18.7 The arbitration will be conducted by a sole arbitrator, jointly agreed by the HEI and the ESFA. Study Programmes, incorporating Traineeships

To improve the quality of vocational education provision for post-16 students, Professor Alison Wolf recommended that study programmes be introduced to offer students breadth and depth and without limiting their options for future study or work.

From September 2013, new 16 to 19 study programmes were introduced, supported by changes to post-16 funding. All students in full or part-time education aged 16 to 19 are expected to follow a study programme tailored to their individual needs, education and employment goals, including students with learning difficulties and/or disabilities.
