Information request

I have downloaded inflow data using the DWP TabTool, but unfortunately, the data for IB/SDA only goes back as far as August 1999 (see attached).

Is there any possibility that you would be able to provide us with data farther back?

The IB ICD code summary group breakdown we require (and age) is in the attached file as well.

DWP response

In response to your question the information requested can be found in the attached document (FOI 2013-3172.xls).

Please note that the figures supplied are derived from unpublished information and have not been quality assured to National Statistics or Official Statistics publication standard. They should therefore be treated with caution.
