

Preliminary flood risk assessment: St Helens Council

This addendum by St Helens Council (2017) updates the council's preliminary flood risk assessment report published in 2011. Read the addendum in conjunction with the [preliminary assessment report](#).

Addendum

The preliminary flood risk assessment (PFRA) and flood risk areas (FRAs) for St Helens Council were reviewed during 2017, using all relevant current flood risk data and information.

The overall understanding of flood risk has not changed since publication of the PFRA in 2011.

Past flood risk

The understanding of flood risk has not changed since publication of the PFRA in 2011.

Future flood risk

The understanding of flood risk has not changed since publication of the PFRA in 2011.

A Level 2 Strategic Flood Risk Assessment was completed June 2013. St Helens Council intends to commission an update of the SFRA level 2, to inform local plan core strategy land allocations.

Flood risk areas (FRAs)

No FRAs have been identified in the St Helens Council lead local flood authority (LLFA) area for the purposes of the Flood Risk Regulations (2009) second planning cycle:

Other changes

None applicable
