

FULL LIST OF DATA INCLUDED IN 7 NOVEMBER 2017 PUBLICATION

Data for the indicators listed below has been added to the PHOF data tool as part of the November update - see www.phoutcomes.info. All indicators are at England and both tiers of local authorities unless otherwise stated.

Note: Data in this release is a mixture of baseline data and various updates to data as required (where baselines have already been published but more recent/updated data is available) - details are provided below.

	Short title / sub-indicator descriptions	Time period added	Baseline or updated data?	Already in public domain in exact format?
1.08	Employment for those with long-term health conditions including adults with a learning disability or who are in contact with secondary mental health services			
1.08i	Gap in the employment rate between those with a long-term health condition and the overall employment rate	2016/17	Updated data (baseline 2013/14)	No, calculated by PHE from data published by ONS
1.08iv	Percentage of people aged 16-64 in employment	2016/17	Updated data (baseline 2011/12). Inequalities data by age, gender, ethnicity and disability	Yes, published by ONS. PHE adds confidence limits
1.09	Sickness absence rate			
1.09i	Sickness absence - the percentage of employees who had at least one day off in the previous week	2014-16	Updated data (baseline 2009-11)	No, provided by ONS for the PHOF
1.09ii	Sickness absence - the percent of working days lost due to sickness absence	2014-16	Updated data (baseline 2009-11)	No, provided by ONS for the PHOF
1.15	Statutory homelessness			
1.15i	Statutory homelessness - Eligible homeless people not in priority need	2016/17	Updated data (baseline 2010/11)	No, calculated by PHE from data published by DCLG
1.15ii	Statutory homelessness - households in temporary accommodation	2016/17	Updated data (baseline 2010/11)	Yes, published by DCLG. PHE adds confidence limits
1.17	Fuel poverty			
1.17	Fuel poverty	2015	Updated data (baseline 2011). Inequalities data by rurality, tenure, household composition,	Yes, published by BIES

	Short title / sub-indicator descriptions	Time period added	Baseline or updated data?	Already in public domain in exact format?
			ethnicity, disability, and working status	
1.18	Social isolation			
1.18i	Social Isolation: percentage of adult social care users who have as much social contact as they would like	2016/17	Updated data (baseline 2010/11). England, regions and upper tier LAs only. Inequalities data by ethnicity, sex, age, religion, support setting, primary support reason, mechanism of delivery, service user full cost client	Yes, published by NHS Digital. PHE adds confidence limits
1.18ii	Social Isolation: percentage of adult carers who have as much social contact as they would like	2016/17	Updated data (baseline 2012/13). England, regions and upper tier LAs only. Inequalities data by ethnicity, sexuality, age, sex, religion, primary support reason	Yes, published by NHS Digital. PHE adds confidence limits
2.03	Smoking status at time of delivery			
2.03	Smoking status at time of delivery	2010/11-2016/17 (new method); 2016/17 (old method)	Revision of method following policy refresh (see below). Addition of full time series (baseline 2016/17), and updated data for old method for comparison.	No, calculated by PHE based on data published by NHS Digital
2.09	Smoking prevalence – 15 year olds			
2.09iv	Smoking prevalence at age 15 years - regular smokers (SDD survey)	2016	Updated data (baseline 2010). England only	Yes, published by NHS Digital
2.09v	Smoking prevalence at age 15 years - occasional smokers (SDD survey)	2016	Updated data (baseline 2010). England only	Yes, published by NHS Digital
2.11	Diet			
2.11i	Proportion of the population meeting the recommended '5-a-day' on a 'usual day' (adults)	2015/16	New data source and method. Inequalities data by ethnicity, age, sex, disability, working status and socioeconomic class	No, calculated by PHE based on data provided by Sport England
2.11ii	Average number of portions of fruit consumed daily (adults)	2015/16	New data source and method. Inequalities data by ethnicity, age, sex, disability, working	No, calculated by PHE based on data provided by Sport England

	Short title / sub-indicator descriptions	Time period added	Baseline or updated data?	Already in public domain in exact format?
			status and socioeconomic class	
2.11iii	Average number of portions of vegetables consumed daily (adults)	2015/16	New data source and method. Inequalities data by ethnicity, age, sex, disability, working status and socioeconomic class	No, calculated by PHE based on data provided by Sport England
2.12	Excess weight in adults			
2.12	Percentage of adults (aged 18+) classified as overweight or obese	2015/16	New data source and method. Inequalities data by ethnicity, age, sex, disability, working status and socioeconomic class	No, calculated by PHE based on data provided by Sport England
2.15	Drug and alcohol treatment completion and drug misuse deaths			
2.15i	Successful completion of drug treatment - opiate users	2016	Updated data (baseline 2010). England, regions and upper tier LAs only	No, calculated by PHE
2.15ii	Successful completion of drug treatment - non-opiate users	2016	Updated data (baseline 2010). England, regions and upper tier LAs only	No, calculated by PHE
2.15iii	Successful completion of alcohol treatment	2016	Updated data (baseline 2010). England, regions and upper tier LAs only	No, calculated by PHE
2.15iv	Deaths from drug misuse	2014-16	Updated data (baseline 2009-11). Inequalities data by gender. Previous data points with counts between 10 and 24 now have rates presented due to updated guidance.	Yes, published by ONS
2.16	Adults with substance misuse treatment need who successfully engage in community-based structured treatment following release from prison			
2.16	Adults with substance misuse treatment need who successfully engage in community-based structured treatment following release from prison	2016/17	Updated data (baseline 2015/16). England, regions and upper tier LAs only	No, calculated by PHE
2.20	National screening programmes			
2.20viii	Infectious Diseases in Pregnancy Screening -	2015	Updated data	No, calculated by

	Short title / sub-indicator descriptions	Time period added	Baseline or updated data?	Already in public domain in exact format?
	Syphilis Coverage		(baseline 2013). England and regions only	PHE from NHS Screening Programmes data
2.20ix	Infectious Diseases in Pregnancy Screening - Hepatitis B Coverage	2015	Updated data (baseline 2013). England and regions only	No, calculated by PHE from NHS Screening Programmes data
3.03	Population vaccination coverage			
3.03xii	Population vaccination coverage - HPV vaccination coverage for one dose (females 12-13 years old)	2013/14	Additional back series data. England, regions and upper tier LAs only	Yes, published by PHE. Confidence limits added for PHOF
3.03xiii	Population vaccination coverage - PPV	2016/17	Updated data (baseline 2010/11). England, regions and upper tier LAs only.	Yes, published by PHE. Confidence limits added for PHOF
3.05	Treatment completion for Tuberculosis (TB)			
3.05i	Treatment completion for TB	2015 (updated) and 2001-2014 (revised)	Updated data (baseline 2010), and revised back series data due to some revisions to the underlying dataset. England, regions and upper tier LAs only.	No, calculated by PHE
3.05ii	Incidence of TB	2014-16 (updated) and 2000-02 (revised)	Updated data (baseline 2009-11), and revised back series data due to some revisions to the underlying dataset	No, data published by PHE but additional data for lower tier LAs added in PHOF
4.01	Infant mortality			
4.01	Infant mortality	2014-16	Updated data (baseline 2009-11).	No, calculated by PHE
4.03	Mortality rate from causes considered preventable			
4.03	Mortality rate from causes considered preventable	2014-16	Updated data (baseline 2009-11). Inequalities data by gender. Previous data points with counts between 10 and 24 now have rates presented due to updated guidance.	No, calculated by PHE
4.04	Under 75 mortality rate from cardiovascular diseases (including heart disease and stroke)			
4.04i	Under 75 mortality rate from all cardiovascular diseases	2014-16	Updated data (baseline 2009-11). Inequalities data by	No, calculated by PHE

	Short title / sub-indicator descriptions	Time period added	Baseline or updated data?	Already in public domain in exact format?
			gender. Previous data points with counts between 10 and 24 now have rates presented due to updated guidance.	
4.04ii	Under 75 mortality rate from cardiovascular diseases considered preventable	2014-16	Updated data (baseline 2009-11). Inequalities data by gender. Previous data points with counts between 10 and 24 now have rates presented due to updated guidance.	No, calculated by PHE
4.05	Under 75 mortality rate from cancer			
4.05i	Under 75 mortality rate from cancer	2014-16	Updated data (baseline 2009-11). Inequalities data by gender. Previous data points with counts between 10 and 24 now have rates presented due to updated guidance.	No, calculated by PHE
4.05ii	Under 75 mortality rate from cancer considered preventable	2014-16	Updated data (baseline 2009-11). Inequalities data by gender. Previous data points with counts between 10 and 24 now have rates presented due to updated guidance.	No, calculated by PHE
4.06	Under 75 mortality rate from liver disease			
4.06i	Under 75 mortality rate from liver disease	2014-16	Updated data (baseline 2009-11). Inequalities data by gender. Previous data points with counts between 10 and 24 now have rates presented due to updated guidance.	No, calculated by PHE
4.06ii	Under 75 mortality rate from liver disease considered preventable	2014-16	Updated data (baseline 2009-11). Inequalities data by gender. Previous data points with counts between 10 and 24 now have	No, calculated by PHE

	Short title / sub-indicator descriptions	Time period added	Baseline or updated data?	Already in public domain in exact format?
			rates presented due to updated guidance.	
4.07	Under 75 mortality rate from respiratory diseases			
4.07i	Under 75 mortality rate from respiratory disease	2014-16	Updated data (baseline 2009-11). Inequalities data by gender. Previous data points with counts between 10 and 24 now have rates presented due to updated guidance.	No, calculated by PHE
4.07ii	Under 75 mortality rate from respiratory disease considered preventable	2014-16	Updated data (baseline 2009-11). Inequalities data by gender. Previous data points with counts between 10 and 24 now have rates presented due to updated guidance.	No, calculated by PHE
4.08	Mortality rate from a range of specified communicable diseases, including influenza			
4.08	Mortality rate from a range of specified communicable diseases, including influenza	2014-16	Updated data (baseline 2009-11). Inequalities data by gender. Previous data points with counts between 10 and 24 now have rates presented due to updated guidance.	No, calculated by PHE
4.10	Suicide rate			
4.10	Suicide rate	2014-16	Updated data (baseline 2009-11). Inequalities data by gender. Previous data points with counts between 10 and 24 now have rates presented due to updated guidance.	No, calculated by PHE
4.15	Excess winter deaths			
4.15i	Excess winter deaths index (single year, all ages)	Aug 2015 - Jul 2016	Updated data (baseline Aug 2009 – July 2010). Inequalities data by gender	No, calculated by PHE
4.15ii	Excess winter deaths index (single year, age 85+)	Aug 2015 - Jul 2016	Updated data (baseline Aug 2009 – July 2010).	No, calculated by PHE

	Short title / sub-indicator descriptions	Time period added	Baseline or updated data?	Already in public domain in exact format?
			Inequalities data by gender	
4.15iii	Excess winter deaths index (3 years, all ages)	Aug 2013 - Jul 2016	Updated data (baseline Aug 2008 – July 2011). Inequalities data by gender	No, calculated by PHE
4.15iv	Excess winter deaths index (3 years, age 85+)	Aug 2013 - Jul 2016	Updated data (baseline Aug 2008 – July 2011). Inequalities data by gender	No, calculated by PHE

The following indicators have been updated in PHOF since the previous update on August 1st, in order to keep them consistent with other PHE Official Statistics products:

	Short title / sub-indicator descriptions	Time period added	Baseline or updated data?	PHE products included in
2.13	Proportion of physically active and inactive adults			
2.13i	Percentage of physically active adults	2015/16	New data source and method. Inequalities data by ethnicity, age, sex, disability, working status and socioeconomic class	Physical activity profile
2.13ii	Percentage of physically inactive adults	2015/16	New data source and method. Inequalities data by ethnicity, age, sex, disability, working status and socioeconomic class	Physical activity profile
3.04	People presenting with HIV at a late stage of infection			
3.04	HIV late diagnosis	2014-16 (updated) and 2009-11 to 2013-15 (revised)	Updated data (baseline 2009-11), and revised back series data due to some revisions to the underlying dataset	Sexual and reproductive health profiles

Policy refresh: indicators for 2016 to 2019

The Public Health Outcomes Framework was refreshed in May 2016, following a consultation in 2015. Details of the new framework can be found in the [government response to the consultation](#).

Note: More details on the indicators and their sources can be found in the definitions tab of each indicator in the Public Health Outcomes Framework data tool (www.phoutcomes.info).
