HB main subsidy arrangements and additional subsidy 2013/14: Details of the administration subsidy distribution

Introduction

- This circular contains details of the Housing Benefit (HB) main administration subsidy and additional administration subsidy which, following consultation with the Local Authority Associations (LAAs), will apply for 2013/14.
- In 2013/14 Council Tax Benefit (CTB) will be abolished. Council Tax support will be the responsibility of the Department for Communities and Local Government (DCLG) and the Devolved Administrations (DAs). However, in order to keep disruption to local authority (LA) finances at an absolute minimum DWP and DCLG have agreed to maintain administrative funding at comparative levels to 2012/13 with DCLG and the DAs being responsible for funding any new burdens impact of the replacement schemes.
- 3 Provision for the 2013/14 subsidy arrangements will be made by an Amendment Order to the Income-related (Subsidy to Authorities) Order 1998, which will also be subject to consultation with the LAAs before it is laid before Parliament.

Details of the DWP administration subsidy distribution in 2013/14

- For 2013/14 the total distributed amount of administration subsidy is £444m. The *Appendix* shows the individual allocations for each LA in England, Scotland and Wales. A cap of 0% and a net of -10%, compared to 2012/13 allocations, has been applied to provide an element of stability in funding.
- The distribution of the additional administration subsidy of £22m is also shown in the *Appendix*. No net or cap has been applied to this funding stream.

Distribution methodology

- We will allocate each LA a share of the total administration subsidy that reflects its share of the national HB/CTB work done, with adjustments that reflect some differences in regional costs based upon Single Housing Benefit Extract (SHBE) data for the period from April 2011 to March 2012.
- 7 The methodology uses weightings that reflect the time needed to administer cases of different tenure types. The weightings in *Table 1* are derived from the report 'Costs of Administering Housing and Council Tax Benefits' (ISBN 1841239836).

Labour cost adjustments

- For **labour costs**, we used the most up to date information on the Annual Survey of Hours and Earnings (ASHE) to derive the labour cost indices split between England, Scotland and Wales. The DCLG Labour Cost Adjustment (LCA) ratios will be applied to the English LAs).
- 9 Table 2 shows a summary of the regional values used for the 2013/14 distribution.

Accommodation factors

- 10 For accommodation factors, we used the information of the Property Market Report provided by the Valuation Office Agency (VOA). These have been used to derive the indices to represent a split of accommodation costs between England, Scotland and Wales. The DCLG's Rates Cost Adjustment (RCA) ratios will be applied to the English LAs.
- 11 DCLG RCA ratios from the Environmental, Protective and Cultural Services (EPCS) aspect of the Local Government Finance Settlement have been applied to the English LAs.

Treatment of stock transfers

All Large Scale Voluntary Transfers (LSVTs) which are identifiable from the SHBE data covering April 2011–March 2012 have been taken into account in the 2013/14 distribution.

The formula

The subsidy is distributed among LAs by taking HB and CTB caseloads into account, with different weightings for different case types such as private or LA housing, and adjustments to compensate for variations in accommodation and labour costs between regions.

The administration subsidy for a particular LA is equal to a fraction of the total administration subsidy. This fraction is calculated using the Adjusted Caseloads and the labour and accommodation indices which are scaled by the average which has been weighted by caseload.

Factor = Adjusted Caseload x [0.25 + 0.65 x Scaled Labour indices + 0.1 x Scaled Accommodation indices]

Admin Subsidy = Factor x Total Admin Subsidy / Sum of Factors for all LAs

The Adjusted Caseloads for HB and CTB are calculated by applying the relevant weighting to each aspect of the caseload (both live load and new claim volumes using the weights from *Table 1*) and summing the total.

Details of the DWP additional administration subsidy distribution 2013/14

- 17 Alongside the £444m administration subsidy, an additional amount of £22m is also to be distributed for 2013/14.
- This additional subsidy will be provided solely for the purpose of assisting LAs in their statutory duty to administer and process HB claims and directly related enquiries during the economic downturn.
- 19 This additional resource will not form part of future baselines.
- The methodology for distributing this funding is the same as for the core administration subsidy.

Payments of subsidy

Payments of interim administration subsidy will be made in monthly instalments beginning in April. The overall grant available to support HB administration costs is cash limited and so there is no provision for any adjustments to be made to individual LA allocations.
