### **Information request**

I am writing to request a more detailed breakdown of the Out of Work Benefits Claimants in Census Output Areas: November 2013 data (attached). Is it possible to break these figures down into only those claimants who have children aged under 5. I only require this for Croydon as a whole (though at LSOA level would also be useful) . Please let me know if this is possible and if so how long it would take to provide.

### **DWP response**

In response to your query, out of work benefit claimants who have dependent children under 5 years old in Croydon broken down by Lower Super Output Area (LSOA), can be found in the attached spreadsheet (FOI 2014-3767 Response.xls).
