30 July 2017

Dear [REDACTED]

PROVISION OF REQUESTED INFORMATION

Thank you for your request for information about live animal exports which we received on 6 June 2017. Your request has been handled under the Freedom of Information Act 2000.

The information you requested and our response is detailed below:

“I am now requesting under the FOIA full details of the statutory notices issued last year for non-compliance with rules on live animal exports.”

Clarification was sought from yourself, which resulted in a response:

“I would like all statutory notices issued regarding live animal exports in 2015 AND 2016. Most importantly 2016.”

There were 5 statutory notices issued in 2015 regarding live animal exports. Please see Appendices 1 to 5.

There were 13 statutory notices issued in 2016 regarding live animal exports. Please see Appendices 6 to 17

One statutory notice from the 13 in 2016 is already published here:

https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/553502/ATIC0914.pdf

As this piece of information is reasonably accessible to you by other means, it is exempt from disclosure under section 21 FOIA.

Information in Appendices 1 to 17 have been redacted under Section 38, Section 40(2) read in conjunction with 40(3)(a)(i) of the Freedom of Information Act (2000).

Section 38

Section 38 refers to the exemption from the duty to provide information if it would, or would be likely to affect anyone's health or safety.

The exemption in Section 38 is subject to a Public Interest Test to ensure it is being appropriately applied.

Public Interest Test

We recognise that there is a general presumption in favour of transparency and openness concerning our work, and providing the general public with the right to request access to information held by public authorities.

We also recognise that there is a public interest in disclosure of this specific information in order to increase this transparency and aid well-informed debates concerning the welfare and transportation of animals, and the individuals associated with them.

However, we feel that there is a stronger public interest in withholding the information as the full addresses, including the county of origin, the destination and/or rest stops, transporter details and individual names would identify further information and would, or would be likely to, endanger the health and safety of staff. This poses a substantial risk to the health and safety of individuals associated with the transportation of animals that would be of significant severity and is likely to occur in some cases. We consider this to be a significant factor in favour of maintaining the exemption.

APHA has balanced the real threat to the health and safety of individuals which disclosure of the requested information would be likely to cause, against the public interest arguments in favour of disclosure. In this instance the APHA does not consider that disclosing the information requested in order to inform public debate and to promote accountability and transparency would justify the risk to individuals' health and safety.

Section 40

Some of the information contained within the requested documents has been withheld under section 40(2) read in conjunction with 40(3)(a)(i) (third party personal data) of the FOIA as the information constitutes personal data relating to a third party. Section 40(2) read in conjunction with 40(3)(a)(i) of the FOIA provides that personal data relating to third parties is exempt information if disclosure would breach the Data Protection Act 1998 (DPA).

APHA consider that disclosure of this information is likely to breach the first data protection principle in Schedule 1 of the DPA, which relates to the fair and lawful processing of personal data, in two ways. First, disclosure would not constitute 'fair' processing of the personal data, second, disclosure would not satisfy any of the conditions for data processing set out in Schedule 2 to the DPA. Therefore, we have concluded that this information is exempt from disclosure under section 40(2) of the FOIA.

Information disclosed in response to this FOI request is releasable to the public. In keeping with the spirit and effect of the FOIA and the government's Transparency Agenda, this letter and the information disclosed to you may be placed on GOV.UK, together with any related information that will provide a key to its wider context. No information identifying you will be placed on the GOV.UK website.

I attach an Annex which explains the copyright that applies to the information being released to you and contact details should you be unhappy with the service you have received.

If you have any queries about this letter, please contact the Access to Information Team at the email address below or postal address at the top of this letter.

Yours sincerely

Council Regulation EC No 1/2005 and the relevant Welfare of Animals
(Transport) Order/Regulations in force at place of issue*

Statutory Notice (Animal Welfare)

To: [Redacted]
Address: [Redacted]
Postcode [Redacted]

I, [Redacted] An inspector appointed for the purpose of the Animal Health Act 1981, consider that you are transporting the following animal (s):

469 sheep identified on ITAHC INTRA.GB.2015.0004989 AND Journey Log JL9109

In a way which is likely to cause injury or unnecessary suffering or which is in contravention of a provision of Council Regulation (EC) 1/2005, namely:

Vehicle Registration [Redacted] cannot be configured as a four tier vehicle to transport sheep into Belgium given their national restriction on operating at a height over 4 metres.

Pursuant to the relevant article/regulation of the appropriate Order/Regulations* you are required to take the following action to ensure that you comply with the Regulation:

(tick which box applies)

- Do not transport the animals at all
- Do not transport the animals for the following period/until* [Redacted]
- Transport the animals under the following conditions

Vehicle [Redacted] must be taken directly to [Redacted] on arrival at Calais, by the most direct route possible in a four tier configuration. At the Control Post the trailer must be reconfigured to no more than three tiers. This must be achieved without compromising the welfare of the sheep being transported and within the statutory space allowances set out in Council Regulation (EC) 1/2005.. If this is not complied with regulatory action will be taken against you under the terms of Article 26.6 of the Council Regulation. You will be asked to provide the satellite tracking printout for this journey.

Return the animals to: [Redacted] by the most direct route

Hold the animals at:
with appropriate care until:

Slaughter the animals humanely

FAIR PROCESSING NOTICE

Defra, the Scottish Government, the Welsh Government and the Food Standards Agency are Data Controllers in Common in respect of personal data processed by the Animal and Plant Health Agency (APHA). For the purposes and usage of the data by APHA and the data sharing arrangements, please see the full Personal Information Charter on the APHA.gov.uk website. A hard copy of this can be provided if required; please contact your local APHA Field Service office. APHA will not permit any unwarranted breach of confidentiality or act in contravention of their obligations under the Data Protection Act 1998. APHA is an Executive Agency of the Department for Environment, Food and Rural Affairs and also works on behalf of the Scottish Government, Welsh Government and Food Standards Agency.

Notes

This Notice is served, as appropriate, under: article 24 of The Welfare of Animals (Transport)(England) Order 2006 regulation 22 of The Welfare of Animals (Transport)(Scotland) Regulations 2006 article 24 of The Welfare of Animals (Transport)(Wales) Order 2007

Notices are generally recordable (see Data Protection Act - Fair processing Notice below) but non-recordable in the following two circumstances:

- (a) When served by an Inspector prior to any animals being loaded onto a means of transport, or
- (b) When served by an Inspector to authorise a transporter to take an unfit animal which is not the transporter's responsibility for treatment or for slaughter (e.g. transporting a sick or injured animal from a market).

Warning

1. It is an offence not to comply with this Notice for which you may be prosecuted. In addition your Authorisation to transport animals may be revoked, suspended or have conditions placed on it, and/or your certificate of Competence may be revoked or suspended.
2. If you fail to comply with this Notice an Inspector may take any necessary steps to ensure the requirement is met. Any reasonable charges will be recovered from you, summarily if necessary.
