

# Permitting decisions

## Surrender

---

We have decided to accept the surrender of the permit for The Haven Poultry Farm operated by Chesterfield Poultry Limited.

The permit number is EPR/LP3233CG.

We are satisfied that the necessary measures have been taken to avoid any pollution risk and to return the site to a satisfactory state. We consider in reaching that decision we have taken into account all relevant considerations and legal requirements.

### Purpose of this document

This decision document provides a record of the decision making process. It:

- highlights [key issues](#) in the determination
- summarises the decision making process in the [decision checklist](#) to show how all relevant factors have been taken into account

Unless the decision document specifies otherwise we have accepted the applicant's proposals.

Read the permitting decisions in conjunction with the environmental permit and the surrender notice. The introductory note summarises what the notice covers.

### Key issues of the decision

We reviewed the surrender site condition report, ref EPR/LP3233CG/SCR2 and identified that more information was required. A schedule 5 notice was sent on 01/03/17 requesting information regarding:

- the use of all the polluting substances on site, and the risk they posed to the environment if they were released.
- The condition of the reed bed with regard to the risk to the environment
- The location of the discharge points and what effluent was discharged through them and
- Evidence that no polluting substances have entered the nearby borehole.

We assessed the response and requested that sample data from the borehole analysis be provided as evidence and that the operator provide a statement that the site was returned to a satisfactory state with regard to the state of the site before the activities commenced. This was submitted on 11/04/2017 and we are satisfied that the surrender criteria had been met.
