RE: Re-determination for Llanbrynmair and Carnedd Wen Wind Farms

We live and work in a very rural part of Mid Wales – Montgomeryshire. Apart from agriculture, we are mainly reliant on tourism. Huge wind farms and enormous pylons will impact on tourism and this in turn impacts on one of our major forms of income in Mid Wales. Wildlife, ecology and economy all suffer for something that is so un-productive as Windfarms.

*I cannot see any reason to change the decision made by the previous Secretary of State, **the answer from the local people is a resounding NO to both wind farm applications.** Please support us.*
