

# MORAY EAST

## OFFSHORE WIND FARM

Moray Offshore Windfarm (East) Limited

Supply Chain Plan

Annex 17 – Electrical Innovation

## Innovation in Electrical Infrastructure

The following extract from an internal cost-benefit analysis, provides evidence of the expected cost savings associated with placing switchgear in transition pieces, as referred to in section 5.6.3.

The following email correspondence confirms discussions and approval of the proposal to use an innovative multi-tapped transformer, as referred to in section 5.6.13.
