Innovate UK

Results of Competition: SBRI Machine Learning

Competition Code: 1707_SBRI_OPS_ML

Total available funding is £250k

Note: These proposals have succeeded in the assessment stage of this competition. All are subject to grant offer and conditions being met.

Participant organisation names	Project title	Proposed project costs	Proposed project grant
Evolution Artificial Intelligence Ltd	Using Machine Learning to make the best use of Innovate UK's operational data.	£32,070	£32,070

Project description - provided by applicants
We will deliver a machine learning software product that improves application processing efficiency at Innovate UK.Every application to Innovate UK requires at least two people to read it: a person who allocates an assessor to an application ('the alloc
