

**FOI Release**  
***Information released under the Freedom of Information Act***

**Title:** Project management

**Date of release:** 9 March 2017

**Information request:**

1. Which Project Management frameworks does your organisation currently deploy – PRINCE2, APM, MSP, Agile etc.?
2. On an annual basis, how much does your organisation generally invest in project management training and certification, including PRINCE2, APM, MSP, Agile etc.?
3. Specifically, how much did you spend in the period Jan 2016 to Dec 2016? What is the % breakdown of the training spend on these various project management methods?
4. Which suppliers are providing you with the training/certification?
5. What % of your overall project management training spend are they receiving?
6. Do you feel that the project management training/certification you receive is leading to more effective projects that have helped your organisation to deliver more projects on time and to budget?
  - a. Are you able to quantify this success in any way?

**Information released:**

1. Prince 2, Agile (Scrum / Kanban) & MSP
2. Average approx. £30k
