### Environmental Information Request

Thank you for your request for information dated 24 January asking how many outfalls from the highways (M25) discharge to Turkey Brook waterway in Enfield north London.

Your request is being dealt with under the terms of the Environmental Information Regulations 2004. This is because the information requested concerns measures and activities affecting or likely to affect elements of the environment or affect factors such as noise, pollution discharges and other releases into the environment.

There are 6 outfalls into Turkey Brook from our highway drainage.

The two maps below shows all the outfalls, including culverts. I apologise that there is some duplication as it is extremely difficult to remove with the map package system provided by our Managing Agents.

### Location Plan

If you are unhappy with the way we have handled your request you may ask for an internal review. Our internal review process is available at: <https://www.gov.uk/government/organisations/highways-england/about/complaints-procedure>

If you require a print copy, please phone the Information Line on 0300 123 5000; or e-mail [info@highwaysengland.co.uk](mailto:info@highwaysengland.co.uk). You should contact me if you wish to complain.
