Dear [REDACTED]

### **Roadworks and major incidents/accidents for September 2015 in the South East**

Thank you for your email of 11 January 2018 requesting historical data for the number of roadworks and accidents/incidents which took place in September 2015 on the Strategic Road Network relating to the district councils highlighted on your list.

I have attached the requested information in three separate excel spreadsheets for the district councils listed.

- The number of incidents and average incidents during September 2015.
- The number of roadworks on the M25 and the sections of road which fall under their responsibility during September 2015.
- The number of roadworks for the other district councils listed during September 2015.

Please note that this does not include the first 8 district councils on your list as they are situated within Greater London and fall under the jurisdiction of TFL (Transport for London). If you would like to contact TFL they can be contacted at:

<https://tfl.gov.uk/corporate/transparency/freedom-of-information>

If you are unhappy with the way we have handled your request you may ask for an internal review within 2 months of the date of this response for Freedom of Information requests and within 40 days for Environmental Information Regulations requests.

Our internal review process is available at:
