company or fund**, a responsible officer of the company or fund may sign. An agent (tax adviser), 'custodian' or other duly authorised person acting with the authority of the company may also sign on the company's behalf.
- **For a partnership**, the senior, general or managing partner (as appropriate) may sign in the name of the partnership. Please see note 4 for further information.

How to work out the amount of UK income tax repayable to the company or concern

- Follow **Steps One** and **Two** and if appropriate, **Steps Three** to **Five** below.
- If you do not wish to work out the repayment and do not enter an amount in **Part E (a)** of the form US-Company UK-REIT, HM Revenue & Customs will work out any repayment that is due.

Step One: Enter in box 1 the total amount of property income dividends before UK tax and in box 2 the amount of UK tax taken off.

Take these figures from the totals boxes in **Part C** of the form US-Company UK-REIT.

Income before tax		UK income tax	
1	£	2	£

Step Two:

- If this claim is being made by a US pension fund that has answered the questions at Part B.4 of the claim form US-Company UK-REIT and is entitled to claim full relief from UK tax, enter the total amount of tax on the form US-Company UK-REIT at **Part E (a)**.
- In all other cases the double taxation treaty provides for UK tax of 15% to be retained. Follow **Steps Three** and **Four** to work out the amount repayable.

Step Three: Calculate the appropriate percentage rate of the total amount of property income dividends (in box 1) and enter the result in box 3

For example, the box 1 figure is £100.00 and the rate shown in the Digest of Double Taxation Treaties is 15%. So, 15% of £100.00 = £15.00 in box 3.

3	£
----------	---

Step Four: Deduct the amount in box 3 from the amount in box 2 and enter the result in box 4.

4	£
----------	---

Step Five: Finally, take the amount you have shown in box 4 and enter it on the form US-Company UK-REIT at **Part E (a)**. This is the amount of UK income tax repayable to the company.

These notes are for guidance only and reflect the UK tax position at the time of writing. They do not affect any rights of appeal.
