Ref. 2017/1418

[REDACTED]

24 February 2017

Dear [REDACTED],

Thank you for your e-mail of 30 January asking for information about the RAF's Typhoon, Tornado, Hawk, Sentry, RC-135 Rivet Joint and Chinook fleets.

You requested the following information:

"...a full fleet list of all Typhoon, Hawk, Tornado, Chinook, RC-135 and Sentry aircraft currently serving in the Royal Air Force as of 30/01/2017. If possibly I would like a list of aircraft type and mark, tail numbers and serial/fail code if possible as well as what squadron they are operating in and where they are operating from or based."

I am treating your correspondence as a request for information under the Freedom of Information Act 2000. A search for the information has now been completed within the Ministry of Defence, and I can confirm that information in scope of your request is held which I attach at Annexes A to E, showing the aircraft type, mark, tail number, tail code, unit and where appropriate home Station as at 30 January 2017. You should note that these are snap shots and that the information can alter on a daily basis. The Department's Hawk fleet is managed on a joint basis with the Royal Navy but I have restricted the list of Hawk aircraft to those serving with the RAF. I have not included those Hawk T1 aircraft in the sustainment fleet, since they could be utilised by both services. The information released excludes those aircraft on loan to industry.

Under Section 16 of the Act (Advice and Assistance) you may find it helpful to note that the list includes aircraft that are in planned maintenance, storage or undergoing modification programmes. Additionally, the Tornado fleet at RAF Marham and a proportion of the Typhoon fleet, including those employed on operations overseas, are organised in aircraft pools from which aircraft can be drawn, rather than permanently allotted to specific squadrons. You may also wish to note that the use of tail codes is being phased out for the Typhoon fleet.

If you are not satisfied with this response or you wish to complain about any aspect of the handling of your request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an independent internal review by contacting the Information Rights Compliance team, 2nd Floor, MOD Main Building, Whitehall, SW1A 2HB (e-mail CIO-FOI-IR@mod.uk). Please note that any request for an internal review must be made within 40 working days of the date on which the attempt to reach informal resolution has come to an end.

If you remain dissatisfied following an internal review, you may take your complaint to the Information Commissioner under the provisions of Section 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate your case until the MOD internal review process has been completed. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website, <http://www.ico.gov.uk>.

Yours sincerely,

Air DRes Sec 3a1
