

SECTION 28 DIRECTION FORM REVIEW FORM

MOD HOLDING:	Feldom Ranges, Catterick				
TLB:	Defence Infrastructure Organisation				
CROW AREA:	4				
DATE OF ORIGINAL DIRECTION:	05/12/2007				
CATEGORY	COMMON		OPEN COUNTRY	<input checked="" type="checkbox"/>	DEDICATED
S28 TERM	SHORT TERM DATES:				
	LONG TERM DATES:				
	INDEFINITE: <input checked="" type="checkbox"/>				
DESCRIPTION OF SITE: This is an area of open hillside above the northern limit of the Feldom Range Danger Area. It contains a thin strip of coniferous plantation which crosses the area mapped as open country. The mapped area represents 2% of the training area.					
HECTARAGE OF DIRECTION: 51.20					
DESCRIPTION OF MILITARY USE: The Infantry Training Centre, Catterick uses this parcel of land extensively for dry training in particular for the training of recruits and young soldiers. This includes the firing of blank ammunition and use of smoke and pyrotechnics. The area is also in use for bivouacking and overnight exercises by both male and female recruits and young soldiers.					
CURRENT PUBLIC ACCESS: There is currently no public access onto this small parcel of land. The adjacent areas are well served by PROW which provide adequate separation between the general public and troops training.					
ORIGINAL S28 JUSTIFICATION: The highly intensive use of this area by recruits and young soldiers under training make it impractical to permit open access. To do so would cause unacceptable disruption to their concentrated programme of activity.					
REVIEW COMMENTS: The Military Use section is still relevant. The original s28 justification remains valid and there is a continued need for a s28 CROW direction.
