

Freedom of Information request 2013-4403

Date received 13 September 2013

Date of response 8 October 2013

Information request

I work for the Pensions Policy Institute and am currently in the process of updating our economic models. As part of this, I require some state pension data tables based on the WPLS 5% sample. In the past I have requested this directly through DWP information directorate, but they have advised me that I now need to make an FOI request.

I've attached the tables that were produced last time I made this request, which are from March 2010. If possible, I'd like them in a similar format. The tables that we require are:

- SP0, SP8, SP9, SP11 (with breakdowns for the under and over 80s), March 2012
- BSP caseloads by single year of age and category, March 2012

Information on the PPI and our modelling capability is available on our website:

<http://www.pensionspolicyinstitute.org.uk/default.asp?p=64>

DWP response

In response to your question the information requested can be found in the attached document (FOI 2013-4403 Response.xls). Please note that the "average amounts of Additional Pension (AP)" are based on an average that includes those with zero entitlements.
