Subject: Gibraltar - MPs, MEPs attending National Day provisional list
Importance: High

[Redacted]

To see list of MPs and MEPs attending Gibraltar National Day in Gibraltar on Saturday 10th September (green are definitely coming, yellow are probably coming). I expect BREXIT to be a major theme in this year's speeches: probably designed to maintain or increase pressure on HMG to defend/protect Gibraltar's interests in any future EU relationship.

[Redacted] has also confirmed that the visiting MPs will also be attending a session of the Gibraltar Parliament at 3:30pm on Friday 9th September. [Redacted] On the agenda could well be the Government's motion to establish a select committee on Brexit (ideal opp for the MPs, MEPs to leave having seen Gibraltar's Parliament united on the question) plus a statement from the CM updating on his Brexit related meetings since July.

Prior to attending Parliament, the MPs will be briefed by the CM over lunch on Friday 9th. They are also likely to meet the Governor late afternoon on the 9th, plus get a briefing from CBF in the morning.

Importance: High

[Redacted]

It's Gibraltar National Day on 10 September and we've today been given a (bumper) list – attached – of UK Parliamentarians due to attend the celebration on the Rock. Those highlighted in green have confirmed, with red those who have declined (and orange obviously the waverers). As well as attending the traditional public rally, the participants will be briefed by the Chief Minister and attend a session of the Gibraltar Parliament on 9 September.

Regards,
