

Preliminary flood risk assessment: Sheffield City Council

This addendum by Sheffield City Council (2017) updates the council's preliminary flood risk assessment report published in 2011. Read the addendum in conjunction with the [preliminary assessment report](#).

Addendum

The preliminary flood risk assessment (PFRA) and flood risk areas (FRAs) for Sheffield City Council were reviewed during 2017, using all relevant current flood risk data and information.

Changes to the assessment of risk since the preliminary assessment report was published in 2011 are described in the statements in this addendum.

Past flood risk

The understanding of past flood risk has not changed.

Future flood risk

Future flood risk is revised due to the developed of flood risk maps for key ordinary watercourses.

Flood risk areas (FRAs)

The following FRs has been identified for the purposes of the Flood Risk Regulations (2009) second planning cycle.

- Sheffield

Other changes
