

Public Consultation Record

The Department received the following communications from members of the public during the Consultation Period between 23 March 2011 and 10 Jun 2011 in respect of the proposed new byelaws for Ot Moor Range.

Generic Comments and MOD response re Ot Moor Range:

	Summarised Comment	MOD Response
1	Comments were received from the Fencott & Murcott Parish Council advising that some rights of way users had inadvertently proceeded into the Controlled Area of Ot Moor range while it had been active; they had been unaware of the warning flags and lights.	Site management examined their procedures and instigated improvements, in particular determining that in future firing would not take place if flooding prevented flags from being raised.
