[UK Armed Forces Monthly Personnel Statistics](#) This publication provides information on the number of Military Personnel in (defined as the strength), joining (intake) and leaving (outflow) the UK Armed Forces. Detail is provided for both the Full-time Armed Forces and Reserves

[Royal Navy Quarterly Pocket Brief](#) This quarterly publication contains information on strengths, requirements, intakes and outflows from the Royal Navy service

This publication is a monthly report providing information on the number of Royal Navy and Royal Marine personnel joining and leaving the Regular service. It also shows the strengths of the Regular and Full Time Reserves Service (FTRS) Royal Navy and Royal Marines by rank and Length of Service. This publication is complemented by the [Royal Navy Quarterly Pocket Brief](#) which also shows breakdown of ethnicity in the RN/RM, Army and RAF.

Information about some of the tables used in this report The Royal Marine Aircrew-men are included with Warfare (Air); Royal Marine Medical Assistants are included with Medical. Where an RM/RN total split is given they are included with the RM. Warfare Officers include Royal Marine pilots. From August 2015 Communication and Information Specialists are now counted towards Engineer Technician (Weapon Engineer) having moved from Warfare branch. This has implications for tables 1a, 9b, 10b and 12b. FTRS are only included in table 1, unless otherwise stated.

Voluntary Outflow (VO) Voluntary Outflow exit rates are calculated using the 12 month total VO divided by the average strength, which is calculated using a 12 month centered rolling average. This centres the data and gets a midpoint month. 13 months of strengths are used, starting mid-way through one month and ending mid-way through the same month a year later. This way the moving average VO rate falls on a specific month rather than being in between months.

Key points for May 2017

Strengths

- The trained regular strength of the RN/RM including FTRS Regulars was 29,430 giving a deficit of 2.6% against the liability as shown in Table 1a.
- The trained regular strength excluding FTRS regulars was 29,100, a decrease of 160 from the previous month, also shown in Table 1a.

Outflows

- The total outflow from the trained regular strength excluding FTRS, was 2,450 in the 12 months to 1 May 2017, made up of 2,070 Ratings and 380 Officers as shown in Tables 9a and 9b.

OR1*	Ordinary Rate / Junior	Marine (2 nd Class) / Junior	N/A	N/A

* Now obsolete

Glossary of Terms and Specialisations used within this publication

Term	Definition
Officer	An officer is a member of the Armed Forces holding the Queen's Commission to lead and command elements of the forces. Officers form the middle and senior management of the Armed Forces. This includes ranks from Sub-Lt/2nd Lt/Pilot Officer up to Admiral of the Fleet/Field Marshal/Marshal of the Royal Air Force, but excludes Non-Commissioned Officers
Other Ranks / Ratings	Other Ranks are members of the Royal Marines who are not Officers (but Other Ranks do include Non-Commissioned Officers). The equivalent group in the Royal Navy is known as "Ratings".
Ministry of Defence	The Ministry of Defence (MOD) is the United Kingdom government department responsible for the development and implementation of government defence policy and is the headquarters of the UK Armed Forces. The principal objective of the MOD is to defend the United Kingdom and its interests. The MOD also manages day to day running of the armed forces, contingency planning and defence procurement.
RNR	Royal Naval Reserve is the Volunteer Reserve element of the Royal Navy. Together with the Royal Marine Reserve they make up the Maritime Reserve .
RMR	Royal Marine Reserve is the Volunteer Reserve element of the Royal Marines. Together with the Royal Naval Reserve they make up the Maritime Reserve .
Maritime Reserve	Is the Volunteer Reserve element of the Naval Service that count towards the Future Reserve 2020 (FR20) programme. They comprise the Royal Naval Reserve and the Royal Marine Reserve and include mobilised and High Readiness Maritime Reserve personnel, plus Maritime Reserve personnel serving on FTRS and ADC contracts. The FR20 Trained Strength target for the Maritime Reserve is 3,100.
FTRS	FTRS (Full-Time Reserve Service) are personnel who fill Service posts for a set period on a full-time basis (this is different from mobilisation) while being a member of one of the Reserve Forces, either as an ex-regular or as a volunteer. Each Service uses FTRS personnel differently. The Naval Service predominantly uses FTRS to backfill gapped regular posts. However, they do have a small number of FTRS personnel that are not deployable for operations overseas.
FTRS Regular	FTRS Personnel counted against the Regular Liability
FTRS Non Regular	FTRS Personnel not counted against the Regular Liability
Transfer Trainees	Trained Personnel undergoing further training in an alternative discipline
GS	General Service - Surface Fleet
SM	Submarine Service

FAA	Fleet Air Arm – The Royal Navy’s Aviation branch.
VO	Voluntary Outflow - all voluntarily generated exits from trained personnel
TX	Time Expiry - personnel who leave service at the end of their engagement
OW	Other Wastage - outflow from trained strength due to a number of reasons, including (but not limited to) disciplinary, death, medical
JPA	Joint Personnel Administration: the system used by the Armed Forces to deal with matters of pay, leave and other personnel administrative tasks. JPA replaced the Naval Service IT system in November 2006
QARNNS	Queen Alexandra’s Royal Naval Nursing Service - the Nursing branch of the Royal Navy which work alongside the Royal Navy Medical branch
Strength	The number of personnel (for each Service, strength is partially determined by its requirement)
Trained Strength	Comprises military personnel who have completed Phase 1 and Phase 2 training: Phase 1 training includes all new entry training to provide basic military skills Phase 2 training includes initial individual specialisation, sub-specialisation and technical training following Phase 1 training prior to joining the trained strength
Untrained Strength	Comprises military personnel who have yet to complete Phase 2 training

Outflow Tables 9a, 9b, 10a, 10b

The outflow tables presented in this report give a true reflection of the number of service personnel who have left the Royal Navy or the Royal Marines. Where a breakdown of outflow by branch is given, Royal Marine Aircrew-men are included with Warfare (Air) and Royal Marine Medical Assistants are included with Medical. Warfare Officers include Royal Marine pilots. The figures at the top of each of the tables show how many personnel have left the Royal Navy or the Royal Marines in total and therefore in these data they are included with the Royal Marines.

The very top line of each table shows the sum of the exits from the Royal Navy and the Royal Marines. As a result, this total figure includes the number of people who have transferred between the Royal Navy and Royal Marines. The UK Armed Forces Monthly Personnel Statistics, produced by Defence Statistics (Tri Service) reports on the total number of outflows from each of the three services (Royal Navy and Royal Marines are reported together as a single service) in tables 5c and 5d. Since the Tri Service report does not include transfers between the Royal Navy and the other services, the figures reported will differ between the two publications, with the UK Armed Forces Monthly Personnel Statistics indicating a lower number of outflows.

Background Information

Revisions

Corrections to the published statistics will be made if errors are found, or if figures change as a result of improvements to methodology or changes to definitions. When making corrections, we will follow the Ministry of Defence [Statistics Revisions and Corrections Policy](#). All corrected figures will be identified by the symbol “r”, and an explanation will be given of the reason for and size of the revision. Corrections which would have a significant impact on the utility of the statistics will be corrected as soon as possible, by reissuing the publication. Minor errors will also be corrected, but for convenience these corrections may be timed to coincide with the next release of the publication.

Marked figures in table 1a have been revised to represent Defence Planning Liability 2016, which was in use from April 2016 and is therefore the appropriate liability against which to measure 1 April 2016 strength. This is consistent with the [UK Armed Forces Monthly Service Personnel Statistics](#).

Data Sources

Royal Navy/ Royal Marines statistics prior to March 2006 are compiled from pay records held by the Service Personnel and Veterans Agency (SPVA, formerly the Armed Forces Personnel Administration Agency). In March 2006 the transfer of all Regular Service personnel records to the Joint Personnel Administration (JPA) system began. Statistics are compiled from JPA for the Royal Navy/ Royal Marines from November 2006.

Rounding Policy

All totals are rounded as a means of disclosure control and to improve the clarity of outputs, therefore totals may not equal the sum of their parts. All numbers are rounded to the nearest 10 with numbers ending in 5 rounded to the nearest multiple of 20 to avoid bias. Numbers that would be rounded to 0 are represented by ‘~’.

Liability

Liability is also known as requirement. The liability used in this publication is taken from the Planning Liability PL 1-17, scaled to Defence Planning Liability 2016.

Feedback

At Defence Statistics we welcome feedback on our statistical products, if you have any comments or questions about this publication or about the statistics produced by Defence Statistics in general, please contact us as follows:

May-17 Edition.

From Jan 10 and elsewhere in this document, liability split by Officer/Rating, Branch & Spec is taken from the relevant Planning Liability (currently PL 1-17) scaled to DP16. Monthly liability figures are calculated using a straight line interpolation between the relevant April points (currently April 2016 and April 2017).

* In this table only, the FTRS Strength has been split into those that are counted against the Regular liability (FTRS "Regulars"), and those that are not (FTRS "Non-Regulars").

The total deficit for January 2017 has been revised as the data was previously rounded incorrectly

1b

Summary of Royal Navy and Royal Marines Strength by Service and Arm

Total	29,430

May-17 Edition.

* The Trained Strength shown in this table does not include the Transfer Trainee Strength, hence the slightly lower figures.

** Smoothed Planning Liability 1-17 has been used and scaled to the interpolated monthly DP16 total figure.

*** Figures exclude FTRS personnel in regular posts.

² Royal Marines are the only part of the RN/RM Service to currently contain OR3 strength.

As no separate liability for OR3 is produced for the RN/RM, the liability for OR2 also includes OR3.

³ The latest liability (PL1-17) no longer includes RN OR8. This rank will still be reflected in RN strength.
