This document contains details of how the Pubs Code Adjudicator (PCA) has determined the levy on pub-owning businesses for the financial year 2016/17. This fulfils the requirement of section 63(8) of the Small Business, Enterprise and Employment Act 2015.

Levy amount for 2016/17

The levy amount for 2016/17 was set at £1.5million.

The total levy contributions required to be paid by the pub-owning businesses range from 7% to 40% of the total levy amount. The minimum amount is therefore £105,000 and the maximum is £594,000.

Levy methodology

The PCA charged the pub-owning businesses a percentage of the 2016-17 levy according to the number of tied pubs owned by each pub-owning business.
