Appendix 6: Final assessment coding

In total 75 tasks were coded across 45 participants. This included the submission from the trainee and their sponsor or placement school.

NPQH:

- Trainee's submission for Task 1 Leading a School improvement Priority in their home school
- Sponsor's submission to Task 1
- Trainee's submission for Task 2 Leading school improvement working in partnership with the Placement School
- Headteacher or placement school's submission to Task 2

NPQSL:

- Trainee's submission for Task 1 Closing the Gap in their home school including sponsor's verification to Task 1
- Trainee's submission for Task 2 leading an improvement priority across the school in their home school including sponsor's verification to Task 1

NPQML:

- Trainee's submission for Task 1 leading a team-based school improvement including sponsor's verification

Across the different tasks the main focus of nearly half (31 out of 75) was on improving attainment within the school either for a small group of pupils or across the whole school. This included improving attainment of those underperforming, reducing the attainment gap and improving the grades further of those already performing. Other common areas which tasks focused on include:

- Improving the quality of teaching and learning (15)
- Improving behaviour (5)
- Curriculum development (5)
- Improving attendance (2)
- Monitoring and assessing pupil progress (2)

A wide range of other tasks were also undertaken across the schools.
