Hindu	13	4.5%	0.3%
Other/unidentifiable	41	14.2%	1.1%
<b>Total</b>	<b>289</b>	<b>100%</b>	<b>7.4%</b>

## Methodology

The sample for this report was all compliance cases in operations. To determine a charity's classification, beneficiaries, age and income we primarily took the information from the register of charities. Charities can select more than one classification and beneficiary group so the totals will come to more than the total number of cases. To determine the religion of those charities which classified themselves as religious we used the charities' objects.
