

Preliminary flood risk assessment: Worcestershire County Council

This addendum by Worcestershire County Council (2017) updates the council's preliminary flood risk assessment report published in 2011. Read the addendum in conjunction with the [preliminary assessment report](#).

Addendum

The preliminary flood risk assessment (PFRA) and flood risk areas (FRAs) for Worcestershire County Council were reviewed during 2017, using all relevant current flood risk data and information.

Changes to the assessment of risk since the preliminary assessment report was published in 2011 are described in the statements in this addendum

Past flood risk

No change

Future flood risk

The Environment Agency released updated climate change guidance in February 2016. This new information is used in the assessment of flood risk.

Local development plans and Strategic Flood Risk Assessments have been produced/updated.

Flood risk areas (FRAs)

The following FRAs have been identified for the purposes of the Flood Risk Regulations (2009) 2nd planning cycle.

- Redditch

Other changes

Worcestershire County Council now has an adopted Local Flood Risk Management Strategy
