Moray Offshore Windfarm (East) Limited

Supply Chain Plan

Annex 4 - Moray East Supplier Numbers

Supplier Numbers involved in the Moray East EPCI Procurement Process

Evidence for the number of suppliers involved within the Moray East EPCI contract process, SCP main report sections 4.2.3, 4.3.2 and 4.3.3.

The following table provides a list of the number of suppliers which partook at some stage of the EPCI procurement process for each work package. Due to Non-Disclosure Agreements it is not possible to reveal the names of the participating suppliers. However, if required, Moray East could endeavour to obtain permission to release certain names.

Work Package	Number of suppliers which participated	Number of new entrants at the time of first contact
Wind Turbine Generators	16	10
Substructures	39	13
Offshore Substation Platforms	35	0
Onshore Works	36	0
Inter-Array Cables	15	0
Export Cables	24	0
