

This monthly statistical release provides summary statistics on applications, payments and purchases made under the Forces Help to Buy (FHTB) scheme. In addition, bi-annual statistics are provided on the proportions of payments by region, and on the age of personnel using the scheme.

FHTB is an advance of salary scheme which was introduced in April 2014 and allows Regular Armed Forces personnel to borrow money in order to buy their first home or move to a new location.

Key Points and Trends

In June 2017:

- **633** First Stage applications were received.
- **388** Second Stage applications were received.
- **370** payments were made to Service personnel.

Number of FHTB Payments made per Month – April 2014 to June 2017

Since the Scheme began:

- **23,921** First Stage FHTB applications have been received.
- **14,221** of these applications have proceeded to the Second Stage.
- Payment has been made to around **11,500** applicants, totalling just under **£174 million**, an average of approximately **£15,100** per claim.
- At least **95%** of payments, as at 31 March 2017, have already resulted in a purchased property or extension.

Introduction

The FHTB scheme was launched in April 2014 with the aim of supporting and encouraging home ownership amongst Service Personnel, whose level of home ownership has historically been lower than the rest of the UK population. Regular Service Personnel can borrow up to 50% of their gross annual salary (to a maximum of £25,000) to buy their first home, move to another or in exceptional circumstances extend an existing property.

First Stage applications are those which pass initial eligibility checks and Second Stage applications are those which pass detailed eligibility checks.

First and second stage application data and the values of FHTB payments are provided by Defence Business Services (DBS). The Service and Rank breakdowns are provided from Joint Personnel Administration (JPA). The two sets of data are 'as at' different dates in a month. DBS data is as at the end of the preceding month, and JPA data is produced according to when the last pay run for military personnel was completed. The pay run occurs in the middle of the month, and varies according to the month length.

Data on the proportion of payments that result in purchases of properties or extensions under the scheme are provided by Defence Business Services (DBS) on a quarterly basis. Some FHTB payments do not result in the purchase of a property or the extension of an existing property due, for example, to changes in personal circumstances or to the withdrawal of a party from a property chain.

Applications

Figure 1 shows that the number of First Stage applications received in June 2017 (**633**) is around the same as in June 2016 (**628**), and slightly higher than the average number of applications received since the scheme began (**613**). After the large number of applications received in the first month of the scheme (**1270**), the number of applications has been fairly consistent over time.

Figure 1: Number of FHTB First Stage Applications received per month - April 2014 to June 2017

Source: DBS

As can be seen in Figure 2, the number of Second Stage applications received in June 2017 (**388**) was lower than the previous month (**440**). The longer time-series shows that there has previously been some seasonal variation in the number of applications each month, with lower numbers of applications typically received in August and December.

Payments and Purchases

In June 2017, **370** payments were made under the FHTB scheme. As can be seen in Figure 3, this is higher than the previous month (**322**). The number of payments made in June 2017 was the same as the number in June 2015 (**370**) but slightly higher than in June 2016 (**353**).

Figure 3: Number of FHTB Payments made per month - April 2014 to June 2017

Source: DBS

At 30 June 2017, a total of **11,525** payments have been made under the FHTB scheme since it was introduced in April 2014. With an average claim of approximately **£15,100** this has resulted in an expenditure of just under **£174 million**.

In June 2017¹, **15%** of payments were made to Officers compared to **85%** of payments made to Other Ranks. This reflects the proportions of Officers (18%) and Other Ranks (82%) that make up the Regular Full-time trained strength population².

The largest share of payments (**51%**) in June 2017¹ was made to Army personnel, with **27%** of payments made to RN/RM³ personnel and **21%** made to RAF personnel. By comparison, at 1 May 2017², Army personnel made up 56% of the Regular Full-time trained strength population, RN/RM personnel 22% and RAF 23%.

Figure 4: Payments by Rank - June 2017

Figure 5: Payments by Service - June 2017

■ Army ■ RAF ■ RN/RM

Source: JPA¹

¹ JPA data is produced according to when the last pay run for military personnel was completed. The pay run occurs in the middle of the month, which varies according to the month length. Therefore the Officer / Rank and Service breakdowns represent the number of payments recorded between the pay runs in that month and the preceding month.

² Taken from the Defence Statistics publication '[Monthly Service Personnel Statistics](#)'.

³ Royal Navy/ Royal Marines

It is estimated that at least **95%** of payments, as at 31 March 2017, have already resulted in a purchased property or extension. There is a small lag between payments and loan repayments once a property has been purchased or extended. Some FHTB payments do not result in the purchase of a property or the extension of an existing property, due, for example, to changes in personal circumstance or to withdrawal of a party from a property chain.

Glossary

- Forces Help to Buy (FHTB): FHTB is an advance of salary scheme which was introduced in April 2014 and allows Regular Armed Forces personnel to borrow money in order to buy their first home or move to a new location.
- Regular Armed Forces Personnel: Full time Service personnel excluding Full Time Reserve Service (FTRS) personnel
- First Stage applications: Applications which pass initial eligibility checks.
- Second Stage applications: Applications which pass detailed eligibility checks.
- Defence Business Services (DBS): Organisation which provides corporate services, such as recruitment and payroll, across the Ministry of Defence.
- Joint Personnel Administration (JPA): The system used by the Armed Forces to deal with matters of pay, leave and other personnel administrative tasks. JPA replaced a number of single-Service IT systems and was implemented in April 2006 for RAF, November 2006 for Naval Service and April 2007 for Army.

Rounding

Payment figures in this publication have been rounded to the nearest £1 and the average payment rounded to nearest £100. Percentages are calculated from unrounded data and rounded to the nearest whole number, therefore may not sum to 100%.

Statistics quoted in the narrative may be rounded for clarity, with more precise figures available in the [accompanying tables](#).

Further Information

Revisions

Corrections to the published statistics will be made if errors are found, or if figures change as a result of improvements to methodology or changes to definitions. When making corrections, we will follow the Ministry of Defence [Statistics Revisions and Corrections Policy](#). All corrected figures will be identified by the symbol “r”, and an explanation will be given of the reason for and size of the revision. Corrections which would have a significant impact on the utility of the statistics will be corrected as soon as possible, by reissuing the publication. Minor errors will also be corrected, but for convenience these corrections may be timed to coincide with the next release of the publication.
