Office of Department of Criminal Evidence  
Al Zubair

Issue: 258

Date: 31/5/2009

**To: Department of Criminal Evidence Investigation in Basra**

**Subject: Incident detail**

At 9:30 Of the day 28/5/2009 we were informed by Al Arab Police Station and in compliance with the decision of Al Zubair investigative judge about examining a car Dayo Make at Al Arab Police Station. Crime scene experts set off to the aforementioned garage and it became clear that the car make was Dayo, 1996 saloon model plate number 48741 Basra, tentative check up (showed) it belonged to the victim Abdulhussain Talab Hassan, formerly police captain of the first police sector who was shot by the British Froces and as a result of which he died at at Al Zubair/Shuaiba crossroads near Al Imaam Ali Step on 18/12/2004 inside the aforementioned car. The car was inspected and the following was seen: five bullet entries in the front of the vehicle and exits from the opposite side, two of which pierced through; six entries in the windscreen on the left-hand side (the driver's side). The back window glass was totally crushed. The glass of the two left hand side windows was broken. The lock of the back trunk was destroyed. The shield was dented. The scene of the incident was inspected and the following was noticed: the scene of the incident was Al Shuaiba crossroads which is about 3 km from Al Arab Police Station. There is no further evidence that may be beneficial in the investigation, the incident being occurring more than four years ago. The inspection as well as the vehicle sketch and the location of the incident with photographs taken and a report thereof have been completed.

Regards.
