MEL STRIDE

Section 1.

Introduction

1. Supply Estimates are the means by which the Government seeks authority from Parliament for its own spending each year. The Main Estimates start this process and are presented to Parliament by the Treasury at around the start of the financial year to which they relate.
2. The format of Supply Estimates is described in detail in **Section 2**; **Section 3** describes the way in which Parliament considers the Supply Estimates; **Section 4** summarises the rules on the treatment of income in Estimates; and **Section 5** consists of individual departmental Estimates themselves.

The main spending aggregates

3. The present basis for planning and controlling public expenditure was announced in the Economic and Fiscal Strategy Report 1998, Stability and Investment in the Long Term (Cm 3978) and the Comprehensive Spending Review, Modern Public Services for Britain: Investing in Reform (Cm 4011) and took effect from 1999-2000.
4. Total Managed Expenditure (TME) includes resource and capital Departmental Expenditure Limits (DEL) for which plans were set in the Spending Review 2015 and Annually Managed Expenditure (AME). AME is subject to annual review as part of the Budget process.
5. The main elements of DEL and AME that are not funded through the Supply Estimates are central government expenditure funded directly from other sources, e.g. the National Insurance Fund.

2018-19 Main Supply Estimates

6. The total resource and capital expenditure, for which authority is sought in the 2018-19 Main Estimates is £ 601.8 billion. This spending is broadly consistent with the Government's plans for public expenditure as a whole. Further information is contained in individual departmental Annual Reports and Accounts to be published in the summer.
7. **Table 1** below shows the total voted Supply provision sought for 2018-19 for Estimates, compared to the provision for 2017-18 and the outturn for 2016-17.
8. **Table 2** in Section 5 shows: the voted net resource and capital requirement within each of the budgetary boundaries; and the net cash requirements sought for each Estimate in 2018-19; the total provision for 2017-18; and the outturn for 2016-17.

Table 1 Summary of Supply provision sought, current year and comparison with previous years

	£ million

Total Net cash requirement	503,467	488,006	456,204

† Figures for 2016-17 outturn and 2017-18 provision are adjusted for transfer, classification and machinery of government changes to reflect the 2018-19 Estimate structure.

†† Figures for the independent entities are provisional. See their published Estimates to see the final provision.

††† Figures include grants paid to Academies which are voted by Parliament. See paragraph 2 of DFE's Estimate for further details.

9. The 2018-19 Main Estimates are presented in six volumes. This volume covers central government departments. Separate booklets are being presented to Parliament by the House of Commons: Administration, the National Audit Office, the Electoral Commission, the Local Government Boundary Commission for England, and the Independent Parliamentary Standards Authority.

In-year controls

10. Parliament votes limits on:
- the net resource DEL requirement
 - the net capital DEL requirement
 - the net resource AME requirement
 - the net capital AME requirement
 - the net non-budget requirement
 - the net cash requirement for the Estimate as a whole
11. A breach of any of these voted limits (not all DEL or AME spending is voted) would result in an Excess Vote. Section 3 on Parliamentary procedure provides more details on Excess Votes.

Departmental Expenditure Limits (DEL)

12. Departments are expected to manage their resource and capital budgets within DEL. Failure to live within announced plans would be treated as a breach (as well as an Excess Vote) requiring investigation into its cause, an examination of the financial

procedures of the department concerned and, where appropriate, a reduction in the corresponding DEL in future year(s).

13. Where there is an agreed change to a department's DEL, it must be announced to Parliament before the end of the financial year. This is usually done through the presentation of a Supplementary Estimate, which clearly identifies both voted and non-voted DEL totals. Where the department has a change to DEL, or the administration budget limit (see below), but doesn't require a Supplementary Estimate (perhaps because all the movements are non-voted) Parliament should be notified through a Written Ministerial Statement before the end of the financial year.
14. **Table 3** in Section 5 shows the control limits for all expenditure (voted and non-voted) within resource DEL for 2018-19 for the Main Estimates.

Administration budgets

15. Administration budgets are set for most civil service departments and their executive agencies and arm's length bodies (ALBs), unless specific exemptions have been agreed. Administration budgets are a subset of resource DEL. These budgets help drive economy and efficiency in the running of government itself. They cover the costs of all central government administration other than the costs of direct frontline service provision. Departments may, with Treasury approval, offset negative DEL income relating to their administrative activities against their administration budgets.
16. Administration budgets for 2018-19 for the Main Estimates are set out in **Table 4** in Section 5. All changes require the specific approval of the Treasury. Exceeding the administration budget would constitute a breach regardless of the position on overall resource DEL and would be subject to investigation, report and possible penalty similar to that described above for breaches of overall resource DEL. In addition, and although not a separate voted limit, any breach of the administration budget would also result in an Excess Vote.
17. **Table 5** in Section 5 shows the control limits for all expenditure (voted and non-voted) within capital DEL for 2018-19 for the Main Estimates.

'Clear Line of Sight' (Alignment) Reforms

18. The Clear Line of Sight (Alignment) reforms outlined in Cm 7567 of March 2009 simplified government's financial reporting to Parliament by aligning, as far as possible, the recording of government spending in Supply Estimates with departmental budgets and accounts. The reforms were approved by the House of Commons following a debate and vote in the House in July 2010, and commenced from April 2011. The main reforms were that:
 - parliamentary controls over government spending should be aligned with the Treasury's budgeting controls, and all expenditure should be voted net of income
 - Estimates and accounting boundaries were extended to accommodate the spending of ALBs classified to the central government sector
 - all non-voted departmental expenditure and income should be brought into the coverage of the Estimates
19. Where complete alignment of Parliamentary controls, Departmental budgets and resource accounts is not practical, it is necessary for expenditure items to be reported differently in different documents. From 2016-17, the Department for Education's (DFE) Estimate and accounts will not wholly align to the budgets set by the Treasury. DFE's Estimates and Accounts now include the grant paid to

Academies by DFE within the Estimate's Resource DEL and Capital DEL controls. The actual spending of Academies will instead be reported separately to Parliament on an Academic year basis. DFE's budgeting controls as set by the Treasury, will continue to include the spending of Academies on a financial year basis whilst these entities remain classified to the Central Government Sector. DFE's Resource DEL and Capital DEL budgets as set by the Treasury (which include the spending of Academies) can be viewed in Tables 3 and 5 of this publication, whilst DFE's Resource AME budget can be viewed in Part III Note A of DFE's Estimate. The figures in DFE's Estimate are consistent with those presented in the Vote on Account 2018-19 publication (HC 809).

Revised accounting standards

20. Two new International Financial Reporting Standards, IFRS 9 *Financial Instruments* and IFRS 15 *Revenue from Contracts with Customers* have been introduced in the public sector with effect from 1 April 2018. Guidance on their applicability to central government can be found in the Financial Reporting Manual (FRM) and Application Guidance on the GOV.UK website. Departments will reflect these changes in their annual reports and accounts 2018-19, but not all budgetary and financial reporting impacts will be reflected in the Supply Estimates until the Supplementary Estimates 2018-19 are published in 2019, as departments are still assessing the impacts of this introduction. Both these standards will be applied retrospectively, with the annual report and accounts showing the cumulative effect of applying these Standards to previous years.
21. IFRS 15 *Revenue from Contracts with Customers* introduces a new five-stage model for assessing revenue as well as a comprehensive set of disclosure requirements that will result in departments providing significantly more information about the nature, amount, timing and uncertainty of revenue and cash flows arising from their contracts with customers. IFRS 15 was introduced to remove inconsistencies and weaknesses in previous revenue accounting, improve comparability of revenue recognition practices and provide more useful information in financial statements through enhanced disclosure requirements. Within the Estimates, the introduction of IFRS 15 may impact the timing of revenue recognition in DEL and AME.

Section 2.

Format of Supply Estimates

1. This section explains the format of Main Estimates. The format of Supplementary Estimates will be described in their introductory pages when they are published in the financial year.
2. A total of 52 Central Government Main Estimates are presented for 2018-19. There is a single Estimate for each department. Separate Estimates are produced for those public service pension schemes having their own resource accounts. In addition, there are five independent Estimates presented separately by the respective bodies: House of Commons Administration, the National Audit Office, the Electoral Commission, the Independent Parliamentary Standards Authority and the Local Government Boundary Commission for England.

Structure

3. Each departmental Estimate is produced in a standard format and consists of an introduction, Part I, Part II and Part III. Departmental Estimates include not only the spending plans of the relevant government department but also those of any other central government bodies (mainly, but not exclusively, arm's length bodies) for which the department has policy responsibility. The consolidation boundary is defined so as to include all bodies classified to central government by the Office for National Statistics (ONS) that fall within the budgeting boundary.

Introduction

4. The **Introduction** should contain basic information intended to put the Estimate into context and an indication of any important features or related Estimates, such as those for public service pension schemes.

Part I

5. **Part I** provides the key information that the House of Commons is being asked to vote:
 - (i) provision is sought for each relevant budgetary limit (Departmental Expenditure Limits and Annually Managed Expenditure, split by resource and capital). Both of the budgetary limits and any non-budget expenditure are, where necessary, split between that element which requires voted authority through the Supply process, and that which has separate legislative authority (such as Consolidated Fund Standing Services), and so is 'non-voted'. The Net Cash Requirement is also voted
 - (ii) a formal description of the services to be financed from each relevant budget boundary (including any non-budget spending, where applicable), called an ambit. Each ambit covers both resource and capital spending for that budget. The ambit also includes income relating to each of the budgetary boundaries and specifies the areas of income that may be retained by the department
 - (iii) the entity that will account for the Estimate
 - (iv) any amounts that have already been allocated to the department in the Vote on Account

6. The voted net resource and net capital (split in both cases into DEL and AME), net cash requirement and the ambit will be reproduced in the Supply and Appropriation (Main Estimates) Act. The Act provides the statutory authority for the expenditure and use of income. No expenditure may be financed from the Estimate which is in excess of the net totals shown, or which is not covered by the ambit. Ambits must be kept under review to ensure that they properly describe the purposes for which expenditure is intended to be incurred and income retained.
7. The ambit in Part I of the Estimate must be clearly descriptive of the functions to be carried out by the department, as should the descriptions attaching to individual sections in the Part II: Subhead detail.

Part II

8. The **Part II subhead detail** table provides a breakdown of spending within the separate limits. Spending is grouped by budgetary limit (DEL, AME and any non-budget) and, within each budgetary limit by 'voted' or 'non-voted' expenditure.
9. Each budget boundary may contain one or more functional lines (sections), as necessary. Spending by arm's length bodies is shown, as necessary, as a separate section in Part II of the Estimate. The individual items within the budget boundaries are the "subheads" against which the Treasury will require the expenditure to be accounted. Departments may redistribute (vire) sums between sections as long as they are within the same budgetary limit, although departments may not vire if the amount is significant in relation to the Estimate as a whole, or if the expenditure is novel or contentious. Departments may not vire into administration spend from programme spend, without the agreement of the Treasury, which would only be agreed if the administration budget has sufficient cover. Virement cannot take place between voted budgetary limits, or from a Departmental Unallocated Provision (DUP) section. There can be no virement between resource and capital provision. Virement applies only to voted provision.
10. The different types of expenditure within the Estimate are shown in the vertical breakdown of the table. Columns 1 to 6 show all resource expenditure scored on an accruals basis. Column 1 shows expenditure by the department and its agencies and other bodies within the resource accounting boundary which is designated 'administration'. Column 4 shows programme spending. All of these columns include amounts in respect of the current consumption of assets (e.g. depreciation), but do not include the amounts associated with the acquisition of capital items which can be found in column 7.
11. Income that is offset against gross resource spend is shown in columns 2 and 5. Total income is deducted from the total gross resource expenditure shown in columns 1 and 4 to give the net total amounts (Columns 3 and 6).
12. Columns 7 and 8 show the capital elements of the Estimate and are also scored on an accruals basis. Column 7 shows capital acquisitions and column 8 shows capital income, such as income from the disposal of fixed assets. Column 9 shows the net capital figure.
13. The final two columns of the Estimate (columns 10 and 11) show the planned net total resource and net total capital figures for the prior year. These figures are for comparative purposes and are adjusted as far as possible to be consistent with the Estimate format for the coming year.
14. **The Part II Resource to cash reconciliation** table identifies the adjustments needed to establish the cash consequences of voted budgetary limits. The table shows how each department arrives at its net cash requirement, which is the amount of cash required from the Consolidated Fund in the year in question for the department to carry out its business as specified in the ambits and is also subject to parliamentary control. The reconciliation starts with the net resource requirement and the net

capital requirement, adjusts for arm's length bodies, removes any non-cash items, reflects movements in working balances and removes non-voted budget items.

Part III – Other statements and notes

15. **Part III Note A** is the Statement of Comprehensive Net Expenditure and Reconciliation Table. It provides details of all expenditure and income within the accounting boundary. The table shows how much net operating costs falls within the budgetary boundaries and provides a reconciliation to the resource budget. Further adjustments take the reader from the resource budget to the net resource requirement in the Estimate. Prior year data are also shown as a comparison. In pension Estimates, this note is called the Forecast Combined Revenue Account and Reconciliation Table.
16. **Part III Note B** shows the Analysis of Departmental Income (resource and capital), which is being used to offset gross spending. Although Parliament no longer votes a limit on the amount of income that a department can retain, this note helps to safeguard Parliament's interests both by providing information on the level of income the department and its executive agencies expects to receive, and also by providing details of the types of income expected and the sections within the Part II: Subhead detail table against which such income will offset spending. Only types of income set out in this note may be retained by the department. Any other income would have to be surrendered to the Consolidated Fund. Prior year data are also shown as a comparison.
17. **Part III Note C** provides an Analysis of Consolidated Fund Extra Receipts. This seeks to notify Parliament of the department's forecast of surplus income not used as income to net off against expenditure. Some extra receipts are to be paid directly to the Consolidated Fund and not retained by the department. Amounts are consequently shown both for forecast income and forecast cash receipts. Prior year data, analysed by income and cash receipts, are also shown as a comparison.
18. **Part III Note D** provides an Explanation of the Accounting Officer responsibilities. This note identifies responsibility and accountability to Parliament for the expenditure in the Estimate. The note provides separate details of any additional Accounting Officers and Accounting Officers for ALBs and other bodies.
19. The Estimates may be accompanied by further notes providing additional information to Parliament about the specific nature of the department's plans, details of grants in aid, changes in accounting policies, etc.
20. The Estimates and supporting statements and notes provide an explanation of the expenditure that the Government proposes to finance from funds made available by Parliament. Further information can be provided to Select Committees through their consideration of Estimates, or to the whole House through debates.

Contingent liabilities

21. The Notes to each Estimate include details, where appropriate, of any contingent liabilities in force, which, if they matured, would involve the voting of additional expenditure through the Estimate.

Income

22. Section 4 provides a full explanation of the treatment of income and the rules surrounding the use of income. The income that may be retained by the department and its executive agencies is described in the ambit in Part I. Failure to include a relevant item in the ambit would mean that the income in question could not be offset against expenditure, but would be surrendered to the Consolidated Fund. The source of all types of income and the amounts is detailed in Part III Note B for each

Estimate.

Publication date

23. In recent years, the Government has aimed to present the Main Estimates as soon as possible after the March/April Budget, subject to Parliament sitting. In 2017 the Budget was moved to November and this set of Estimates is the first to be published after the spring statement of 13 March 2018.

Section 3.

Parliamentary Procedure

Supply Procedure

1. Parliament's consideration of the Supply Estimates is part of its Supply procedure, by which it approves the government's requests for net resource requirement, net capital and net cash requirement. The process consists of a number of stages:
 - (i) the government requests certain provision
 - (ii) to support each request, information is provided about what net resources, net capital and net cash will be required and who will be responsible for accounting for the provision
 - (iii) Parliament considers these requests, investigates some more fully and may choose to debate one or more of them
 - (iv) if Parliament votes in favour of the requests it passes an Act to authorise the net resources, net capital and make the cash available from the Consolidated Fund
 - (v) to enhance its control, Parliament gives legislative force to the ambits of the Estimates which specify the purposes for which the provision may be spent and income netted off expenditure
 - (vi) net resource, net capital and cash expenditure, once incurred, are audited and accounted for to check that the amounts and purposes approved by Parliament have not been exceeded
2. This process extends over a period of more than two years, starting before the financial year in which expenditure is to be incurred and ending over twelve months after that year has ended. At any one time, Parliament may be considering expenditure that relates to more than one financial year.
3. Under long-established constitutional practice it is for the Crown (the government) to demand money, the House of Commons to grant it and the House of Lords to assent to the grant.
4. Parliament gives statutory authority for both the use of net resources, net capital and for funds to be drawn from the Consolidated Fund (the government's general bank account at the Bank of England) to meet most expenditure by government departments and certain related bodies by Acts of Parliament known as Supply and Appropriation Acts. Parliamentary procedure leading to the passing of these Acts is known as "Supply procedure". Specific provision is made available under the Acts only for a specified financial year (although an individual Act may authorise Supply for separate Estimates from different financial years).

Designation Order

5. The Government Resources and Accounts Act 2000 (as amended) gives the Treasury the power to designate, by laying an Order before Parliament, those bodies that must be consolidated. Such Orders list not only the designated body but also the relevant responsible department. An Order setting out the designations will normally be laid shortly before the start of the financial year. A further Order will normally be laid around the end of the calendar year, adjusting the designations as necessary

for the Supplementary Estimates. An Order will list all bodies to be designated¹ and therefore removing a body that was included in an earlier Order for a financial year effectively removes the requirement for its consolidation in that financial year.

Vote on Account

6. Parliament does not normally approve the Main Estimates until around the middle of July, so the process begins with the Votes on Account to provide provision for the early months of the financial year. These are normally presented to Parliament in January/February, along with the current year's Supplementary Estimates. In general, they seek for the coming financial year 45 per cent of the amounts of net resources, net capital and cash, authorised to date in the current year.

Main Estimates

7. Around the turn of the new financial year the Treasury presents to Parliament the Main Estimates. Part I of each Estimate forms the basis of a Supply Resolution. A Supply and Appropriation (Main Estimates) Bill is then brought in and passed before Parliament rises for the Summer Recess.

Supply and Appropriation Acts

8. The resulting Supply and Appropriation (Main Estimate) Act authorises departments to use net resources, net capital and spend cash up to the amounts requested in the Main Supply Estimates as, exceptionally, amended by any Revised Estimates. The Act not only gives parliamentary authority for total resources and capital requested to be used, and cash to be issued, from the Consolidated Fund, but also limits the way in which the resources and capital can be used by prescribing how the overall sum is to be appropriated to particular budgets in order to finance specified services.

Revised Estimates

9. Revised Estimates may, exceptionally, be presented to replace the original Estimate before the Supply Resolution is voted on. They either reduce the provision sought in the original Estimate, or vary the way in which it is to be allocated.

Supplementary Estimates

10. The government may decide to ask Parliament for a change to net resources, net capital and/or cash during the year. Supplementary Supply Estimates, where necessary, will be presented on a single occasion during the financial year, in January/February. Following any Estimates Day debates and the vote on the necessary Supply Resolution, formal statutory authority for extra funds is provided by a Supply and Appropriation (Anticipation and Adjustments) Act in February/March. This follows presentation of the Supplementary Estimates, the Vote on Account and the Statement of Excesses, which appropriates Supply in respect of any Excess Votes relating to the previous year.

Contingencies Fund

11. There is a cash-based Contingencies Fund, which may be used to finance urgent cash expenditure in anticipation of parliamentary approval of Estimates. Total advances outstanding at any one time must not exceed 2 per cent of the previous year's total cash Supply provision. Drawings on the Fund are repaid when Parliament has voted the additional cash (together with any associated resource and/or capital consumption).

¹ In some cases the bodies are included by category rather than named individually.

12. Supply Estimates are based on consumption of net resources, net capital and cash and parliamentary control applies to each.
13. Provision is made within resources for commitments entered into but which may not mature for payment within the financial year. The net cash requirement provides for all payments, which are due within the financial year relating to continuing services, whether or not they relate to consumption of resources within the year, and takes account of the cash receipts associated with income.

Accounts and audit

14. After the end of the financial year each department and public service pension scheme prepares an account comprising a set of schedules and statements, the most significant of which for parliamentary control of Estimates is the Statement of Parliamentary Supply, which compares outturn with the Estimate for both resource and capital expenditure and the net cash requirement
15. Each account is audited and a certificate and report on the account is produced by the Comptroller and Auditor General. The account and the Comptroller and Auditor General's certificate and report are then laid before the House of Commons in the summer following the end of the financial year to which they relate.
16. Under the National Audit Act 1983 the Comptroller and Auditor General also carries out value for money studies of department's expenditure. The Public Accounts Committee's examination of departments in these studies substantially enhances the accountability provided through the accounts.

Excess Votes

17. If expenditure on any budgetary boundary or the net cash requirement for an Estimate exceeds the final voted provision for the year, the excess will appear in the Statement of Parliamentary Supply of the department's account and will be reported to the Public Accounts Committee by the Comptroller and Auditor General. A similar report is prepared if the administration budget has been exceeded. Subject to that report, the necessary provision is sought in an Excess Vote. The Treasury presents a Statement of Excesses to Parliament, usually in January/February of the following financial year, at the same time as the Supplementary Estimates. The necessary provision is then voted and appropriated in the following Supply and Appropriation (Anticipation and Adjustments) Act, i.e. over 11 months after the end of the financial year to which it relates.
18. Parliament's consideration of individual Estimates is primarily a task for Select Committees concerned with the activities and expenditure of particular departments. A Committee may decide to examine individual Main or Supplementary Estimates, ask the department for more information about some aspects and examine Ministers and officials about particular areas of expenditure. A Committee's conclusions often take the form of a report, which is printed by the House.

Parliamentary debate

19. The House of Commons has the opportunity to debate individual Estimates on three Estimates Days in each Parliamentary Session. At the end of the debate the Estimates are voted on. The time available in Estimates Days is allocated on the advice of the Liaison Committee whose membership includes the chairmen of the Departmental Select Committees. In addition the government would make some extra time available for debates on any necessary Out-of-turn Supplementary Estimates.
20. Proceedings on Bills related to Supply Estimates are formal, i.e. not open to debate.

Parliamentary timetable

21. Standing Order No. 55 of the House of Commons states that at least 14 days must elapse between presentation of the Supplementary Estimates and the ensuing vote to authorise spending.
22. The government aims to give Select Committees advance proof copies of Supplementary Estimates ahead of presentation, although this may not always be possible. In practice, some 2-4 weeks are usually available for Select Committees to examine Supplementaries on the occasions when they are presented. This period is necessarily shorter if there are any late or Revised Supplementaries.
23. Parliament's consideration of Estimates is therefore generally concentrated in two periods:
 - (i) April-July for Main Estimates and June-July if there were, exceptionally, any Revised Estimates, including any Estimates Day debates, followed by the Supply and Appropriation (Main Estimates) Act
 - (ii) January-February for Supplementary Estimates, the Vote on Account and any associated debates, followed by a Supply and Appropriation (Anticipation and Adjustments) Act

Consolidated Fund standing services

24. Parliament has passed statutes that authorise certain expenditure to be charged to the Consolidated Fund and not be subject to the annual Supply procedure. These "Consolidated Fund standing services" (CFSS) include payments to the National Loans Fund to service the National Debt, most payments to the European Communities and the salaries and pensions of certain people who are constitutionally independent of the Executive. These include the Speaker of the House of Commons, the Comptroller and Auditor General, United Kingdom members of the European Parliament and the judiciary.
25. Where appropriate, Consolidated Fund standing services are included within the Estimates as 'non-voted' expenditure, and are subject to the public expenditure controls described in Section 2.
26. In addition to CFSS, departments may incur expenditure financed from the National Insurance Fund or other central funds. This expenditure is also shown as non-voted in the Estimates.

Section 4.

The rules on the treatment of income in departmental Supply Estimates

Supply and Appropriation Act

1. This section sets out rules issued by HM Treasury on the treatment and use (“appropriation”) of income. The rules will govern the appropriation of income when Parliament approves the Supply and Appropriation (Main Estimates) Act 2018.
2. The Treasury controls the types and amount of income that departments may include and appropriate as departmental income in an Estimate. They are set out below.

Limitations on types of income

3. Estimates follow the budgeting treatment of income. Departmental income (accruals) and the associated receipts (cash) have the following characteristics:
 - the income is part of budgets, either Departmental expenditure Limit (DEL) or Annually Managed Expenditure (AME)
 - exceptionally non-budget income may be kept by a department, but the department must have specific Treasury authority to do so
 - the income relates to activities performed by the department

Resource income

4. The following forms of income are usually treated as a benefit to the resource budget, which means they may be used to reduce or eliminate the amount of resource requested for current or resource purposes:
 - sales of goods and services. Charges should be set by reference to Managing Public Money (MPM) principles
 - royalties and associated payments to use intellectual property rights (IPR)
 - sales of some licences where the Office for National Statistics (ONS) has determined that there is a significant degree of service to the individual applicant
 - income from licences and levies, treated as tax in the National Accounts, but which the Chief Secretary to the Treasury has agreed may be netted off¹ budgets. Note that although described as netting off, the income appears in the Estimate in normal income columns
 - income from fines and penalties where the Chief Secretary to the Treasury has agreed that they may be netted off budgets
 - income from insurance payments
 - receipts in respect of compensation (where the Office for National Statistics (ONS) treats the income as impacting on the current budget)

¹ ‘Netting-off’ is the usual term for this treatment in budgets but it does not imply net treatment in Estimates. The income appears in the Estimate in the normal way.

- interest and dividends, where the department has financed the associated financial asset through DEL, for example, a loan made to the private sector
- income from rent of buildings and land
- donations that are treated as current in the National Accounts (see also capital donations)
- income obtained from National Lottery distributing bodies that finances current expenditure
- income from the European Union that finances current expenditure
- profit (or loss) on disposal of capital assets

Capital income

- The following types of income benefit the capital budget, that is they may be used to reduce or eliminate the amount of resource requested for capital purposes:
 - income from capital asset sales - the book value on disposal (not including any profit/loss on disposal)
 - income from sale of stocks that score in the capital budget
 - capital grants from the private sector, including developer contributions and capital donations
 - income from National Lottery distributing bodies that finances capital expenditure
 - capital grants from the EU
 - capital royalties
 - privatisation proceeds (always in AME, not DEL)
 - income from exercising an overage (i.e. claw-back) agreements
 - income from the disposal of financial assets (where disposal would benefit the public sector net debt - PSND)

Limitation on amounts

- In addition to the above types of income there are rules surrounding the amount of income that departments may use.
 - the Spending Review settlement set negative DEL income targets. Departments are allowed to retain up to 10 per cent of income receipts above the levels envisaged in the SR settlement
 - any income in excess of the 10 per cent is treated as non-budget and **must** be surrendered to the Consolidated Fund
 - where the SR settlement did not clearly set out an expected level of income, departments may retain total negative income up to 5 per cent of expenditure

Income that cannot be treated as departmental income in the Supply Estimate

7. The following types of income cannot be used as departmental income:
- taxation, regulatory controls, including certain statutory licences, duties, fines, penalties. These are all outside of the departmental budget and should be in a Trust Statement, unless, exceptionally, the entity has specific agreement from HM Treasury that it may be treated as either negative DEL or AME;
 - where the department is simply acting as agent for another party (e.g. for the EU), and has no direct policy involvement and carries no risk or reward
 - income from a completely new activity not included in the Estimate
 - where the income is treated as a reduction in expenditure (e.g. the repayment of a grant). In such cases the payment would be credited back to the expenditure subhead, netting off the spending rather than appearing as income

Describing the income: ambits

8. To retain income departments must include a description of the type of income in the income ambits which appear in Part I of the Estimate. These are split between DEL and AME. Any non-budget income is surrendered to the Consolidated Fund. Failure to include the relevant type of income in the ambit could result in an Excess Vote.

† The DELs above relate to individual departmental Supply Estimates: for DEL control purposes the Treasury may combine departments into groups to evaluate DEL breaches.

†† DfE budgets set by HMT in this table include the net spending of Academies which are not voted through the Estimates. The number voted for DfE in this table differs from the voted figures shown in DfE's Estimate and Table 2 because the Estimate and Table 2 include grants paid by DfE to Academies.

††† Figures for the independent entities are provisional. See their published Estimates for the final provision.

No CFER income or receipts are expected in 2018-19 or 2017-18. No CFER income or receipts were received in 2016-17.

Part III: Note D - Explanation of Accounting Officer responsibilities

The Accounting Officer prepares resource accounts for each financial year.

The following individuals are responsible for the expenditure within this Estimate:

Accounting Officer:	Stephen Lovegrove
Executive Agency Accounting Officers:	
Michael Bradley (Interim)	Defence Equipment and Support

In accordance with Chapter 3 of Managing Public Money (issued by the Treasury), the following individuals have been appointed as Accounting Officers of the department's ALBs.

ALB Accounting Officers:

Gary Lashko	Royal Hospital Chelsea
Professor Dominic Tweddle	National Museum of the Royal Navy
Justin Maciejewski DSO MBE	National Army Museum
Major General Jamie H Gordon CB CBE	Council of Reserve and Cadet Forces Association
Ms Maggie Appleton MBE	Royal Airforce Museum
Victoria Wallace	Commonwealth War Graves Commission
Neil Swift (Interim)	Single Source Regulations Office

Stephen Lovegrove has personal responsibility for the proper presentation of the department's resource accounts and their transmission to the Comptroller & Auditor General, and is also responsible for the use of public money and stewardship of assets.

In discharging these responsibilities, particular regard is given to:

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FRM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

In accordance with Managing Public Money requirements, the relationship between the Principal Accounting Officer and Additional Accounting Officer(s) together with their respective responsibilities, is set out in writing. Similarly, the relationship between the Principal Accounting Officer and the ALB Accounting Officer(s) is set out in writing.

Part III: Note F - Accounting Policy changes

Two new accounting standards will replace existing standards, and be applied to the Department's Accounts from 1 April 2018, as prescribed by The Government Finance Reporting Manual. The Estimate does not reflect the changes in accounting standard and an adjustment will be made in the Supplementary Estimate. Work is in progress to ensure the impact of the changes in accounting standard are fully understood across the Department, and the new standards are adopted, prior to the Supplementary Estimate. The anticipated impact on the Estimate, for the change in accounting standards, is provided below.

IFRS 9 – Financial Instruments

There is expected to be an increased impairment provision, arising from the forward looking 'expected loss' impairment model, which will affect ring-fenced RDEL and AME (Depreciation and Impairments). There are expected to be additional disclosures in the Annual Report and Accounts (ARAc) to enable users of financial statements to understand the effect of credit risk on the amount, timing and uncertainty of future cash flows. However, the amount of disclosures will depend on materiality.

IFRS 15 – Revenue From Contracts with Customers

There is not expected to be a material impact on the Estimates due to the change in accounting standard. There are expected to be additional disclosures in the ARAc that provide additional information on the nature, amount, timing and uncertainty of revenue and cash flows. However, the amount of disclosures will depend on materiality.

Part III: Note J - Staff Benefits

For the Financial Year 2018-19, the Top Level Budget (TLB) holders have delegated authority to make special bonus payments to civilian staff, to either an individual or to a team, in recognition of exceptional performance in a one-off task/situation, or for achievement of a significant personal development activity via the In-Year Reward Scheme. Awards will not exceed £5,000 per person during a financial year and there is no guarantee of an In-Year Reward.

TLB holders are also able to authorise non-cash awards via the Thank You Scheme, which include such items as retail outlet or theatre ticket vouchers. The value of an award will not exceed £100 per individual and nor will they in total exceed 0.1% of the civilian pay bill for the TLB.

Part III: Note K - Contingent Liabilities

Nature of liability	£'000
Contingent liabilities valued in excess of 300 thousand pounds, are as follows:	
<u>Statutory Liabilities Charged To Resource Estimates</u>

Part III: Note D - Explanation of Accounting Officer responsibilities

The Accounting Officer prepares resource accounts for each financial year.

The following individuals are responsible for the expenditure within this Estimate:

Accounting Officer: Sir Mark Sedwill KCMG

Sir Mark Sedwill KCMG has personal responsibility for the proper presentation of the department's resource accounts and their transmission to the Comptroller & Auditor General, and is also responsible for the use of public money and stewardship of assets.

In discharging these responsibilities, particular regard is given to:

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FReM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

Home Office

Part III: Note D - Explanation of Accounting Officer responsibilities

The Accounting Officer prepares resource accounts for each financial year.

The following individuals are responsible for the expenditure within this Estimate:

Accounting Officer:	Philip Rutnam
Additional Accounting Officers:	Patsy Wilkinson for sections C,D,E,F and G

In accordance with Chapter 3 of Managing Public Money (issued by the Treasury), the following individuals have been appointed as Accounting Officers of the department's ALBs.

ALB Accounting Officers:

Michael Lockwood	Independent Office for Police Conduct
Ian Leigh	Office of the Immigration Services Commissioner
Alan Clamp	Security Industry Authority
Mike Cunningham	College of Policing
Philip Rutnam (Interim)	Gangmasters and Labour Abuse Authority
Adele Downey	Disclosure and Barring Service
Rebecca Hilsenrath	Commission for Equality and Human Rights

Philip Rutnam has personal responsibility for the proper presentation of the department's resource accounts and their transmission to the Comptroller & Auditor General, and is also responsible for the use of public money and stewardship of assets.

In discharging these responsibilities, particular regard is given to:

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FReM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

In accordance with Managing Public Money requirements, the relationship between the Principal Accounting Officer and Additional Accounting Officer(s) together with their respective responsibilities, is set out in writing. Similarly, the relationship between the Principal Accounting Officer and the ALB Accounting Officer(s) is set out in writing.

Part III: Note K - Contingent Liabilities

Nature of liability	£'000
---------------------	-------

The Home Office has entered into the following quantifiable contingent liabilities by offering guarantees, indemnities or by giving letters of comfort. None of these is a contingent liability within the meaning of IAS 37 since the likelihood of a transfer of economic benefit in settlement is too remote.

Non-statutory liabilities

Indemnity provided to Heathrow Airport Holdings (formerly British Airports Authority (BAA)) in respect of damage or injury caused to third parties from the Home Office in their use of vehicles operating airside while transporting immigration officers between airside locations.	52,000
Indemnity granted in relation to Cyclamen programme up to a maximum €10m. (Minute dated 17 July 2009).	7,789
Indemnity arising from Riot Damage Costs. (Minute dated 21 May 2012).	10,000

The following liabilities are judged to be unquantifiable:

Police – City of London Economic Crime Basic Command Unit (ECBCU) (Minute dated 12 March 2004)

If the Home Office reduces or discontinues its share of the match funding of the expanded ECBCU then it will contribute up to 50% of the resulting costs, for example redundancy payment or property cost.

Indemnities

Home Office Central London Accommodation Strategy (HOCLAS) (Minute dated 23 January 2002)

The Home Office has indemnified the contractor for an unquantifiable amount against any financial loss arising from the Home Office providing defective information in respect of the contract.

Border Force New Detection Technology (NDT)

The following minutes have been used to notify Parliament of the contingent liability relating to the BF NDT, dated:

10 September 2003, 18 December 2003, 18 March 2004 and 2 July 2004

The minutes above refer to the following locations and NDT equipment which is loaned by the Department to recipients:

- ii) Coquelles: Heartbeat Detection Unit at the Euro tunnel operated in the juxtaposed control zone by the Home Office. Passive Millimetric Wave Imager ISO containers. Shelter for and Heartbeat detection equipment which is under control of, and operated by, the BF in the juxtaposed control zone.
- iii) Dunkerque: Heartbeat building commenced Summer 2005. Heartbeat equipment and building operated by the Home Office in the juxtaposed control zone and commenced operation in Spring 2004.

National Crime Agency

Introduction

The Estimate provides for expenditure by and income of the National Crime Agency whose operational priorities are to:

1. enhance the intelligence picture of existing and emerging serious and organised crime threats to the UK, using the intelligence to drive, lead and support the UK's response to serious and organised crime.
2. operate proactively at the high end of high risk, undertaking significant investigations resulting in offenders being brought to justice through prosecution, or, if that is not possible, disrupted using other means.
3. lead, task, coordinate and support operational activity, proactively sharing intelligence, assets and capabilities with partners at local, regional, national and international levels. To prioritise the threats and allocate clear roles and responsibilities aligned with the 4Ps of the Serious and Organised Crime Strategy.
4. develop and maintain those specialist serious and organised crime capabilities and services where this is best done nationally; enabling their availability where and when needed for the benefit all of UK law enforcement.
5. tackle the highest risk criminal vulnerabilities and enablers that facilitate criminals' illegal activities which threaten our safety and security.

Part III: Note D - Explanation of Accounting Officer responsibilities

The Accounting Officer prepares resource accounts for each financial year.

The following individuals are responsible for the expenditure within this Estimate:

Accounting Officer: Lynne Owens CBE QPM MA

Lynne Owens CBE QPM MA has personal responsibility for the proper presentation of the department's resource accounts and their transmission to the Comptroller & Auditor General, and is also responsible for the use of public money and stewardship of assets.

In discharging these responsibilities, particular regard is given to:

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FReM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

Part III: Note K - Contingent Liabilities

Nature of liability	£'000
Indemnities issued to third parties for the use of their facilities for firearms training, with the maximum exposure limited to £50m.	50,000
NCA had a small number of claims from employees, members of the public and suppliers that could result in compensation payments to be made on settlement.	Unquantifiable
The costs to NCA on vacation of leased premises were estimated as £3.5m (2017/18: £3.5m). This estimate was based on a charge per square foot of leased space and allowed for the reversal of any changes to the building made by NCA and the costs of redecoration.	3,528

No CFER income or receipts are expected in 2018-19 or 2017-18. No CFER income or receipts were received in 2016-17.

Part III: Note D - Explanation of Accounting Officer responsibilities

The Accounting Officer prepares resource accounts for each financial year.

The following individuals are responsible for the expenditure within this Estimate:

Accounting Officer:	Simon McDonald
Executive Agency (and any Additional) Accounting Officers:	Sharmila Nebhrajani for Section A

In accordance with Chapter 3 of Managing Public Money (issued by the Treasury), the following individuals have been appointed as Accounting Officers of the department's ALBs.

ALB Accounting Officers:

Christopher Fisher	Marshall Aid Commemoration Commission
Merethe Borge Macleod	Great Britain China Centre
Anthony Smith	Westminster Foundation for Democracy

Simon McDonald has personal responsibility for the proper presentation of the department's resource accounts and their transmission to the Comptroller & Auditor General, and is also responsible for the use of public money and stewardship of assets.

In discharging these responsibilities, particular regard is given to:

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FRoM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

In accordance with Managing Public Money requirements, the relationship between the Principal Accounting Officer and Additional Accounting Officer(s) together with their respective responsibilities, is set out in writing. Similarly, the relationship between the Principal Accounting Officer and the ALB Accounting Officer(s) is set out in writing.

Part III: Note D - Explanation of Accounting Officer responsibilities

The Accounting Officer prepares resource accounts for each financial year.

The following individuals are responsible for the expenditure within this Estimate:

Accounting Officer: Matthew Rycroft, CBE

In accordance with Chapter 3 of Managing Public Money (issued by the Treasury), the following individuals have been appointed as Accounting Officers of the department's ALBs.

ALB Accounting Officers:

Richard Middleton	Commonwealth Scholarship Commission
Andrea Baron	Independent Commission for Aid Impact

Matthew Rycroft, CBE has personal responsibility for the proper presentation of the department's resource accounts and their transmission to the Comptroller & Auditor General, and is also responsible for the use of public money and stewardship of assets.

In discharging these responsibilities, particular regard is given to:

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FReM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

In accordance with Managing Public Money requirements, the relationship between the Principal Accounting Officer and Additional Accounting Officer(s) together with their respective responsibilities, is set out in writing. Similarly, the relationship between the Principal Accounting Officer and the ALB Accounting Officer(s) is set out in writing.

Department of Health and Social Care

Introduction

1. The Parliamentary Estimate for 2018-19 consolidates Arm's Length Bodies (ALBs) under Section 4A of the Government Resources and Accounts Act 2000.
 - a. The Department's Resource Accounting Boundary includes all bodies categorised as "central government" by the Office for National Statistics. This means that the expenditure of bodies including NHS Trusts, NHS Foundation Trusts and Executive ALBs are included in the Estimate.
 - b. The Estimate includes the budgeting boundaries, Resource and Capital Expenditure Limits and Resource and Capital Annually Managed Expenditure.
2. Given that all bodies within the Department of Health and Social Care Group are included in the Estimate, expenditure has been categorised into the following sectors:
 - a. NHS Commissioning Board (known as NHS England). Estimate section A records the net expenditure of this sector, NHS England administration, programme and capital expenditure including the expenditure of Clinical Commissioning Groups.
 - b. NHS Providers expenditure. This Estimate section records the net position of this sector.
 - c. DHSC Administration and Programme expenditure which includes all DHSC administration expenditure and programme expenditure on items such as European Economic Area medical costs.
 - d. Local Authorities including revenue programme public health funding.
 - e. Public Health England (Executive Agency) which includes the administration, programme and capital expenditure of this body.
 - f. Health Education England which includes the administration, programme and capital expenditure of this Non Departmental Public Body.
 - g. Special Health Authorities which includes administration, programme and capital expenditure. A full list of Special Health Authorities is provided in Part III Note D.
 - h. Non Departmental Public Bodies. This Estimate section records the net position of this sector. This includes administration, programme and capital expenditure. A full list of Arm's Length Bodies is provided in Part III Note D.
 - i. Arm's Length and Other Bodies. This includes the Department of Health and Social Care owned companies and bodies which are not within the classifications of Estimate lines A to I.
 - j. The Department receives a proportion of National Insurance Contributions (NICs) as set out in the Social Security Act 1992. This receipt is treated as financing. As the authority for any spending financed by NICs is provided for in legislation, the proportion of the NHS Commissioning Board (known as NHS England) costs funded by NICs is reported as non-voted DEL.
3. Expenditure that scores against the Annually Managed Expenditure control, such as provisions, certain impairments and Credit Guarantee Finance is set out in sections K to Q.
4. The figures in the Estimate are based on the forecast consolidated income and expenditure position for each sector, after elimination of the forecast level of transactions between bodies within the DHSC Group.

No CFER income or receipts are expected in 2018-19 or 2017-18. No CFER income or receipts were received in 2016-17.

Part III: Note D - Explanation of Accounting Officer responsibilities

The Accounting Officer prepares resource accounts for each financial year.

The following individuals are responsible for the expenditure within this Estimate:

Accounting Officer: Chris Wormald

Executive Agency Accounting Officers:

Duncan Selbie Public Health England

In accordance with Chapter 3 of Managing Public Money (issued by the Treasury), the following individuals have been appointed as Accounting Officers of the Department's ALBs.

ALB Accounting Officers:

Sir David Behan	Care Quality Commission
Professor Ian Cumming	Health Education England
Sarah Wilkinson	Health and Social Care Information Centre (known as NHS Digital)
Teresa Allen (interim)	Health Research Authority
Peter Thompson	Human Fertilisation and Embryology Authority
Allan Marriott-Smith	Human Tissue Authority
Ian Dalton	Monitor (NHS Improvement)
Simon Stevens	NHS Commissioning Board (known as NHS England)

Harry Cayton	Professional Standards Authority for Health and Social Care

NHS Trust Accountable Officers:

The Accounting Officer for the NHS Trust Development Authority will appoint all remaining NHS Trust Accountable Officers.

NHS Foundation Trust Accounting Officers:

The NHS Act 2006 designates Chief Executives of NHS Foundation Trusts as Accounting Officers. Accounting Officer details can be found in the individual Resource Accounts of each body.

Clinical Commissioning Groups (CCGs):

Simon Stevens as Accounting Officer for the NHS Commissioning Board (known as NHS England) will appoint Accountable Officers for each Clinical Commissioning Group.

Chris Wormald has personal responsibility for the proper presentation of the department's resource accounts and their transmission to the Comptroller & Auditor General, and is also responsible for the use of public money and stewardship of assets.

In discharging these responsibilities, particular regard is given to:

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FReM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

In accordance with Managing Public Money requirements, the relationship between the Principal Accounting Officer and Additional Accounting Officer(s) together with their respective responsibilities, is set out in writing. Similarly, the relationship between the Principal Accounting Officer and the ALB Accounting Officer(s) is set out in writing.

Total †		20,100,155	352,483	97,102,234

† The total amount recorded above differs from the amount shown in Part II: Resource to cash reconciliation as the NHS Commissioning Board (known as NHS England) is also partly funded from National Insurance Contributions and a further adjustment is made for NHS Providers, which follow similar budgeting rules to ALBs, but earn their income from trading activities - mainly the provision of healthcare.

Part III: Note F - Accounting Policy changes

IFRS 9 Financial Instruments – IFRS 9 introduces changes to the classification and measurement of financial instruments. Within the scope of IFRS 9, the Department holds investments of around £680 million, as well as trade receivables and other financial assets of around £2.5 billion and trade payables and other financial liabilities of around £13.4 billion. The Department does not have complex financial instruments and has identified no significant classification issues. For its most significant qualifying equity instruments, the Department intends to make an irrevocable election to measure these at fair value through other comprehensive income, which means changes in fair value will not pass through income and expenditure.

IFRS 9 also introduces a new expected losses model of impairments. There is significant internal trading within the NHS resulting in receivables balances between NHS providers and commissioners. The Department intends to provide a guarantee of the debts of NHS bodies and the Department's Arm's Length Bodies. This will bring them within the scope of an adaptation to IFRS 9 in Treasury's Financial Reporting Manual which will remove the need to recognise stage-1 and stage-2 impairments within the departmental group. It will still be necessary to recognise such impairments against bodies external to the group. In recent years, the cost of impairing receivables has been under £150 million.

Most transactions occur as a result of intergroup trading and are eliminated on consolidation. Transactions eliminated on consolidation have a nil impact on budgets.

IFRS 15 Revenue from Contracts with Customers – IFRS 15 introduces changes to the timing of revenue recognition for contracts, matching revenue to performance obligations, and changes to revenue disclosure requirements. Within the scope of IFRS 15, the Department earns external revenue of around £9.5 billion, with over £75 billion of intra-group revenue eliminated on consolidation. The majority of this revenue relates to contracts that are completed within the financial year, or the delivery of services such as ongoing health care where revenue can be recognised over time as the service is delivered. The Department has not identified significant changes in how its revenue will be recognised, and therefore significant changes to budgets are not anticipated.

Part III: Note J - Staff Benefits

The Department has a Recognition and Reward Voucher Scheme which rewards smaller, single pieces of work by employees with a £25 voucher. Examples of nomination criteria are good customer service or cost saving ideas. The vouchers can be used at a range of major retailers. Any employee may make a nomination for another employee. Approval of nominations is made at Deputy Director level. The vouchers are funded from the 0.25% of each Directorate's Administration Budget allocated for the Special Bonus Scheme.

Part III: Note K - Contingent Liabilities

Nature of liability	£'000
An indemnity to water undertakers in respect of costs, damages, and expenses not otherwise covered by insurance arising from claims or proceedings on the grounds of alleged harm to health arising solely from fluoridation.	Unquantifiable
An indemnity to water undertakers in respect of costs, damages and expenses not otherwise covered by insurance arising from claims or proceedings on the grounds of alleged harm to health arising solely from supplying water which has been fluoridated by another water undertaker and which therefore is not covered by the statutory guarantee.	Unquantifiable

<p>Public Health England have a contract for the supply of UK licensed BCG vaccine. There have been significant problems with manufacture leading to delays with deliveries and a shortage of stock in the UK. Following assessment of the available alternatives, clinical acceptability and feasibility of delivery, BCG vaccine manufactured by another supplier has been secured and has been issued to the NHS since June 2016. The unlicensed vaccine has had WHO prequalification since 1991 and is used in over 100 countries globally. In February 2016, the Joint Committee for Vaccination and Immunisation advised that they agreed with the supply of an unlicensed vaccine for the UK programme, during the period where the standard vaccine would be unavailable. Checks have confirmed there are no reported adverse events from the use of the unlicensed vaccine. Public Health England would indemnify anyone administering the vaccine in accordance with the issued guidance, against any action resulting from adverse reactions. Expert opinion is that adverse reactions to the unlicensed BCG vaccine are most unlikely.</p>	Unquantifiable

Department for Work and Pensions

Introduction

The department wants to run an affordable and sustainable welfare system which delivers on the following objectives:

1. Support economic growth and improved productivity by ensuring work always pays and people are supported to find and progress in work.
2. Help reduce the disadvantages faced by disabled people and people with health conditions through the welfare system and labour market.
3. Increase saving for, and financial security in, later life.
4. Maximise the number of children benefiting from an effective child maintenance arrangement, encouraging family based arrangements where appropriate and reduce parental conflict in families.
5. Transform the way we deliver our services to improve quality and reduce costs.

Part III: Note D - Explanation of Accounting Officer responsibilities

The Accounting Officer prepares resource accounts for each financial year.

The following individuals are responsible for the expenditure within this Estimate:

Accounting Officer: Peter Schofield

In accordance with Chapter 3 of Managing Public Money (issued by the Treasury), the following individuals have been appointed as Accounting Officers of the department's ALBs.

ALB Accounting Officers:

Dr Richard Judge	Health and Safety Executive
Helen John	Disabled People's Employment Corporation (GB) Ltd (in members vountary liquidation)
Michelle Cracknell	The Pensions Advisory Service
Lesley Titcomb	The Pensions Regulator
Antony Arter	The Pensions Ombudsman
Loveday Ryder	BPDTs Ltd

Peter Schofield has personal responsibility for the proper presentation of the department's resource accounts and their transmission to the Comptroller & Auditor General, and is also responsible for the use of public money and stewardship of assets.

In discharging these responsibilities, particular regard is given to:

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FRoM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

In accordance with Managing Public Money requirements, the relationship between the Principal Accounting Officer and Additional Accounting Officer(s) together with their respective responsibilities, is set out in writing. Similarly, the relationship between the Principal Accounting Officer and the ALB Accounting Officer(s) is set out in writing.

Part III: Note J - Staff Benefits

For the financial year 2018-19 budget holders have delegated authority to award reward vouchers to staff under the terms of the Department's Reward and Recognition Scheme. The vouchers are for a range of well known retail outlets and are given in recognition of valuable or exceptional contributions to business performance, as well as to recognise the importance the Department places on the loyalty and commitment of employees. Individual awards will not exceed £150 and, in total, the expenditure for the Reward and Recognition Scheme will not exceed 0.25% of the DWP paybill. In practice the total expenditure on reward vouchers is likely to be less than £3 million.

The Department also operates a Childcare Vouchers (Salary Sacrifice Scheme) which lets staff vary their contract of employment to sacrifice part of their salary (from £1 to £243 per month) in exchange for childcare vouchers. This scheme is closed to new joiners from April 2018 onwards. Budget holders have delegated authority to provide staff with childcare assistance, the availability, method and amount of assistance is at the discretion of the budget holder.

Part III: Note K - Contingent Liabilities

Nature of liability	£'000
European Social Fund repayments	Unquantifiable
<p>The ESF Audit Authority is required to provide an opinion for the EU on the final 2007-13 ESF programme claim issued by the ESF Certifying Authority. The opinion is largely based on the amount of error found during checks of claims submitted by the Department, as Managing Authority of the ESF in England and Gibraltar. If this exceeds the EU's defined 2% tolerable error rate the opinion is qualified by the ESF Audit Authority, with the risk that the EU can impose a financial correction. The programme exceeded the 2% error threshold in the 2015 Annual Control Report but cumulatively errors remain below 2%.</p> <p>In addition the department carries a new risk that similar financial corrections could be imposed for the 2014-20 ESF programme.</p> <p>A further risk arises because ESF commitments are made in sterling, whereas funds are reimbursed from the EU in euros. This results in exchange rate gains or losses throughout the programme period.</p>	
Financial Assistance Scheme	Unquantifiable
<p>Regulations came into force in April 2010 enabling the transfer to government of pension scheme assets that qualify for the Financial Assistance Scheme, along with their associated pension liabilities. As a result, the Financial Assistance Scheme pension provision will increase as the assets and the associated liabilities transfer. We estimate that the total value of the assets yet to be transferred to government will be in the region of £8 million. However, until the assets transfer it isn't possible to estimate the impact on the Financial Assistance Scheme pension liability.</p>	
Transfer of State Pensions and benefits	Unquantifiable
<p>In 2007, regulations were put in place to allow staff employed in certain EU institutions to transfer an enhanced cash value of potential entitlement to the State Pension and other contributory benefits to the Pension Scheme for Officials and Servants of Community Institutions. Until the transfer value has been calculated, a contingent liability arises. The overall time limit is 10 months between the date of application and the transfer payment. However, the limits can be extended if needed.</p> <p>Since 2007 we've received 1,518 transfer applications. 81% of these have resulted in transfer payments.</p>	
Compensation claims	Unquantifiable
<p>Compensation payments may become due as a result of claims against us by staff and members of the public. Claims relate to employment tribunal, personal injury and Civil Service Appeals Board cases. There is significant uncertainty around the estimated liability and the timing of payments. This uncertainty can fluctuate based on factors such as medical evidence received, witness statements and whether claims proceed to trial or are settled early.</p>	

Part III: Note K - Contingent Liabilities (*continued*)

Nature of liability	£'000
The Rent Service employee pensions	
The Rent Service transferred from us to the Valuation Office Agency on 1 April 2009. The Rent Service employed around 400 staff, who were members of the Local Government Pension Scheme. Following the transfer they could continue to participate in the scheme. If there's a pension deficit we will be liable to meet the shortfall.	Unquantifiable
Compensation recovery	
We recognise recoveries from insurance companies for compensation claims made by benefit recipients. Once the recovery is made the insurance company has the right to mandatory reconsideration or appeal within a set time period. If the reconsideration or appeal is successful recoveries are refunded to the insurance company. Analysis of existing data suggests that it is reasonable to recognise a contingent liability of £4 million for successful mandatory reconsideration or appeals.	AME £4m
Judicial review	
We have contingent liabilities arising from payments that may become due as a result of judicial review claims against us. We can't be sure of the timing, likelihood or amount of any settlements at this stage.	Unquantifiable
HMG's Guarantee for EU-funded projects	
The agreement at the December 2017 European Council that the UK will continue to participate in all EU programmes during the remainder of this Multiannual Financial Framework to the end of 2020 supersedes guarantees previously made by the Chancellor provided an overall EU Exit deal is reached. In accordance with the Government Financial Reporting Manual (FReM), these guarantees need to be recognised as contingent liabilities in Departments' accounts until the outcome of EU exit negotiations are completed.	Unquantifiable
The activity in scope within DWP includes the Department's role as Managing Authority for the European Social Fund (ESF) and in management of the Employment and Social Innovation Fund (EaSI). The scale of potential liability is not quantifiable at this point.

Department for Education

Introduction

1. The Department for Education is responsible for children's services and education, including higher and further education policy, apprenticeships and wider skills in England. We work to provide children's services and education that ensure opportunity is equal for all, no matter what their background or family circumstances.
2. The voted DEL and Total Net Budget in Parts I and II of this Estimate include grant paid to Academies which is voted by Parliament. Part III: Note A shows how, by making adjustments, including removing these grants and instead adding spending by Academies, the totals voted by Parliament can be reconciled to the budgetary spending limits controlled by HMT and shown in Table 3. The grant paid to Academies and spending of Academies is unlikely to be the same in any given year. This is because, spending can include items such as depreciation that do not require cash, as well as any spending from Academy reserves. Reserves are built from other income streams available to academies, plus any unspent grant from previous years.

Part III: Note D - Explanation of Accounting Officer responsibilities

The Accounting Officer prepares resource accounts for each financial year.

The following individuals are responsible for the expenditure within this Estimate:

Accounting Officer:	Jonathan Slater
Executive Agency Accounting Officers:	
Eileen Milner	Education Funding and Skills Agency
Claire Burton	Standards and Testing Agency
Alan Meyrick	Teaching Regulation Agency

In accordance with Chapter 3 of Managing Public Money (issued by the Treasury), the following individuals have been appointed as Accounting Officers of the department's ALBs.

ALB Accounting Officers:	
Mohammad Anwer	Aggregator Vehicle plc
Sarah Beale	Construction Industry Training Board
Chris Claydon	Engineering Construction Industry Training Board
Sir Gerry Berragan	Institute for Apprenticeships
Lara Newman	Located Property Limited
Nicola Dandridge	Office for Students
Anne Longfield	Office of the Children's Commissioner
Katy Willison and Tabatha Brutal (interim)	Social Work England
Peter Lauener	Student Loans Company Limited

Jonathan Slater has personal responsibility for the proper presentation of the department's resource accounts and their transmission to the Comptroller & Auditor General, and is also responsible for the use of public money and stewardship of assets.

In discharging these responsibilities, particular regard is given to:

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FRoM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

In accordance with Managing Public Money requirements, the relationship between the Principal Accounting Officer and Additional Accounting Officer(s) together with their respective responsibilities, is set out in writing. Similarly, the relationship between the Principal Accounting Officer and the ALB Accounting Officer(s) is set out in writing.

Part III: Note K - Contingent Liabilities

Nature of liability	£'000
Contingent liabilities in connection to Private Finance Initiative (PFI) contracts to Academies. These contingent liabilities are a result of the Department providing an indemnity to the local authority for potential costs on buildings they own, with existing PFI arrangements, which will be used by the academies. This type of indemnity is considered to be low risk and is only a feature of the academies programme in very specific circumstances. These contingent liabilities only arise where an academy is using a local authority building with an existing PFI contract.	8,500,000
A guarantee to Local Government Pension Scheme (LGPS) to meet the pension deficit if an Academy Trust closes.	13,000
Tottenham UTC - indemnity to cover the cost of the 35 year lease	12,500
CET Westminster - indemnity provided to the Church of England Commissioners to cover the costs / associated charges arising from defending any legal action against the Commissioners for allowing their property to be used as a free school.	5,000
Payments for the Apprenticeship Grant for Employers (AGE) grant will be due in June 2017 as apprentices complete three months of employment.	4,500
The ESFA has entered into a number of tenant default agreements which give rise to a contractual obligation to pay monies to the landlord up to a fixed cap in certain circumstances where the Free School tenant is in breach of its lease.	2,901
An indemnity of up to £2 million to protect Inspiration Trust (Re: Great Yarmouth High School) against potential closure costs of the academy in the event that the Foundation withdrew consent for the academy to operate from the current site.	2,000
An indemnity for REAch2 Colchester project for costs dependent on the planning permission decision by the local authority.	1,100
Turing House School - an indemnity has been provided in relation to the rent deposit.	470
Under the Conditions of Grant Aid, the Deanery Church of England Primary School will be required to repay two grants received from Birmingham City Council for a children's centre and playground if the Academy Trust breaches the conditions of the grant agreement attached to the grants.	359
Indemnity for project costs if the Central Ipswich Free School project is aborted.	250
Free Schools Group for Principal designates. The majority of contingent liabilities recorded by Free School Group currently relate to the potential costs that maybe incurred resulting from the engagement of staff prior to the opening of a Free School e.g. head teacher /deputy head teacher who will, in many cases have had to tender their resignation at an existing school to take up their post in the Free School. The Department has agreed to underwrite the salaries of these staff for up to two terms in the event that the Free School does not open as planned. Each potential liability is calculated on an individual basis for each project. Once the Free School opens the liability will expire.	168

Part III: Note K - Contingent Liabilities

Nature of liability	£'000
In respect of commercial lease of Free Schools Norwich.	110
Statutory Indemnity in relation to the Office of the Schools Adjudicator outlined in Paragraph 7 of Schedule 5 to the SSFA 1998.	Unquantifiable
As a result of entering into a PFI arrangement for the building of schools (PF2) there are a number of contracts in place which have clauses that could give rise to liability for the ESFA. These are considered by ESFA to be remote and unquantifiable as they relate to breach of contractual conditions.	Unquantifiable
As a result of entering into contracts on site purchases, the ESFA are subject to a number of overage clauses. These are considered to be remote as they relate to changes in contractual arrangements.	Unquantifiable
The ESFA has two outstanding claims from Priority School Building Project (PSBP) contractors for the removal of asbestos found at two school sites: Blackpool Aspire Academy and Annie Holgate Infant School. It is standard ESFA practise to negotiate with PSBP contractors and partially meet part the cost of removing asbestos found during PSBP projects. In the case of Blackpool Aspire Academy and Annie Holgate Infant School the contractors have not yet quantified the value of their claims and consequently the ESFA is not able to quantify its liability in respect of these two cases.	Unquantifiable
The sale of student loans necessitated warranties and indemnities to secure interest and obtain value for money from investors. These contingent liabilities are in respect of:	
a) a warranty to provide investors compensation for policy changes which reduce cash flows to investors. This is because the terms of the loans remain within Government control, and there is nothing investors can do to influence this. The liability will exist for the life of the securities. This means it will be expected to expire by 2036. The likelihood of crystallisation is low.	Unquantifiable
b) the need to repurchase all of the loans as a remedy for investors if: i) Collection of repayments for the sold loans through the UK tax system by HMRC ceased; ii) RPI used to calculate the interest rate of the loans was abolished without a substitute being put in place; iii) There was a problem with the collection of loan repayments that could not be remedied for three consecutive annual payment dates; or iv) Legislation is passed which means the Consumer Credit Act (CCA) / Financial Services and Markets Act (FSMA) applies to the loans and the CCA low interest exemption applies. The likelihood of any of these scenarios materialising is very low.	Unquantifiable
c) the indemnity given to investors to cover potential losses if a "servicing event" is triggered. Investors are not able to change the servicer (unlike for a typical commercial transaction) and therefore an indemnity is their only recourse in the event that the servicing is not in line with the contractually agreed standard. The liability is expected to be live for the life of the securities, i.e. up to around 30 years, and will reduce over time. The likelihood of crystallisation is low.	Unquantifiable
d) indemnities given to the Joint Lead Managers if they (or their employees, directors or affiliates) suffer any loss as a result of misrepresentation, misleading statement or omissions or breach of duty by Government. All of the liabilities are expected to be live for the life of the loans, i.e. up to around 30 years. The likelihood of crystallisation is low.	Unquantifiable

Part III: Note K - Contingent Liabilities

Nature of liability	£'000
<p>The Department for Education has contracted a charity to manage the Junior Individual Savings Account (ISA) scheme on its behalf [until 31 March 2019]. Using an initial £200 payment from the Department, the contractor opens and manages Junior ISAs on behalf of looked after children while they remain in care. Once a child stops being looked after, the charity provides the necessary information to the person with parental responsibility for the child so that they may take over the management of the account. The funds cannot be accessed by the account holder until their eighteenth birthday, at which age, the account will mature into a standard (adult) ISA.</p>	Unquantifiable

Office for Standards in Education, Children's Services and Skills

Introduction

1. The Office for Standards in Education, Children's Services and Skills (Ofsted) inspects and regulates to promote excellence in education and skills for learners of all ages, and in the care of children and young people, thereby raising standards and improving lives.
2. We fulfil our role by:
 - designing and publishing clear, evidence based inspection frameworks which highlight what inspectors look for during inspections and how institutions will be evaluated
 - reporting on what we find in a clear and accessible way, recognising good practice and being clear about what providers need to do to improve
 - publishing transparent and comprehensive information about the quality of individual providers, local areas and national standards to help inform choice, support governance and target intervention
 - listening to those using services, including parents, and acting on their views, alongside other risk assessment tools, in deciding who, when and how to inspect
 - collecting first-hand evidence based on what we observe, engaging with senior stakeholders, academics and policy makers to make sure the way Ofsted works is informed by evidence and research
 - using a combination of experienced expert inspectors and current serving practitioners who can credibly challenge providers on their performance
 - Using our birds eye view of providers to conduct research into the overall state of education and care provision in England.
3. Ofsted inspects the following services: maintained schools and academies, some independent schools, early years and childcare, children's homes, family centres, adoption and fostering services and agencies, Cafcass (Children and Family Court Advisory and Support Service), children's services in local authorities, initial teacher education, further education colleges and 14 to 19 provision, a wide range of publicly funded work-based learning and skills training, adult and community learning, education and training in prisons and other secure establishments.
4. We regulate a range of early years and children's social care services by checking that people, premises and the services provided are suitable to care for children and young people. We register childcare and children's social care providers that meet the required standards. If we find that providers are not meeting the required standards, we use our enforcement powers to ensure that they make the necessary improvements. If they are unable to meet the required standards, we act in the interests of the children and young people in their care and suspend or cancel their registration.
5. We analyse the findings from our inspection and regulatory work and publish reports to highlight areas of strength and weakness across the different sectors in order to inform future policy development. We collect evidence in different ways, including statistical analysis, surveys and thematic inspections on specific areas of interest. We publish sector-specific annual reports that summarise our findings throughout the year. Periodically, we publish in-depth reports on specific topics, including the quality of provision in some subjects. Where we identify good practice, we publish case studies and disseminate these findings to providers such that they can learn from them.
6. Ofsted exists to ensure that children, young people and older learners receive the excellent care and education the public has every right to expect. As an independent inspectorate, we report without fear or favour on what we find. Ofsted, like those that it inspects, is the public's servant and stands accountable to them through Parliament.
7. This Estimate covers the expenditure of Ofsted.

Amounts required in the year ending 31 March 2019 for expenditure by Office for Standards in Education, Children's Services and Skills on:

Departmental Expenditure Limit:Expenditure arising from:

Promoting improvement in the quality of education, skills and care for children and young people through independent inspection, regulation and reporting. Sharing research findings and good practice through seminars and conferences.

Income arising from:

The registration of childcare providers, inspection for the care and support of children and young people, some maintained, independent schools and further education colleges, and publicly funded adult education and training. Transactions with departmental and other government bodies: receipts for inspection activity undertaken on behalf of other Government departments, and overseas government bodies (where clearance has been provided by the relevant UK Government department). Miscellaneous asset sales and recoveries, property charges made to minor occupiers, and receipts for goods and services provided by Ofsted.

Annually Managed Expenditure:Expenditure arising from:

Provisions and other non-cash items in AME.

Office for Standards in Education, Children's Services and Skills will account for this Estimate.

Part III: Note D - Explanation of Accounting Officer responsibilities

The Accounting Officer prepares resource accounts for each financial year.

The following individuals are responsible for the expenditure within this Estimate:

Accounting Officer: Amanda Spielman

Amanda Spielman has personal responsibility for the proper presentation of the department's resource accounts and their transmission to the Comptroller & Auditor General, and is also responsible for the use of public money and stewardship of assets.

In discharging these responsibilities, particular regard is given to:

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FRM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

Office of Qualifications and Examinations Regulation

Introduction

1. The Office of Qualifications and Examinations Regulation (Ofqual) is the independent qualifications regulator for England. Each year we undertake a range of activities targeted to the greatest risks to our statutory objectives, with a particular focus on threats to the standards of qualifications and their validity, and impacts on public confidence.
2. Ofqual will deliver a comprehensive programme of work in 2018/19 through the following core activities:

We will regulate for the validity and safe delivery of general qualifications so that they are valid, worthy of public confidence, produce fair and reliable results, and to ensure standards over time are maintained.

We will regulate for the validity and safe delivery of vocational qualifications, with a particular focus on awarding organisations' arrangements with centres, and their handling of malpractice. We are engaging fully in the programme of reform, which includes the introduction of Technical Qualifications within T level programmes, the continued introduction of new apprenticeship end-point assessments, and the reform of functional skills qualifications.

We will continue to monitor and evaluate the validity of National Assessments, monitoring and reporting on those processes that are critical to maintaining test validity.

We will do this as efficiently and effectively as we can by continuing to develop the skills and capabilities of our people, and investing in our digital systems to make better use of information and data.
3. We will conduct relevant investigation, research and analysis, and undertake engagement and consultation with stakeholders as necessary to enable us to provide assurance that regulated qualifications are fit-for-purpose and support good educational and training outcomes.
4. As part of its statutory enforcement powers, Ofqual can impose both monetary penalties and cost recovery orders where we believe that a breach of our General Conditions of Recognition or other regulations have been breached by a recognised awarding organisation. The decision to impose a monetary penalty is taken only where a breach is of a level of severity to warrant this action.
5. Ofqual provides data capture and analysis to our regulatory counterparts in Wales and Northern Ireland, for which the direct cost of provision is recovered. Income may also be recovered from the disposal of computer hardware as a result of continuing IT transformation. Ofqual encourages secondment opportunities as part of staff development, for which costs are recovered from the host department. In 2018/19, Ofqual will also recover some relocation costs from the Department for Education.
6. More details on our strategic priorities and corporate objectives can be found in our Corporate Plan for 2018/19 which will be published in March 2018.
7. This Estimate covers the income and expenditure of Ofqual and associated depreciation and non-cash items falling into our Departmental Expenditure Limit and Annually Managed Expenditure.

Amounts required in the year ending 31 March 2019 for expenditure by Office of Qualifications and Examinations Regulation on:

Departmental Expenditure Limit:Expenditure arising from:

The regulation of the validity of general, vocational and other qualifications throughout their lifecycle, promoting public confidence in regulated qualifications, and continuing to oversee the introduction of reformed qualifications and evaluating the validity of National Assessments.

Conducting relevant investigation, research and analysis, and undertaking engagement and consultation with stakeholders to provide assurance that regulated qualifications are fit-for-purpose and support good educational and training outcomes.

Developing the skills and capabilities of our people, and developing and investing in our digital systems to secure efficiency and value for money.

Income arising from:

The Department for Education to support ongoing Reform programmes, and, where required, to enable Ofqual to take on new Reform programmes as they arise.

The recovery of costs associated with the monetary penalties imposed on awarding organisations for breaches of Ofqual's regulations.

The recovery of costs associated with the provision of data and analysis to our regulatory counterparts in Wales and Northern Ireland, and for provision of support relating to IT/digital development, including developments to the register of qualifications and income from the disposal of hardware as part of IT transformation. Receipts relating to the recovery of salaries and associated costs for seconded staff. Receipts relating to the recovery of office relocation costs.

Annually Managed Expenditure:Expenditure arising from:

Maintaining a provision for dilapidations.

Office of Qualifications and Examinations Regulation will account for this Estimate.

In discharging these responsibilities, particular regard is given to:

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FRM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

In accordance with Managing Public Money requirements, the relationship between the Principal Accounting Officer and Additional Accounting Officer(s) together with their respective responsibilities, is set out in writing. Similarly, the relationship between the Principal Accounting Officer and the ALB Accounting Officer(s) is set out in writing.

Part III: Note K - Contingent Liabilities

Nature of liability	£'000
HMG guarantee for EU funding streams as announced in August and October 2016. BEIS's responsibility covers:- H2020; COSME; CEF Energy; EU Consumer Programme; Research Fund for Coal and Steel; Space; Access to Finance; Euratom.	Unquantifiable
As at 31 March 2017 the following liabilities fell to be met from the Department's Estimate:-	
Statutory Guarantees	
– In the event of BAE Systems plc (BAES) being wound up, other than for the purpose of reconstruction or amalgamation, the Government is contingently liable to discharge any outstanding liability of BAES which vested in them on 01 January 1981 under section 9, British Aerospace Act 1980.	Unquantifiable
Statutory Indemnities	
– Indemnity given for National Grid's liabilities with regards to the interconnector linking the UK and France.	Unquantifiable
– Indemnities given to the UK Atomic Energy Authority by the Secretary of State to cover indemnities given to carriers against certain claims for damage caused by nuclear matter in the course of carriage.	Unquantifiable
– Indemnities given to bankers of the Insolvency Service against certain liabilities arising in respect of non-transferable "account payee" cheques due to insolvent estates and paid into the Insolvency Service's account.	Unquantifiable
– The Police Information Technology Organisation (Home Office) provides the Criminal Enforcement Team (formerly part of BEIS) with access to data from the Police National Computer (PNC). The Insolvency Service (and BEIS) has indemnified the police against any liabilities which they may incur as a result of providing that access.	Unquantifiable
Indemnities to Directors	
– Indemnities have been given to the Directors appointed by the Department to wholly owned subsidiaries. These indemnities are against personal liability following any legal action against the relevant company.	Unquantifiable
– Nuclear Liabilities Fund – Indemnities have been given to the Trustees of the Fund appointed by the Secretary of State. These indemnities are for personal liability due to potential legal action against the Fund.	Unquantifiable
– Nuclear Liabilities Fund – Indemnities have been given to the British Energy (now EDF Energy) appointed Trustees of the Fund. These indemnities are for personal liability due to potential legal action against the Fund. These indemnities can only be invoked following a failed recourse to an indemnity from EDF Energy.	Unquantifiable
– Indemnities have been given to the Directors appointed to the Low Carbon Contracts Company Ltd and to Electricity Settlements Company Ltd. The indemnities are against personal liability following any legal action against the companies. The indemnities make clear that they are the last resort for the companies after all other means have been exhausted i.e. Company and Directors insurance (cover limit of £100m); and the recovery of costs through the levy. This reduces the Department's potential exposure.	Unquantifiable
– Indemnity provided to Low Carbon Contracts Company Ltd and Electricity Settlements Company Ltd in respect of their Officers. The indemnities make clear that they are the last resort for the companies after all other means have been exhausted i.e. Company and Directors insurance (cover limit of £100m); and the recovery of costs through the levy.	Unquantifiable

Part III: Note K - Contingent Liabilities

Nature of liability	£'000
Other	
– Green Investment Bank has provided indemnities relating to costs of decommissioning and restoring sites once they are no longer in use.	33,000
– BEIS has indemnified Cornwall Council for European Regional Development Fund (ERDF)-related liability, arising from the transfer of Wave Hub.	18,000
– On 29 March 2017, the UK Government submitted its notification to leave the EU and Euratom in accordance with Article 50 of the Treaty on the European Union and the corresponding provision of the Euratom Treaty. This started a two-year negotiation process. Any subsequent changes in legislation, regulation and funding arrangements are subject to the outcome of the negotiations. As a result, an unquantifiable remote contingent liability is disclosed. In accordance with accounting standards, no contingent assets can be recognised. During this two-year period, which includes the full duration of the next accounting period, the UK remains a full member of the EU and Euratom with all the rights and obligations arising from membership.	Unquantifiable
– Incidents/accidents Insurance claims for exposure to ionising radiation pursued outside the existing UK Atomic Energy Authority insurance scheme.	Unquantifiable
– STFC collaborates with a number of international partners in the funding, management and operation of technical facilities which it does not own. For each of these facilities STFC may be obliged to contribute to decommissioning costs arising from a decision to discontinue operations. The most significant of these potential liabilities is in respect of CERN and the European Southern Observatory (ESO).	Unquantifiable
– A contingent liability in respect of risk associated with the Core Department assuming responsibility for uplifts in pension contributions for the UK Atomic Energy Authority's non-active pension scheme members.	Unquantifiable
– European Patent Office (EPO): the UK, as one of the contracting states, has a potential liability under Article 40 of the European Patent Convention of 1973.	Unquantifiable
– World Intellectual Property Organisation: the UK, as a contracting state to the Patent Co-operation Treaty of 1970, has a potential liability under Article 57 of the Treaty.	Unquantifiable
– The Cabinet Secretary has provided a Government wide indemnity to Public Appointments Assessors (PAAs). This will ensure that PAAs will not have to meet any personal civil liability incurred in the execution of their PAA functions.	Unquantifiable
– An indemnity has been provided to Pöyry PLC relating to the use of their yield curve data for the sale of GIB. The data was an important component of a bidder's due diligence, risk assessment and ultimately the price they were willing to pay. BEIS has indemnified Pöyry PLC for any liability that occurs as a result of using their information in the sale process that may be brought by bidders in relation to the transaction.	Unquantifiable
– An indemnity has been provided to the Official Receiver relating to their actions as administrator of SSI Redcar with respect to the administration of the site.	Unquantifiable
– The Department has a contingent liability relating to ongoing legal cases. The cost is dependent on the outcome of cases which currently cannot be reliably estimated.	Unquantifiable
– In the event Financial Reporting Council's legal costs fund fall below £1 million in any year, BEIS will make a grant payment to cover legal costs subsequently incurred in that year.	Unquantifiable
– An indemnity has been given by Biotechnology and Biological Sciences Research Council (BBSRC) to the Roslin Institute for any costs that arise as a result of past actions of the Institute prior to its transfer to the University of Edinburgh in 2008. A further indemnity has been given to any fall in grant income of the Institute as a result of the transfer. The maximum settlement BBSRC will fund reduces each year and is limited to claims made up to May 2023.	Unquantifiable
– Statutory liability in the event of a nuclear accident in the UK for third-party claims in excess of the operator's liability.	Unquantifiable

Part III: Note K - Contingent Liabilities

Nature of liability	£'000
– Liability for non-compliance with the Cogeneration Directive (2004/8/EC), in the event contractors for the Department incorrectly certify combined heat and power plants.	Unquantifiable
– Liability for costs of retrieving and disposing of sealed radioactive sources in the event that a company keeping such sources becomes insolvent under the High Activity Sealed Sources (HASS) Directive: Council Directive 2003/122/EURATOM.	Unquantifiable
– Under section 9 of The Radioactive Contaminated Land (Modification of Enactments) (England) (Amendment) Regulations 2007 SI 2007/3245 the Secretary of State is deemed to be the appropriate person to bear responsibility for remediation of land contaminated by a nuclear occurrence.	Unquantifiable
– An indemnity for loss or damage caused to other parties to the Energy Research Partnership consortium agreement.	Unquantifiable
– Under the EU Emissions Trading Scheme, Member States are required to appoint a Single Auction Monitor to oversee the auctioning of allowances in Phase III. The Joint Procurement Agreement for the Single Auction Monitor (JPA) provides for Member States to indemnify the Commission should the Commission be required to compensate a third party or another Member State for damages which arise in connection with the JPA. The contingent liability shall remain in place until such time as the JPA no longer exists in its current form. The JPA will remain in place for as long as the obligation to jointly appoint an auction monitor remains under the EU Auctioning Regulation. This period is not specified.	Unquantifiable
– BEIS, the Scottish Government and the Northern Ireland Executive have previously undertaken to support Ofgem's costs for administering the Renewables Obligation scheme (around £3.6 – £3.8 million) if there is insufficient money in both the buy-out fund and late payment fund to cover these costs. The size of the 2016/17 buy-out fund will not be known until October 2017. It is dependent in part by the availability and price of Renewable Obligation Certificates (ROCs) – if there is a surplus of ROCs, suppliers may be more inclined to meet their obligations by submitting ROCs but ultimately much depends on supplier behaviour which is difficult to predict. BEIS will have an indication of how many ROCs are available and whether there is likely to be a surplus after the end of the obligation year (31 March 2017) but will not know the size of the buy-out fund until October 2017.	3,800
– The Department has indemnified Elexon Ltd against third party claims relating to the design and or implementation of Contracts for Difference (CfD) and Capacity Markets (CM) settlement systems which are not covered by insurance and/or guarantees by their sub-contractors.	Unquantifiable
– Organisation for Economic Co-operation and Development (OECD) and International Energy Agency (IEA): an indemnity for any loss to the IEA arising from use of its data in the Department's Global Climate Change 2050 Pathways Calculator, limited to a maximum of £100,000.	100
– Nuclear Liabilities Fund (NLF) - A constructive obligation was created in 2002 when the Government undertook to underwrite the Nuclear Liabilities Fund in respect of uncontracted and decommissioning liabilities of British Energy (now EDF Energy Nuclear Generation Limited (EDFE)) to the extent that the assets of the Fund fall short. The undiscounted estimated liabilities of £19.9 billion (2015-16 £19.7 billion) have a present value of £32.8 billion (2015-16 £33 billion) using the prescribed discount rate from HM Treasury of negative 0.8% (2015-16 negative 0.8%). The value of the Fund is £9.4 billion (2015-16 £9.2 billion) and is likely to increase in the future from investment returns. It is hard to quantify the extent to which the net position of the Fund might represent a contingent liability or asset given the high level of uncertainty relating to estimation of cash outflows and investment returns over a future period exceeding 100 years. In view of changes to actual and expected interest rates and expected rates of inflation experienced during the course of the year, the Trustees are currently reviewing the Fund's asset allocation to help ensure sufficient funding to meet expected liabilities. On this basis, the Department believes it would not be appropriate to consider this as either a contingent liability or asset.	Unquantifiable

Part III: Note K - Contingent Liabilities

Nature of liability	£'000
<p>– The Department is responsible under the United Nations Convention on the Law of the Sea (UNCLOS) 1982, OSPAR decision 98/3, the Energy Act 2004 and the Petroleum act 1998 for decommissioning most oil, gas and renewable energy installations in the event that operators are unable to fulfil their decommissioning commitments. The potential cost of these liabilities will vary by site and cannot be reliably forecast.</p>	Unquantifiable
<p>– The NDA has non-quantifiable contingent liabilities arising from indemnities given as part of the contracts for the management of the nuclear site license companies. These indemnities are in respect of the uninsurable residual risk that courts in a country which is not party to the Paris and Brussels Conventions on third-party liability in the field of nuclear energy may accept jurisdiction to determine liability in the event of a nuclear incident. Indemnities are in place in respect of Magnox, LLWR and Dounreay as set out in the relevant Parent Body Agreements. In addition, indemnities are provided to the previous PBO's of Magnox and Sellafield covering the periods of their ownership. These are not treated as contingent liabilities within the meaning of IAS 37 since the possibility of a transfer of economic benefit in settlement is considered too remote.</p>	Unquantifiable
<p>– The Secretary of State Investor Agreement (SOSIA) provides protections in certain scenarios where the Hinkley Point C Nuclear plant is shut shown for reasons that are political, or due to certain changes in insurance arrangements or certain changes in law. Payments under the SOSIA would be expected in the first instance to be made using funds from the Supplier Obligation but in certain circumstances they could also come direct from the Secretary of State relying on spending powers granted under the relevant Appropriation Act or, if payments were to be made over a period longer than 2 years, seeking a new spending power at the time. The payments could be up to around £22bn excluding non-decommissioning operational costs that may be incurred after any shutdown. However, the liability to make payments under the SOSIA is almost entirely within the control of HM Government.</p>	Unquantifiable
<p>– Hinkley Point C Funded Decommissioning Programme (FDP) and Waste Transfer Contracts (WTCs):- The contract with NNB Generation Company Limited (NNB) to build Hinkley Point C (HPC) nuclear power plant includes a Contract for Difference between NNB and the Low Carbon Contracts Company, an FDP and associated FDP documents including WTCs between NNB and the core Department. The FDP and related documents including WTCs require NNB to make prudent provision for their waste and decommissioning liabilities. To meet their liabilities, the operator must set up a fund with an independent governance framework and will pay into it so that it is on track to fund the liabilities that arise from decommissioning and waste management. The fund will report annually to the Secretary of State and a full review will be conducted every 5 years to ensure that the fund is on track to meet all its liabilities. If it is off track, the operator will be required to take corrective action. These liabilities are strictly the operator's responsibility and the probability of taxpayers picking up these liabilities is remote. Alongside the FDP, the Government has entered into 2 WTCs. These set out terms on which the Government will take title to and liability for the spent fuel and intermediate level waste (ILW) from the site after decommissioning in order to dispose of the waste safely. The WTCs have generally been prepared in line with the Government's published waste transfer pricing methodology. Although the WTCs provide a default price based on today's best estimate, they allow the waste transfer price to be set after a specified later date. The final price agreed is subject to a cap, but the likelihood of the future costs exceeding the agreed cap is considered remote.</p>	Unquantifiable

Part III: Note K - Contingent Liabilities

Nature of liability	£'000
<p>– Capacity agreements: These are statutory arrangements between National Grid, as System Operator, and capacity providers. They require the capacity provider to be able to provide a given level of capacity in relevant delivery years when called upon to do so by National Grid. To date three auctions have been held for capacity to be delivered in 2018-19, 2019-20 and 2020-21. These awarded 49.26 GW of capacity agreements at a cost of £1.790 billion, 45.37 GW capacity agreements at a cost of £1.089 billion, and 52.43 GW of capacity agreements at a cost of £2.024 billion respectively. The payments to the capacity providers will be funded by a levy on licensed electricity suppliers.</p> <p>The Department has responsibility for administering the settlement process. This role is carried out by the Electricity Settlements Company (ESC), a company set up and owned by the Department. The obligation for the ESC to make capacity payments only arises when the respective levy is received from licensed suppliers and the generator provides the agreed level of capacity.</p>	4,903,000
<p>– Nuclear: the Core Department has a range of civil nuclear liabilities arising through its association with the United Kingdom Atomic Energy Authority and British Nuclear Fuels Limited as well as ensuring that the Government complies with its obligations under the various international nuclear agreements and treaties. The amount and timing of this overarching liability is not quantifiable.</p>	Unquantifiable
<p>– Outer Space Act 1986:- The UKSA has an obligation, governed by international (UN) convention, to third parties if they are accidentally damaged by UK space activities. Due to its unprecedented nature, a cost cannot be reliably estimated. In March 2015 the Outer Space Act 1986 was amended to cap licensees' previously unlimited liability for third party costs at 60 million euros for the majority of missions, for the duration of the licensed activity. This amendment was designed to adequately balance the risk to the UK Government whilst ensuring UK space operators remain competitive internationally.</p>	Unquantifiable
<p>– Reprocessing and staff commitments: STFC is responsible for Institut Laue-Langevin (ILL) staff-related commitments and costs associated with reprocessing fuel elements.</p>	16,000
<p>– Coal Industry Act 1994: Responsibility for compensation claims relating to personal injuries suffered by former British Coal mineworkers between 1947 and 31 December 1994 transferred to the Department on 1 January 1998 by a restructuring scheme under the Coal Industry Act 1994. The timing and amounts of any future liabilities are uncertain except where provision has been made in the accounts. The future liabilities will depend on the nature of any injury and whether the courts decide that compensation is due.</p>	Unquantifiable
<p>– Deed Relating to the British Coal Staff Superannuation Scheme (BCSSS) under Paragraph 2(9) of Schedule 5 to the Coal Industry Act 1994 and Deed Relating to the Mineworkers' Pension Scheme (MPS) under Paragraph 2(9) of Schedule 5 to the Coal Industry Act 1994: Government Guarantees were put in place on 31 October 1994, the day the Schemes were changed to reflect the impact of the privatisation of the coal industry. They are legally binding contracts between the Trustees and the Secretary of State for Business, Energy and Industrial Strategy. The Guarantees ensure that the benefits earned by Scheme members during their employment with British Coal, and any benefit improvements from surpluses which were awarded prior to 31 October 1994, will always be paid and will be increased each year in line with the Retail Prices Index. If at any periodic valuation the assets of the Guaranteed Fund were to be insufficient to meet its liabilities, the assets must be increased to bring the Fund back into balance. This is a long term contingent liability dependent on the performance of the schemes' investments and their mortality experience.</p>	Unquantifiable

Part III: Note K - Contingent Liabilities

Nature of liability	£'000
– Site restoration liabilities inherited from British Coal: The Department has inherited liabilities from British Coal to reimburse certain third parties with the costs necessary to meet statutory environmental standards in the restoration of particular coal-related sites. In addition to specific claims provided for it remains possible that the Department will be held responsible for further environmental liabilities. The timing and amounts of any liability are uncertain.	Unquantifiable
– Feed in Tariffs: The Department faces claims for damages from solar energy and construction companies affected by changes to Feed-in-Tariffs in 2011. A number of companies from the solar industry initiated legal proceedings in 2012, claiming damages for interference with property rights. Following determination of the legal principles by the Court of Appeal, the Department is preparing for a full trial on the facts of the case, which is set for the first available date after 21 January 2018. Based on updated claims, claimants are seeking damages of up to £293 million. The Department has been ordered to pay 80% and 50% of the claimants' legal costs relating to preliminary hearings in the High Court and Court of Appeal respectively; the Department bears its own legal costs. The claimants and the Department are likely to incur substantial further legal costs (the Department's costs being estimated at £3.1 million) and the losing party is likely to be ordered to pay the costs of the winning party.	293,000
– British Business Bank: The core Department guarantees British Business Bank under the Enterprise Financial Guarantee (EFG) and legacy Small Firms Loan Guarantee Scheme (SFLGs) to facilitate lending to viable businesses, with a maximum obligation being subject to a cap, which at 31 March 2017 is £201 million.	201,000
Under the BBB's Help to Grow financial guarantee programme, which was new in the year, the Bank has entered in to financial guarantee agreements of £60 million. The Bank has guaranteed 75% of eligible lending to SMEs under these agreements and a counter guarantee is in place that guarantees 50% of the Bank's 75% of eligible lending. As at 31 March 2017 the amount lent under these financial guarantee agreements was £0.6 million (2016: £nil).	
– Other: There are a number of potential liabilities for the Department in respect of claims from suppliers, employees and third parties which depend on actual or potential proceedings. The timing and amounts of any liabilities are uncertain.	Unquantifiable
– Inventories: In March 2017 the NDA held inventories of reprocessed uranic material. These materials are currently held at nil value, due to uncertainty over their future use which may result in as-yet unquantified liabilities relating to potential treatment or disposal costs.	Unquantifiable
– Subsidence damage and public safety liabilities: Licensees of mining operations are required to provide security to the Coal Authority to cover anticipated future costs of settling subsidence damage liabilities within their Areas of Responsibility. Outside the Areas of Responsibility of the holders of licences under Part II of the 1994 Act, the Authority is responsible for making good subsidence damage. Where an Area of Responsibility is extinguished, this would transfer to the Authority who would become responsible for the discharge of outstanding subsidence liabilities. The Authority also has an ongoing liability to secure and keep secured most abandoned coal mines. (In all cases the liability for operating collieries is the responsibility of the licensees/lessees and security is held to address those liabilities.)	Unquantifiable
Both of the above liabilities have been provided for within the Coal Authority provision based on analysis of trends and claims experience. However it is possible that significant, unexpected events outside of this provision may materialise.	
In addition to the general contingent liabilities outlined above, damage notices have been submitted to the Coal Authority in respect of subsidence damage to Wentworth Woodhouse, a Grade I listed country house. The Coal Authority has rejected these notices. The Upper Tribunal (Lands Chamber) has ruled on 4 locations of damage and concluded that the Coal Authority has no liability in respect to these; one further area of damage has yet to be considered and the Coal Authority will continue to strongly defend its case.	

Part III: Note K - Contingent Liabilities

Nature of liability	£'000
– Restructuring Scheme: Where liabilities transferred under the various Coal Authority Restructuring Schemes (CARS) have crystallised due to planning conditions, agreements, claims etc, provision has been made. It has not however been possible to quantify those contingent liabilities that may arise in the future.	Unquantifiable
– UK Space Agency: In 2013/14 the UK Space Agency (UKSA) entered into an operating lease with NATS (En Route) Plc for office accommodation. At the end of the lease term in December 2030, the landlord has the contractual right to enforce the Agency to pay for costs of dilapidation. However, due to the specialized nature of the asset, the expectation is that the landlord will continue using the asset in its current state and therefore will not choose to exercise this option. In the event of the lease contract being terminated by the landlord before the end of the lease term, UK Space Agency will be compensated. The likelihood of outflow of economic benefit is therefore assessed as not probable.	Unquantifiable
– Financial Reporting Council: The core Department has provided assurance to FRC in respect of providing grant where FRC's general voluntary funding falls or current statutory exemption from liability nears expiry. In the course of the financial year, new legislative measures were effected to prevent the statutory exemption from liability from expiring.	Unquantifiable
– Legal claims: The Coal Authority is subject to various claims and legal actions in the ordinary course of its activities for which provision is made in the accounts where appropriate on the basis of information available. The Authority does not expect that the outcome of the above issues will materially affect its financial position.	Unquantifiable
– Legal claims: The CNPA has a number of potential liabilities in respect of claims from employees which depend on actual or potential proceedings. The timing and amounts of any payments are uncertain. These liabilities have not been provided for as CNPA believes that the claims are unlikely to be successful or to lead to a transfer of economic benefit.	Unquantifiable
– Wave Hub: The core Department has indemnified Cornwall Council in respect of the transfer of Wave Hub up to a maximum amount of £5 million. This obligation expires in 2028 due to the limitation period under the signed contract.	5,000
– Innovate UK: Innovate UK is responsible for decommissioning of Narec Monitoring Platform at an estimated cost of £2.5 million. This could take place anytime between 3 and 25 years.	2,500
– Medical Research Council: MRC has identified a contingent liability of £1.8 million (31 March 2016: £1.8 million) for dilapidation work. This may be required at the end of property leases which are due to expire within the next five years.	1,800

Department for Transport

Introduction

1. The Department for Transport (DfT), its agencies and its partners support the transport network that helps the UK businesses and gets people and goods travelling around the country.
2. The Department's priorities are to boost UK's economic growth and opportunity, build a One Nation Britain, improve journeys and provide a safe, secure and sustainable transport system.
3. Current responsibilities are providing policy, guidance, and funding to English local authorities to help them run and maintain their road networks, improve passenger and freight travel, and develop new major transport schemes. DfT is investing in, maintaining and operating around 4,300 miles of the motorway and trunk road network in England through Highways England. DfT is also responsible for setting the strategic direction for the rail industry in England and Wales – funding investment in infrastructure through Network Rail, awarding and managing rail franchises, and regulating rail fares.
4. The Estimate provides for planned budgetary expenditure of the Department for Transport (including its associated agencies: the Driver and Vehicle Licensing Agency, Vehicle Certification Agency, Driver and Vehicle Standards Agency, Maritime and Coastguard Agency and arm's-length bodies and public corporations) in pursuit of the functions reflected in the section headings. It also provides for administrative expenditure by those bodies used in implementing and evaluating policy and on central services.
5. The expenditure is broken down between resource and capital, and resource provision is further sub-divided between administration and programme spend. Part I of the Estimate sets out the control totals and descriptions of spending, some of which are replicated in the Supply legislation. Part II provides a more detailed breakdown of those control limits and explain how the cash requirement is derived. Part III contains various tables and notes that provide supplementary and background information.
6. The single net cash requirement is not split by DEL/AME or any other budgetary limits.
7. Further details about the expenditure of the Department for Transport can be found in the Annual Report and Accounts 2017-18 to be published in the summer.

Part III: Note C - Analysis of Consolidated Fund Extra Receipts

No CFER income or receipts are expected in 2018-19 or 2017-18. No CFER income or receipts were received in 2016-17.

Part III: Note D - Explanation of Accounting Officer responsibilities

The Accounting Officer prepares resource accounts for each financial year.

The following individuals are responsible for the expenditure within this Estimate:

Accounting Officer: Antonia Romeo

Antonia Romeo has personal responsibility for the proper presentation of the department's resource accounts and their transmission to the Comptroller & Auditor General, and is also responsible for the use of public money and stewardship of assets.

In discharging these responsibilities, particular regard is given to:

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FReM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

Part III: Note G - Expenditure resting on the sole authority of the Supply and Appropriation Act

Sue Owen has personal responsibility for the proper presentation of the department's resource accounts and their transmission to the Comptroller & Auditor General, and is also responsible for the use of public money and stewardship of assets.

In discharging these responsibilities, particular regard is given to:

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FRM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

In accordance with Managing Public Money requirements, the relationship between the Principal Accounting Officer and Additional Accounting Officer(s) together with their respective responsibilities, is set out in writing. Similarly, the relationship between the Principal Accounting Officer and the ALB Accounting Officer(s) is set out in writing.

As part of the bidding process to host the Games, the Commonwealth Games Federation required a series of guarantees from central and local government. This is a common part of bidding to host a major sporting event, and important to the success of any UK bid. 3. As part of this the UK government guaranteed to financially underwrite the organisation and delivery of the Games. As such, it will meet any potential financial shortfall of the Organising Committee (a Non-Departmental Public Body, to be established from April 2018). 4. A range of measures will be established to ensure that public money is managed appropriately. An underwrite agreement between the Department and the Organising Committee will govern the circumstances and conditions under which the underwrite may be called upon. 	Unquantifiable

Ministry of Housing, Communities and Local Government

Introduction

The Ministry of Housing, Communities and Local Government is helping to create great places to live and work and giving more power to local people to shape what happens in their area.

The work we do is crucial to some of the government's key priorities:

- driving up housing supply
- increasing home ownership
- devolving powers and budgets to boost local growth
- supporting strong communities with excellent public services.

Part III: Note D - Explanation of Accounting Officer responsibilities

The Accounting Officer prepares resource accounts for each financial year.

The following individuals are responsible for the expenditure within this Estimate:

Accounting Officer: Melanie Dawes

Executive Agency Accounting Officers:

Sarah Richards Planning Inspectorate

In accordance with Chapter 3 of Managing Public Money (issued by the Treasury), the following individuals have been appointed as Accounting Officers of the department's ALBs.

ALB Accounting Officers:

Nick Walkley	Homes and Communities Agency
David Connolly	The Housing Ombudsman
Anthony Essien	The Leasehold Advisory Service
Nigel Ellis	Commission for Local Administration in England
Antonio Masella	Valuation Tribunal Service
Ian Piper	The Ebbsfleet Development Corporation

Melanie Dawes has personal responsibility for the proper presentation of the department's resource accounts and their transmission to the Comptroller & Auditor General, and is also responsible for the use of public money and stewardship of assets.

In discharging these responsibilities, particular regard is given to:

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FReM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

In accordance with Managing Public Money requirements, the relationship between the Principal Accounting Officer and Additional Accounting Officer(s) together with their respective responsibilities, is set out in writing. Similarly, the relationship between the Principal Accounting Officer and the ALB Accounting Officer(s) is set out in writing.

The Mayor of London is now charging the Community Infrastructure Levy (CIL) across London in order to raise £300m between 2012-13 and 2018-19 for the Abbeywood Spur of Crossrail. There are two agreements in place (one between HMT and MHCLG (2007) and one between DfT and TfL (2008) that set out the circumstances in which the Government / MHCLG could be asked to make up any CIL funding shortfall). The MHCLG agreement does not place us under any contractual liability, but it does set out two tightly defined circumstances in which we could be asked to make up any shortfall in CIL receipts only. MHCLG will not accept any liability if TfL fail to raise the £300m for reasons related to anything other than legislation or policy around Mayoral CIL.	Unquantifiable

Part III: Note K - Contingent Liabilities

Nature of liability	£'000
<p>The Department has given an indemnity to the Official Receiver for the former Sahaviriya Steel Industries UK (SSI) Steel works site in Redcar, unlimited in value, to protect him against liabilities incurred in connection with activities undertaken by consultants carrying out site assessments activity on the site he had responsibility for keeping safe. An indemnity was also given to the South Tees Site Company (STSC) for the period when it held responsibility for keeping the site safe to cover all liabilities suffered or incurred as a result of the site assessment activity.</p>	Unquantifiable
<p>The Department's arms length bodies and executive agencies have recognised contingent liabilities in relation to high court challenges, assets, land and property for which the Ministry will be liable if they crystallise and exceed the financial capacity of the arm length body.</p>	Unquantifiable

Part III: Note D - Explanation of Accounting Officer responsibilities

The Accounting Officer prepares resource accounts for each financial year.

The following individuals are responsible for the expenditure within this Estimate:

Accounting Officer:	Richard Heaton
Executive Agency Accounting Officers:	
Susan Acland-Hood for sections B,R	Chief Executive, HM Courts and Tribunals Service
Michael Spurr CB for sections M,P	Chief Executive, HM Prison and Probation Service
Shaun McNally CBE for Section J	Chief Executive, Legal Aid Agency
Carole Oatway for sections K, T	Chief Executive, Criminal Injuries Compensation Authority
Alan Eccles CBE for section C	Public Guardian and Chief Executive, Office of the Public Guardian

In accordance with Chapter 3 of Managing Public Money (issued by the Treasury), the following individuals have been appointed as Accounting Officers of the department's ALBs.

ALB Accounting Officers:	
Anthony Douglas	Chief Executive, Children and Family Court Advisory and Support Service
Karen Kneller	Chief Executive, Criminal Cases Review Commission
Dr Richard Jarvis	Chief Executive, Judicial Appointments Commission
Neil Buckley	Chief Executive, Legal Services Board
Rob Powell	Chief Executive, Office of Legal Complaints
Martin Jones	Chief Executive, Parole Board
Colin Allars	Chief Executive, Youth Justice Board

Richard Heaton has personal responsibility for the proper presentation of the department's resource accounts and their transmission to the Comptroller & Auditor General, and is also responsible for the use of public money and stewardship of assets.

In discharging these responsibilities, particular regard is given to:

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FReM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

In accordance with Managing Public Money requirements, the relationship between the Principal Accounting Officer and Additional Accounting Officer(s) together with their respective responsibilities, is set out in writing. Similarly, the relationship between the Principal Accounting Officer and the ALB Accounting Officer(s) is set out in writing.

Part III: Note K - Contingent Liabilities

Nature of liability	£'000
HMPPS: An indemnity of up to £50m, in respect of any one accident, has been given to the Heathrow Airport Holdings Limited. This is in respect of damage or injury caused to third parties arising out of the negligence of HMPPS in their use of vehicles travelling airside for the repatriation of prisoners. The likelihood of a liability arising from these contingencies is considered to be uncertain.	50,000
Up to £250 million to damage or injury to third parties per incident in the event of negligence by HMPPS whilst on board an aeroplane.	250,000
Personal accident and/or sickness for HMPPS staff whilst on escorting duties.	Unquantifiable
HMPPS legal claims: Claims for injury to staff, prisoners and the public amounting to £59.8m (2016-17: £69.2m) have been indicated to HMPPS, where the likelihood of a liability arising is deemed possible but not likely.	59,800
HM Courts & Tribunals Service: is involved in a number of legal cases dealing with ex gratia, compensation and other claims. The estimated cost of settlement for HM Courts & Tribunals Service is £5.3m.	5,300
CICA Pre-Tariff Cases: MoJ is currently defending a claim for the use of the discount rate set by the Lord Chancellor in the future loss calculations for the CICA pre tariff scheme the case was judicially reviewed at the Administrative Court and the claim was rejected, with a subsequent application for permission to appeal to the Court of Appeal also refused. The applicant has lodged another appeal for a permission hearing to be heard and the outcome of this is not yet known. The estimated exposure upon any change to the discount rate against the current percentage is dependent on the outcome of a number of cases but has been estimated to be between £51m and £91m.	51,000 to 91,000
CICA Tariff: The Court of Appeal rejected an appeal by an applicant against the decision of the Upper Tribunal in a Tariff case concerning Foetal Alcohol Spectrum Disorder. The applicant's representatives requested permission to appeal to the Supreme Court which was refused. The representatives have now selected another test-case to progress to put before the First-tier Tribunal and the outcome of this is not yet known. There are 87 known cases. Any liability is uncertain but has been estimated between £26m and £43.5m.	26,000 to 43,500
Privately Managed Prisons: HMPPS would be liable as underwriter of last resort to meet losses incurred by the privately managed prisons.	Unquantifiable

<p>Pension entitlements are provided to salaried judges under the Judicial Pension Scheme (JPS). In September 2005, a retired fee paid judicial office holder brought a claim in the Employment Tribunal seeking retrospective parity of treatment with salaried judicial office holders by claiming pension entitlements under the Part Time Workers Regulations. The UK Supreme Court ruling on 6 February 2013 set the precedent for other claims, which in addition to pension entitlements, extended to non-pension entitlements relating to fee paid judicial office holders' employment terms and conditions. There were further appeals from claimants in relation to the scope of retrospective remedies arising from this decision. The UK Supreme Court heard these cases in March 2017, and in July 2017 referred one of the appeals to the Court of Justice of the European Union (CJEU). Judgement on the remaining appeal is still pending. In addition, the Employment Appeal Tribunal in January 2018 upheld an Employment Tribunal decision that transitional protection in the Judicial Pension Scheme 2015 Regulations is unlawful on grounds of discrimination. MoJ is considering appealing this decision. At this stage all these outstanding appeals are treated as contingent liabilities. It is not possible to accurately measure any potential financial liability to the Department.</p>	Unquantifiable
<p>Employment Tribunals: MoJ is currently defending a number of Employment Tribunal claims.</p>	Unquantifiable
<p>Other European Court of Human Rights claims: MoJ is currently engaged in several cases at the European Court of Human Rights, some of which may involve possible financial liability and others which are unquantifiable.</p>	Unquantifiable
<p>Headquarters legal claims: There are a number of outstanding legal claims against MoJ Headquarters, some of which involve possible financial liabilities. Cases where it is probable that MoJ will incur future costs have been included within provisions. These legal claims include Judicial Reviews challenging refusal to pay compensation for miscarriages of justice and legal aid funding.</p>	Unquantifiable
<p>Data Protection Act: There are claims against MoJ for alleged failure to comply with the Data Protection Act. These cases are ongoing.</p>	Unquantifiable
<p>CICA judicial review cases: On occasion compensation cases go to judicial review. These could have an impact on CICA's future liabilities. These cases are not included within the provision due to the fact that a possible obligation exists which will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of CICA.</p>	Unquantifiable
<p>HM Courts & Tribunals Service: has one contingent liability which is presently unquantifiable. A judicial review is underway regarding employment tribunal fees. The High Court and Court of Appeal rejected the judicial review, but it is being taken to the UK Supreme Court. Given the current position of the case, it is not possible to accurately measure any potential financial liability to HM Courts & Tribunals Service.</p>	Unquantifiable
<p>HMPPS LGPS Pensions Guarantee: The Secretary of State for Justice has provided a guarantee to the GMPF in respect of the CRCs' participation in the GMPF for pension liabilities that transferred to the CRCs. The responsibility for funding the past service liabilities associated with the original employees who are deferred or pensioner members of the LGPS transferred to HMPPS under the Secretary of State for Justice.</p>	Unquantifiable

Crown Prosecution Service

Introduction

1. This Estimate provides for expenditure by the Crown Prosecution Service (CPS).
2. It covers the administrative, operational and capital costs incurred by the CPS in prosecuting criminal cases in England and Wales.
3. It provides information relating to a budget transfer from HMRC's Illicit Excise Tobacco Fund and from HMRC's Tax Crime Resourcing Fund to the CPS.
4. It provides information relating to a budget transfer from Foreign and Commonwealth Office for the platform charges to the CPS.
5. It provides information relating to a budget transfer from the Department for International Development's Conflict Security and Stability funding to the CPS.
6. It provides information on revisions to the Net Cash Requirement - movements in working balances due to an increase in debtors and a decrease in creditors.
7. The Crown Prosecution Service Annual Report and Accounts 2017-18 will contain further details.

Part III: Note D - Explanation of Accounting Officer responsibilities

The Accounting Officer prepares resource accounts for each financial year.

The following individuals are responsible for the expenditure within this Estimate:

Accounting Officer: Alison Saunders

Additional Accounting Officers: Lesley Longstone for sections A, B and C

Alison Saunders has personal responsibility for the proper presentation of the department's resource accounts and their transmission to the Comptroller & Auditor General, and is also responsible for the use of public money and stewardship of assets.

In discharging these responsibilities, particular regard is given to:

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FReM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

In accordance with Managing Public Money requirements, the relationship between the Principal Accounting Officer and Additional Accounting Officer together with their respective responsibilities, is set out in writing.

Serious Fraud Office

Introduction

1. The Serious Fraud Office (SFO) is a specialist prosecuting authority tackling the top level of serious or complex fraud, bribery and corruption. It is part of the UK criminal justice system covering England, Wales and Northern Ireland, but not Scotland, the Isle of Man or the Channel Islands. The SFO handles a small number of large and very large economic crime cases.
2. This Estimate covers the costs incurred in the administration and operation of the Serious Fraud Office (SFO). Included are the costs of staff, fees to Counsel and outside accountants, witness expenses, use of information technology to improve presentation of evidence, other investigation and prosecution and litigation costs, expenditure on assisting investigations led by other departments within the Criminal Justice system and defendant's costs and damages ordered by the court to be paid by the SFO.

The Accounting Officer prepares resource accounts for each financial year.

The following individuals are responsible for the expenditure within this Estimate:

Accounting Officer: David Green CB QC

David Green CB QC has personal responsibility for the proper presentation of the department's resource accounts and their transmission to the Comptroller & Auditor General, and is also responsible for the use of public money and stewardship of assets.

In discharging these responsibilities, particular regard is given to:

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FReM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

HM Procurator General and Treasury Solicitor

Introduction

- 1 This Estimate provides for the administrative costs of the Government Legal Department (GLD) within DEL (section A), which includes capital DEL expenditure. This section also covers disbursement costs of the Government Legal Department. Disbursement costs arise on the provision of legal services to government departments. Except for those associated with centrally funded services, these costs are fully recovered from client departments as disbursements on legal cases. The principal areas of this expenditure are adverse costs, counsel fees, expert witnesses and solicitors' agents fees.
- 2 Section B covers the administration costs of the Attorney General's Office including the salaries of two Ministers of the Crown. Section C covers the administrative costs of HM Crown Prosecution Service Inspectorate.
- 3 Further details of the Department's administration costs will be provided in the 2017-18 HM Procurator General and Treasury Solicitor Annual Report and Account and, for GLD, the 2017-18 Government Legal Department Annual Report and Account.
- 4 The Government Legal Department (formerly the Treasury Solicitor's Department), became an Agency on 1 April 1996. It has operated a system of full repayment of the majority of its legal services since 1990-91. The greater parts of its administrative costs are now met by receipts. Since 1999-2000, it has operated under a net operating cost control, allowing it the flexibility to respond to an increasing demand for its services. A small section of the Agency's work, which is considered to be in the public interest, remains centrally funded.

Department for Environment, Food and Rural Affairs

Introduction

1. This Estimate provides for expenditure by Defra, its Executive Agencies, its Arm's Length Bodies (ALBs) and the Forestry Commission in England (including Forest Enterprise England) and its cross border functions (including the Executive Agency Forest Research).
2. The Estimate is based on six main areas of spend, plus a further section covering Departmental operating costs. The Department's ALBs are shown on separate Estimate lines based around the same main areas of spend as the Department. The Estimate is further sub-divided between Departmental Expenditure Limits (DEL), Annually Managed Expenditure (AME) and Non-Budget expenditure.
3. The Estimate includes the Department's net expenditure, administration costs, costs of Executive Agencies, net costs of the ALBs, subsidies to Public Corporations, research and development, payments to Executive Agencies, as well as reimbursable costs and offsetting EU receipts.
4. Defra has four Executive Agencies - the Animal and Plant Health Agency (APHA), the Centre for Environment, Fisheries and Aquaculture Science (CEFAS), the Rural Payments Agency (RPA) and the Veterinary Medicines Directorate (VMD).
5. Defra has eight ALBs and two levy bodies. Details of the Grant in Aid they receive and their budgets can be found in this document at Part III: Note E - Arm's Length Bodies.
6. The Forestry Commission is a non-ministerial government department responsible for advising Forestry Ministers on forestry matters and for implementing forestry policy. Forestry is a devolved matter, with Commissioners accountable separately to the Secretary of State for Environment, Food and Rural Affairs and Scottish Ministers. The duties and functions in the Forestry Acts are exercised in Wales by the Welsh Government and Natural Resources Wales. The funding of the forestry activities in each of the countries is provided by their relevant administrations. Defra funding covers the promotion of forestry and supports the planting, management and conservation of forests and woodlands within England, including the operation of the Commission's estate by its agency, Forest Enterprise England which is classified as a Public Corporation. In addition Defra funds the cross border functions covering forestry research, plant health, sustainable forestry policy, forestry standards and corporate governance.

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FReM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

In accordance with Managing Public Money requirements, the relationship between the Principal Accounting Officer and Additional Accounting Officer(s) together with their respective responsibilities, is set out in writing. Similarly, the relationship between the Principal Accounting Officer and the ALB Accounting Officer(s) is set out in writing.

A to G - DEL		Payments for Committees and Tribunals	58
A to K - DEL		EU Exit preparations	8,000

Part III: Note J - Staff Benefits

The Department operates an Employee Discount Scheme, which provides staff access via a secure login to a website that gives them access to buy discounted retail vouchers and purchase certain goods and services at a discounted rate. The cost of any items purchased is met by the employee. Under the new agreed Crown Commercial Services Employee Benefits Framework that was implemented for Defra in August 2016 this service is provided at zero cost to the Department.

Part III: Note K - Contingent Liabilities

Nature of liability	£'000
A liability is expected to arise to meet the shortfall in EA pensions as a result of staff transferring from EA to the Core Department.	30,000
Small potential liabilities against the Defra group.	7,200
As part of the revised contract with Defra's facilities management providers it has been agreed that under certain conditions arising from the rationalisation of the estate and subsequent reduction in demand, any restructuring costs such as redundancies or early retirement will be recharged to the Core Department.	Unquantifiable
There is an ongoing independent assessment which was set up following recommendations in a report from the Parliamentary and Health Service Ombudsman, in relation to a claim for maladministration.	Unquantifiable
In addition to the provision for dilapidations where Defra leases properties from landlords, there remains a potential liability for dilapidations where Defra occupies properties leased by other government departments under a memorandum of terms of occupation (MOTO) agreement. The potential for and the value of a dilapidation claim for these properties is more uncertain, hence is disclosed as a contingent liability, rather than as a provision.	Unquantifiable
RPA is currently in receipt of appeals from scheme claimants of claims covering the Basic Payment Scheme, Single Payment Scheme and trader related schemes. If the appeals are successful they could either result in a liability for EU or Exchequer funded payments.	Unquantifiable
There is a potential liability in respect of financial corrections for disallowance, however this is unquantifiable at present as notification has not been received from the Commission.	Unquantifiable
Natural England (NE) has identified a contingent liability in relation to an issue being considered under the HMRC compliance audit which has been ongoing in 2016–17. Work continues in finalising the compliance audit over 2017–18 and part of this will identify and confirm whether NE does have a present obligation which could lead to a future outflow of resources. At this stage the amount of any such potential liability is unquantifiable.	Unquantifiable
HM Government guarantee for EU funding streams as announced in August and October 2016. Defra's responsibility covers CAP Pillar 1, CAP Pillar 2, European Maritime and Fisheries Fund (EMFF) and LIFE.	Unquantifiable

HM Revenue and Customs

Introduction

1. This Estimate covers the expenditure and income of HM Revenue and Customs (HMRC) including its Executive Agency, the Valuation Office Agency (VOA).
2. We are the UK's tax, payments and customs authority, and we have a vital purpose: we collect the money that pays for the UK's public services and help families and individuals with targeted financial support.

We do this by being impartial and increasingly effective and efficient in our administration. We help the honest majority to get their tax right and make it hard for the dishonest minority to cheat the system.

Our key objectives set out in our Single Departmental Plan are to:

- maximise revenues due and bear down on avoidance and evasion
- transform tax and payments for our customers
- design and deliver a professional, efficient and engaged organisation.

We contribute to the country's economic and social wellbeing, support growth and as a socially-responsible organisation, we monitor closely our economic, social and environmental impact. The UK is one of the largest economies in both the EU and the world and we play our part by making it easier for business to trade.

We work closely with HM Treasury through the Policy Partnership to deliver effective tax policy which meets government objectives, working together on policy design through to implementation. We are uniquely placed to provide advice on the implementation of tax policies using our considerable expertise, knowledge and insight of our customers and their behaviour, tax compliance and tax legislation.

We also work with a number of other government departments to help deliver their objectives; for example, in collecting student loans and in enforcing the National Minimum Wage and National Living Wage.

3. The VOA is responsible for providing valuations and property advice to support taxation, benefits and other clients where public funds are involved.

Part III: Note D - Explanation of Accounting Officer responsibilities

The Accounting Officer prepares resource accounts for each financial year.

The following individuals are responsible for the expenditure within this Estimate:

Accounting Officer:	Jon Thompson (Principal Accounting Officer)
Executive Agency Accounting Officers:	Melissa Tatton for sections B, J and K (Chief Executive of the Valuation Office Agency)

In accordance with Chapter 3 of Managing Public Money (issued by the Treasury), the following individuals have been appointed as Accounting Officers of the department's ALBs.

Jon Thompson (Principal Accounting Officer) has personal responsibility for the proper presentation of the department's resource accounts and their transmission to the Comptroller & Auditor General, and is also responsible for the use of public money and stewardship of assets.

In discharging these responsibilities, particular regard is given to:

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FReM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

In accordance with Managing Public Money requirements, the relationship between the Principal Accounting Officer and Additional Accounting Officer(s) together with their respective responsibilities, is set out in writing. Similarly, the relationship between the Principal Accounting Officer and the ALB Accounting Officer(s) is set out in writing.

HM Treasury

Introduction

The Treasury Supply Estimate covers the following areas:

1. The administration and programme costs of the core Treasury, the Debt Management Office, Government Internal Audit Agency, National Infrastructure Commission and the Office of Tax Simplification.
2. Net spending by the department's Arms Length Bodies - Office for Budget Responsibility, Infrastructure Finance Unit Limited, IUK Investments Limited, IUK Investment Holdings Limited, HM Treasury UK Sovereign SUKUK plc, Royal Mint Advisory Committee on the design of coins, medals, seals and decorations, UK Government Investments Limited, Sovereign Grant funding of the Royal Household, Money Advice Service, Financial Services Compensation Scheme, UK Asset Resolution Limited and Help to Buy (HMT) Limited.
3. Spending on the production and storage of UK circulating coinage supplied to UK Banks and cash centres by the Royal Mint on behalf of HM Treasury.
4. Investments in the Royal Mint and the Bank of England
5. Administration of the Equitable Life Payments Scheme.
6. Financial stability measures.
7. Spending on the Help to Buy including the ISA programme.
8. Non-voted spending in the Estimate relates to the provision of services by the Bank of England (DEL), Royal Household pensions and the Civil List (AME). These payments are made under separate legislative authority and do not require authorisation in the Estimate.
9. Further details can be found in the 2017-18 Annual Report and Accounts.

Part III: Note D - Explanation of Accounting Officer responsibilities

The Accounting Officer prepares resource accounts for each financial year.

The following individuals are responsible for the expenditure within this Estimate:

Accounting Officer:	Tom Scholar
Executive Agency Accounting Officers:	
Sir Robert Stheeman	UK Debt Management Office
Jon Whitfield	Government Internal Audit Agency
Philip Graham	National Infrastructure Commission

In accordance with Chapter 3 of Managing Public Money (issued by the Treasury), the following individuals have been appointed as Accounting Officers of the department's ALBs.

ALB Accounting Officers:

Beth Russell	Office of Tax Simplification
Mark Russell	UK Government Investments
Robert Chote	Office for Budget Responsibility
Tom Scholar	Infrastructure Finance Unit Limited
Adam Lawrence	Royal Mint Advisory Committee on the design of coins etc
Charles Counsell	Money Advice Service

Ian Hares	United Kingdom Asset Resolution Limited
Sophie Dean	Help to Buy (HMT) Limited
Tom Scholar	IUK Investments Limited
Tom Scholar	IUK Investments Holdings Limited
Mario Pisani	HM Treasury UK Sovereign SUKUK plc

Tom Scholar has personal responsibility for the proper presentation of the department's resource accounts and their transmission to the Comptroller & Auditor General, and is also responsible for the use of public money and stewardship of assets.

In discharging these responsibilities, particular regard is given to:

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FRoM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and

- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

In accordance with Managing Public Money requirements, the relationship between the Principal Accounting Officer and Additional Accounting Officer(s) together with their respective responsibilities, is set out in writing. Similarly, the relationship between the Principal Accounting Officer and the ALB Accounting Officer(s) is set out in writing.

<p>1. HM Treasury has announced replacement guarantee arrangements with effect from 1 January 2010 to continue to safeguard certain borrowings and derivative transactions of, and certain wholesale deposits held in accounts with Northern Rock (Asset Management) Ltd (formerly plc), in each case existing immediately after the transfer became effective on 1 January 2010 and which were transferred to NRAM Ltd pursuant to restructuring of the group in May 2016.</p>	200,000
<p>2. In 2008 at the time of nationalisation of Bradford & Bingley plc (B&B), HM Treasury put in place arrangements to guarantee certain wholesale borrowings and deposits held in accounts with B&B. If B&B are unable to meet their obligations, HM Treasury will assume responsibility for payments.</p>	13,250
<p>3. On 19 January 2009, HM Treasury authorised the Bank of England to purchase high quality private sector assets and UK Government debt purchased on the secondary market. The Government has indemnified the Bank of England and the fund specially created to implement the facility from any losses arising out of or in connection with the facility. (Letter to Treasury Select Committee 19 January 2009, letters dated 29 January 2009 and 3 March 2009 to Governor of the Bank of England, Treasury Minutes dated 5 March 2009, 14 September 2009, 9 November 2009, 24 March 2010, 6 October 2011, 9 February 2012 and 5 July 2012).</p>	Up to 560,000,000
<p>4. The Chancellor of the Exchequer and Chief Secretary to the Treasury announced the UK Guarantees scheme on 18 July 2012. The scheme aims to kick start critical infrastructure projects that may have stalled because of adverse credit conditions. Around £40 billion of projects could qualify for the provision of guarantees.</p>	980,500
<p>5. Hinkley Point - two UK Guarantees approved and commitment issued to EdF/NNB. The debt is currently undrawn. The initial guarantee is for £2bn, subject to conditions, as is a further guarantee of £13.1bn, which also remains subject to ministerial approval and is cancellable.</p>	15,100,000
<p>6. On the 31 March 2017, the Chancellor announced the sale of a portfolio of UKAR's B&B loan book assets to Prudential plc and funds managed by Blackstone. The proceeds from the sale were £11.4bn. The Treasury provided certain fundamental market standard warranties. The crystallisation of any liability is dependent on the occurrence and identification of any defects covered by the fundamental market standard warranties. The maximum potential liability is capped at the value of the sale proceeds; £11.4bn.</p>	11,400,000

Part III: Note K - Contingent Liabilities (*continued*)

Nature of liability	£'000
7. HM Treasury has taken on a contingent liability as a result of the sale of a portfolio of UKAR's B&B mortgage assets in March 2017. These market-standard time and value capped warranties and indemnities confirming regulatory, legislative and contractual compliance have been provided to the purchasers. The maximum contingent liability arising is approximately £0.79 billion.	790,000
Other Contingent Liabilities	
8. The Help to Buy mortgage guarantee scheme was launched on 2 January 2014. The scheme is designed to address the shortage of high loan-to-value mortgages, by offering lenders the option to purchase a guarantee on mortgages where a borrower has a deposit of between 5% and 20%. In the event of a borrower defaulting on their mortgage, HM Treasury would be liable for a portion of net losses suffered following the sale of the property. The scheme rules provide for a maximum contingent liability of £12 billion.	Up to £12,000,000
9. HM Treasury has confirmed to the FCA its intention to take appropriate steps (should they prove necessary) to ensure that Bradford & Bingley will continue to operate above the minimum regulatory capital requirements (Treasury Minute dated 2 June 2009).	521,900,000

Part III: Note D - Explanation of Accounting Officer responsibilities

The Accounting Officer prepares resource accounts for each financial year.

The following individuals are responsible for the expenditure within this Estimate:

Accounting Officer:	John Manzoni, Chief Executive of the Civil Service and Cabinet Office Permanent Secretary
Additional Accounting Officers:	
William Priest	Director, Geospatial Commission
Executive Agency Accounting Officers:	
Malcolm Harrison	Chief Executive, Crown Commercial Service
Michael Parsons	Director General, Government Property and Chief Executive, Government Property Agency

In accordance with Chapter 3 of Managing Public Money (issued by the Treasury), the following individuals have been appointed as Accounting Officers of the department's ALBs.

ALB Accounting Officers:

Alison J White	Registrar of Consultant Lobbyists
Peter J Lawrence, OBE	Chief Executive, Civil Service Commission

John Manzoni, Chief Executive of the Civil Service and Cabinet Office Permanent Secretary has personal responsibility for the proper presentation of the department's resource accounts and their transmission to the Comptroller & Auditor General, and is also responsible for the use of public money and stewardship of assets.

In discharging these responsibilities, particular regard is given to:

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FRoM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

In accordance with Managing Public Money requirements, the relationship between the Principal Accounting Officer and Additional Accounting Officer(s) together with their respective responsibilities, is set out in writing. Similarly, the relationship between the Principal Accounting Officer and the ALB Accounting Officer(s) is set out in writing.

† Civil Service Commission includes one advisory Non-Departmental Public Body, Advisory Committee on Business Appointments, and the Officer of the Commissioner for Public Appointments.

Part III: Note K - Contingent Liabilities

Nature of liability	£'000
<p>Indemnity for Returning Officers at the European Parliamentary elections, May 2014</p> <p>For the purposes of European Parliamentary elections, Regional Returning Officers and Local Returning Officers throughout Great Britain are statutorily independent officers. They stand separate from both central and local government. As a result, they can be exposed to a variety of legal risks varying from minor claims for injury at polling stations to significant election petitions challenging the outcome of a poll and associated legal costs. The Cabinet Office provided an indemnity to Regional and Local Returning Officers for the European Parliamentary general election held on 22 May 2014 and any subsequent by-elections before the next general election due in 2019. This indemnity is to cover the costs of any claims against them which are not covered under the existing insurance policies which Regional and Local Returning Officers hold. The Department also certificated the Returning Officers under The Employers' Liability (Compulsory Insurance) Regulations 1998 in respect of any liability to the employees.</p>	Unquantifiable
<p>Indemnity for Returning Officers at the UK Parliamentary elections, May 2015</p> <p>For the purposes of UK Parliamentary elections, Returning Officers and Acting Returning Officers throughout Great Britain are statutorily independent officers. They stand separate from both central and local government. As a result, they can be exposed to a variety of legal risks varying from minor claims for injury at polling stations to significant election petitions challenging the outcome of a poll and associated legal costs.</p> <p>The Cabinet Office provided an indemnity to Returning Officers for the UK Parliamentary general election held on 7 May 2015. The indemnity is to cover the costs of any claims against them, which are not covered under the existing insurance policies that Returning Officers hold.</p> <p>The indemnity will cover costs arising in relation to UK Parliamentary elections including by-elections, where the date of the poll is before the next scheduled general election in May 2022. This will cover the extraordinary general election held on 8 June 2017 and by-elections up to April 2022.</p>	Unquantifiable
<p>Indemnity for Returning Officers at the Police and Crime Commissioner elections, May 2016</p> <p>For the purposes of Police and Crime Commissioner elections, Police Area Returning Officers and Local Returning Officers throughout England and Wales are statutorily independent officers. They stand separate from both central and local government. As a result, they can be exposed to a variety of legal risks varying from minor claims for injury at polling stations to significant election petitions challenging the outcome of a poll and associated legal costs. The Cabinet Office provided an indemnity to Police Area Returning Officers and Local Returning Officers for the Police and Crime Commissioner elections held on 5 May 2016. The indemnity is to cover the costs of any claims against them, which are not covered under any existing insurance policies that Police Area Returning Officers and Local Returning Officers hold. The Department also certificated the Returning Officers under The Employers' Liability (Compulsory Insurance) Regulations 1998 in respect of any liability to their employees. The indemnity and certificate will remain in place to provide cover to Police Area Returning Officers and Local Returning Officers for any by-elections that are held prior to the next scheduled Police and Crime Commissioner elections in May 2020.</p>	Unquantifiable

Part III: Note K - Contingent Liabilities (*continued*)

Nature of liability	£'000
Indemnity for Petition Officers	Unquantifiable
<p>The Cabinet Office has provided an indemnity to Petition Officers for any Recall Petition that may be held between the date the indemnity came into force, 8 June 2016, and 6 May 2020. For the purposes of Recall Petitions, Petition Officers throughout Great Britain are statutorily independent officers. They stand separate from both central and local government. As a result, they can be exposed to a variety of legal risks varying from minor claims for injury at signing locations to recall petition complaints, challenging the outcome of a petition and associated legal costs. The Cabinet Office has not provided an indemnity for Petition Officers previously as the Recall legislation has only recently been created. This follows the same process where the Cabinet Office has provided an indemnity to Returning Officers for the UK Parliamentary election held on 7 May 2015, as well as other recent electoral events. The indemnity is to cover the costs of any claims against Petition Officers, which are not otherwise recoverable under the charges provisions contained in paragraph 3 of Schedule 1 to the Recall of MPs Act 2015.</p>	
Indemnity for the Official Receiver	Unquantifiable
<p>The Government has indemnified the Official Receiver, appointed as Liquidator of Carillion Plc and certain other companies in its group, for actions he undertakes as Receiver in respect of any claims and proceedings that are made against him personally. The indemnity does not extend to any costs which may legitimately be charged to the company or companies in liquidation. This will enable the Official Receiver to ensure the orderly winding up of the group's activities and in particular safeguard the continuity of public services. The indemnity was provided on 15 January 2018 and may be terminated by Government giving not less than 14 day's notice.</p>	

Scotland Office and Office of the Advocate General

Introduction

1. The Estimate provides for support for the Secretary of State for Scotland and the Advocate General for Scotland to deliver the Department's objectives of strengthening and sustaining the Union, being Scotland's voice in Whitehall and championing the UK Government in Scotland, and protecting the UK Government's interests in the courts and providing advice on policy and legislation.
2. The Estimate provides for the administration costs of the Scotland Office and Office of the Advocate General, the salaries of the Secretary of State, his Parliamentary Under Secretary of State, the Advocate General for Scotland, the costs of the Boundary Commission for Scotland and payments to the Scottish Consolidated Fund.
3. Under the Scotland Act 1998, the authorisation of expenditure by the Scottish Government is the responsibility of the Scottish Parliament. Details of this can be found in the publication Scotland's Budget Documents.

Part III: Note D - Explanation of Accounting Officer responsibilities

The Accounting Officer prepares resource accounts for each financial year.

The following individuals are responsible for the expenditure within this Estimate:

Accounting Officer: Gillian McGregor

Gillian McGregor has personal responsibility for the proper presentation of the department's resource accounts and their transmission to the Comptroller & Auditor General, and is also responsible for the use of public money and stewardship of assets.

In discharging these responsibilities, particular regard is given to:

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FRM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

Northern Ireland Office

Introduction

1. The Estimate provides for the costs of the Northern Ireland Office and its associated bodies, the salaries of the Secretary of State for Northern Ireland, her Ministers, and a grant to the Northern Ireland Consolidated fund.
2. It provides for the oversight of the effective operation of the devolution settlement in Northern Ireland and the representation of Northern Ireland interests within the UK Government.
3. Authorisation of expenditure by the Northern Ireland Executive is the responsibility of the Northern Ireland Assembly.

Part III: Note D - Explanation of Accounting Officer responsibilities

The Accounting Officer prepares resource accounts for each financial year.

The following individuals are responsible for the expenditure within this Estimate:

Accounting Officer: Sir Jonathan Stephens

In accordance with Chapter 3 of Managing Public Money (issued by the Treasury), the following individuals have been appointed as Accounting Officers of the department's ALBs.

ALB Accounting Officers:

David Russell	Northern Ireland Human Rights Commission
Lee Hegarty	Parades Commission for Northern Ireland
Jenny Bell	Independent Reporting Commission

Sir Jonathan Stephens has personal responsibility for the proper presentation of the department's resource accounts and their transmission to the Comptroller & Auditor General, and is also responsible for the use of public money and stewardship of assets.

In discharging these responsibilities, particular regard is given to:

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FReM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

In accordance with Managing Public Money requirements, the relationship between the Principal Accounting Officer and Additional Accounting Officer(s) together with their respective responsibilities, is set out in writing. Similarly, the relationship between the Principal Accounting Officer and the ALB Accounting Officer(s) is set out in writing.

Part III: Note D - Explanation of Accounting Officer responsibilities

The Accounting Officer prepares resource accounts for each financial year.

The following individuals are responsible for the expenditure within this Estimate:

Accounting Officer: Glynne Jones

Glynne Jones has personal responsibility for the proper presentation of the department's resource accounts and their transmission to the Comptroller & Auditor General, and is also responsible for the use of public money and stewardship of assets.

In discharging these responsibilities, particular regard is given to:

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FRM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

National Savings and Investments

Introduction

1. This Estimate provides for the expenditure on the administration of the National Savings and Investments.
2. National Savings and Investments aims to inspire a stronger savings culture and believes everyone should have the opportunity to save confidently. To achieve this, its core objective is to provide cost-effective financing for government and the public good. National Savings and Investments is committed to offering trusted savings and investments propositions, and to balancing the interests of its savers, taxpayers and the market. Products cover fixed rate, variable rate and prize based Premium Bonds. National Savings and Investments is also leveraging its core infrastructure and capability by delivering other valued services for government.
3. The cost of National Savings and Investments operations comprises debt interest, tax foregone and administration. The last item is included in the budgets and is covered by this Resource Estimate which provides for administering and selling National Savings and Investments products, maintaining customer holdings, and making payments to and conducting correspondence with investors as well as leveraging its capabilities.
4. In May 2013 following a competitive tender, National Savings and Investments entered into a new seven-year Public-Private Partnership contract with Atos for the provision of operational services which came into effect on 1 April 2014. The contract is to design, develop, procure, finance and operate, including maintaining certain assets over the period of the contract to enable the provision of a back office function and Customer Interaction Centre. The contract value is over £600 million for the seven year operational term in nominal terms, however this will vary depending on the level of stock and business-to-business activity. The contract provides for greater efficiencies and substantial savings over its life. The contract payments to Atos account for over 75% of the full estimate.
5. Full details of the expenditure contained in this Estimate can be found in National Savings and Investments Annual Report and Accounts 2018.

Part III: Note D - Explanation of Accounting Officer responsibilities

The Accounting Officer prepares resource accounts for each financial year.

The following individuals are responsible for the expenditure within this Estimate:

Accounting Officer: Ian Ackerley

Ian Ackerley has personal responsibility for the proper presentation of the department's resource accounts and their transmission to the Comptroller & Auditor General, and is also responsible for the use of public money and stewardship of assets.

In discharging these responsibilities, particular regard is given to:

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FRM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

Charity Commission

Introduction

1. This Estimate provides for the revenue and capital expenditure of the Charity Commission for England and Wales.
2. The Commission is a non-ministerial Government Department, established by law to be the registrar and regulator of charities in England and Wales. The Commission maintains an electronic public register of charities, provides guidance and advice to charities, monitors their activities through their accounts and annual returns and seeks to identify and investigate any impropriety that may place charitable assets at risk. These activities aim to give the public confidence in the integrity of charity. Further details about the work of the Commission are on its website www.charitycommission.gov.uk.

Part III: Note D - Explanation of Accounting Officer responsibilities

The Accounting Officer prepares resource accounts for each financial year.

The following individuals are responsible for the expenditure within this Estimate:

Accounting Officer: Helen Stephenson

Helen Stephenson has personal responsibility for the proper presentation of the department's resource accounts and their transmission to the Comptroller & Auditor General, and is also responsible for the use of public money and stewardship of assets.

In discharging these responsibilities, particular regard is given to:

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FRM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

Competition and Markets Authority

Introduction

1. The Competition and Markets Authority (CMA) is an independent consumer protection and competition authority.
2. Its goal is to promote competition for the benefit of consumers, both within and outside the UK and to make markets work well for consumers, businesses and the economy. This is achieved by enforcing competition law; investigating mergers; conducting market studies and investigations where there may be competition and consumer issues; investigating breaches of UK and EU prohibitions against anti-competitive agreements and abuses of dominant positions; bringing criminal proceedings against individuals who commit cartel offences under the Enterprise Act 2002 (EA02). It also entails enforcing consumer protection legislation to tackle practices and market conditions that make it difficult for consumers to exercise choice; co-operating with sector regulators and encouraging regulators to use their competition powers; consideration of regulatory references and appeals and carrying out other competition roles. This all involves an active communications strategy.
3. This Estimate covers the planned budgetary expenditure and income of the Competition and Markets Authority.

Part III: Note D - Explanation of Accounting Officer responsibilities

The Accounting Officer prepares resource accounts for each financial year.

The following individuals are responsible for the expenditure within this Estimate:

Accounting Officer: Andrea Coscelli

Additional Accounting Officers: Erik Wilson for sections A and B

Andrea Coscelli has personal responsibility for the proper presentation of the department's resource accounts and their transmission to the Comptroller & Auditor General, and is also responsible for the use of public money and stewardship of assets.

In discharging these responsibilities, particular regard is given to:

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FReM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

In accordance with Managing Public Money requirements, the relationship between the Principal Accounting Officer and Additional Accounting Officer together with their respective responsibilities, is set out in writing.

The Statistics Board

Introduction

1. This Estimate provides for the programme costs and other expenditure costs for the Statistics Board known as the UK Statistics Authority.
2. The Authority's objective is to promote and safeguard the production and publication of official statistics that serve the public good.
3. The Authority's main responsibilities include: to promote and safeguard the quality of official statistics with reference to their impartiality, accuracy, relevance and coherence with other official statistics; to monitor the production and publication of official statistics; to conduct a programme of assessment of existing and candidate National Statistics against the Code of Practice for Official Statistics; to confirm or cancel National Statistics designation of these statistics; to oversee the Office for National Statistics (ONS).
4. The main responsibilities of ONS, the Executive Office of the Authority include: collection, collation and dissemination of statistics relating to the United Kingdom's national accounts, balance of payments, retail prices index, financial transactions and measures of output; co-ordination of statistics relating to regional matters and crime statistics; compilation of Labour Market statistics; undertaking of various representational roles in an international context including the coordination, design, collection, preparation, supply and quality management of the UK's European statistics; providing professional leadership for statistics across government; development and maintenance of definitions, methodologies, classifications for official statistics; implementing and issuing information from the decennial census of the population; supplying demographic statistics for national, regional and local planning; conducting social surveys; undertaking data science research and developing measures of national wellbeing.

Part III: Note D - Explanation of Accounting Officer responsibilities

The Accounting Officer prepares resource accounts for each financial year.

The following individuals are responsible for the expenditure within this Estimate:

Accounting Officer: John Pullinger

John Pullinger has personal responsibility for the proper presentation of the department's resource accounts and their transmission to the Comptroller & Auditor General, and is also responsible for the use of public money and stewardship of assets.

In discharging these responsibilities, particular regard is given to:

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FReM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

Part III: Note D - Explanation of Accounting Officer responsibilities

The Accounting Officer prepares resource accounts for each financial year.

The following individuals are responsible for the expenditure within this Estimate:

Accounting Officer: Jeff James

Jeff James has personal responsibility for the proper presentation of the department's resource accounts and their transmission to the Comptroller & Auditor General, and is also responsible for the use of public money and stewardship of assets.

In discharging these responsibilities, particular regard is given to:

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FReM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

United Kingdom Supreme Court

Introduction

1. The Supreme Court was established as a non-Ministerial department on 1 October 2009.
2. This Estimate provides for the cost of administering the United Kingdom Supreme Court, including salaries of staff, provision and maintenance of Court and office accommodation and general administrative expenditure. Provision is also made for the costs of specially Qualified Advisers where they are required in particular cases.
3. The Estimate also provides for the provision of appropriate support to the Judicial Committee of the Privy Council.
4. Direct expenditure from the Consolidated Fund on the salaries of the Judiciary of the Supreme Court is estimated at £2,400,000 in 2018/19.
5. Further details of the expenditure contained in this Estimate can be found in The Supreme Court Business Plan.

Part III: Note D - Explanation of Accounting Officer responsibilities

The Accounting Officer prepares resource accounts for each financial year.

The following individuals are responsible for the expenditure within this Estimate:

Accounting Officer: Mark Ormerod

Mark Ormerod has personal responsibility for the proper presentation of the department's resource accounts and their transmission to the Comptroller & Auditor General, and is also responsible for the use of public money and stewardship of assets.

In discharging these responsibilities, particular regard is given to:

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FReM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

Office of Gas and Electricity Markets

Introduction

1. This Estimate covers the resource, capital and cash expenditure of the Office of Gas and Electricity Markets.
2. The Office of Gas and Electricity Markets (OFGEM) comprises the Gas and Electricity Markets Authority, and was set up in December 2000 under the provisions of the Utilities Act 2000. OFGEM's principal objective when carrying out our functions is to protect the interests of existing and future electricity and gas consumers.
3. Monies collected on behalf of the Secretary of State, either on behalf of consumer advocacy functions, metrology functions, or in respect of the Secretary of State's own costs are shown as payments to the Department for Business, Energy and Industrial Strategy (BEIS)
4. Central expenditure is offset mainly by income from Other Government Departments, recharges in respect of the Offshore Transmission Tender regime, and licence fees recovered from the gas and electricity industries.

- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FRM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

Office of Rail and Road

Introduction

1. This Estimate provides for expenditure for the Office of Rail and Road (ORR).
2. ORR, as the combined economic and safety regulator, is responsible for railway health and safety matters and the regulation of access to railways and promotion of competition in the provision of rail services. It is also responsible for promoting efficiency and economy for those providing railway services and protecting the interests of railway service users.
3. ORR is responsible for monitoring Highways England's management and operation of the strategic road network.
4. ORR acts as the appeal body, controls the network statement, monitors the competitive situation of rail services, and oversees the efficient management and fair and non-discriminatory use of rail infrastructure for Northern Ireland.
5. Further details of expenditure contained in this Estimate can be found in ORR's Annual Report and Accounts 2017-18.

Part III: Note D - Explanation of Accounting Officer responsibilities

The Accounting Officer prepares resource accounts for each financial year.

The following individuals are responsible for the expenditure within this Estimate:

Accounting Officer: Joanna Whittington

Joanna Whittington has personal responsibility for the proper presentation of the department's resource accounts and their transmission to the Comptroller & Auditor General, and is also responsible for the use of public money and stewardship of assets.

In discharging these responsibilities, particular regard is given to:

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FReM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

Water Services Regulation Authority

Introduction

1. This Estimate provides for the funding and expenditure of the Water Services Regulation Authority (Ofwat), which was established under the Water Act 2003. Ofwat is responsible for the regulation of the water industry in England and Wales as principally set out in the Water Industry Act 1991, Water Act 2003, and Water Act 2014. Ofwat is a competition authority principally under the Competition Act 1998 and the Enterprise Act 2002 relating to commercial activities connected with water or sewerage services in England and Wales.
2. Ofwat is funded through licence fees received from the water and and/or sewerage companies and is subject to cost control.
3. The cash provision includes £143,000, relating to the part of the pension costs of the former Directors General of the Office of Water Services ('Directors General') which cannot be charged to the water industry as it relates to their services with other government departments.

Export Credits Guarantee Department

Introduction

1. This Estimate covers the planned budgetary expenditure of the Export Credits Guarantee Department (ECGD) and its support of UK exporters.
2. The total Resource DEL is to cover the running costs of the Department. The net amount requested is broken down between Administration and Programme. Administration RDEL is a token amount (of £1k) with the gross costs covered from the premium income that the Department receives. Programme RDEL represents the GREAT fund allocation from the Department for International Trade towards marketing related expenditure of £1.3m.
3. Income received by ECGD in the course of supporting exporters scores against its Resource AME. In 2018-19 income will predominantly be premium earned. Income arising from Direct Lending loans is interest earned.
4. Capital AME expenditure is for the drawdown of Direct Lending loans.

Part III: Note D - Explanation of Accounting Officer responsibilities

The Accounting Officer prepares resource accounts for each financial year.

The following individuals are responsible for the expenditure within this Estimate:

Accounting Officer: Louis Taylor

Louis Taylor has personal responsibility for the proper presentation of the department's resource accounts and their transmission to the Comptroller & Auditor General, and is also responsible for the use of public money and stewardship of assets.

In discharging these responsibilities, particular regard is given to:

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FReM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

Office of the Parliamentary Commissioner for Administration and the Health Service Commissioner for England

Introduction

1. The Office of the Parliamentary Commissioner for Administration and the Health Service Commissioner for England now known generally as the Office of the Parliamentary and Health Service Ombudsman (PHSO), exists to support the Ombudsman in his role. The Ombudsman's role includes the investigation of complaints about government departments, their agencies and some other public bodies in the UK; and complaints about NHS services provided by hospitals, health authorities, trusts, general practitioners, dentists, pharmacists, opticians and other healthcare practitioners. It also includes contributing to the improvement of public sector complaint handling and public services more generally.
2. The work of PHSO is governed by the Parliamentary Commissioners Act 1967 and the Health Service Commissioners Act 1993. The Ombudsman is an independent office-holder appointed by the Crown.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

House of Lords

Introduction

1. This Estimate covers allowances and expenses paid to Members of the House of Lords for the purpose of their parliamentary duties, together with the administrative and accommodation costs of the House of Lords. It includes the payment of staff salaries and pensions, supplies, catering and retail services, the House of Lords' share of accommodation and security costs for the Parliamentary Estate shared with the House of Commons, other shared services, financial assistance to opposition parties, and grants and grants-in-aid to Parliamentary bodies and organisations who promote the House of Lords' objectives.
2. Control is vested in the House of Lords' Commission, appointed each session. The spending plans provide for a uniform level of service to the House and its Committees.

Part III: Note D - Explanation of Accounting Officer responsibilities

The Accounting Officer prepares resource accounts for each financial year.

The following individuals are responsible for the expenditure within this Estimate:

Accounting Officer: David Natzler, Clerk of the House of Commons

David Natzler, Clerk of the House of Commons has personal responsibility for the proper presentation of the Members' annual accounts and their transmission to the Comptroller & Auditor General, and is also responsible for the use of public money and stewardship of assets.

In discharging these responsibilities, particular regard is given to:

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FReM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

Crown Estate Office

Introduction

1. This Estimate provides for a contribution to the salaries of the Crown Estate Commissioners and their staff, the expenses of their office and associated non-cash items. Up to the reign of King George III the reigning sovereign received the rents and profits of the Crown Estate. Since 1760 the surplus rents and profits (after deducting management expenses) have at the beginning of each reign been surrendered by the Sovereign to Parliament as part of the arrangements for the provision of the Civil List. The arrangement continues under the Sovereign Grant which has replaced the Civil List. The Estate itself remains part of the hereditary possessions of the Sovereign in the right of the Crown.

2. The Crown Estate is not a Government property, but neither is it part of the private estate of the reigning monarch. The Estate is managed by the Crown Estate Commissioners under the powers vested in them by The Crown Estate Act 1961, which provided for their salaries, and those of their staff and the expenses of their office to be paid out of monies voted by Parliament. The other administrative costs of managing the Estate are paid out of the Estate revenues as part of the management expenses. The surplus revenues are paid to the Consolidated Fund at the end of each year and score as a miscellaneous receipt. For 2016-17 £328.8 million was paid to the Consolidated Fund. For reference, full accounts are produced in June each year under section 2(5) of The Crown Estate Act 1961 (9 and 10 Eliz 2 Ch 55). Additionally, the annual Commissioners' Report is available, on request.

Part III: Note D - Explanation of Accounting Officer responsibilities

The Accounting Officer prepares resource accounts for each financial year.

The following individuals are responsible for the expenditure within this Estimate:

Accounting Officer: Alison Nimmo, the Second Commissioner and Chief Executive

Alison Nimmo, the Second Commissioner and Chief Executive has personal responsibility for the proper presentation of the department's resource accounts and their transmission to the Comptroller & Auditor General, and is also responsible for the use of public money and stewardship of assets.

In discharging these responsibilities, particular regard is given to:

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FRM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

Armed Forces Pension and Compensation Schemes

Introduction

1. This Estimate provides for the payment of pensions and other benefits to persons covered by the Armed Forces Pension & Compensation Schemes (AFPCS), the rules for which are set out in the Armed Forces Pension Regulations Statutory Instrument Order 2014, the Armed Forces Early Departure Payments Scheme Regulations Statutory Instrument 2014, the Armed Forces (Transitional Provisions) Pensions Regulations Statutory Instrument 2015, the Armed Forces (Pensions and Compensation) Act 2004, the Royal Navy Orders in Council, the Army Pensions Warrant and the Queen's Regulations for the Royal Air Force.
2. The Armed Forces Pension Scheme is an unfunded, non-contributory, public service occupational pension scheme for members of the Armed Forces. Benefits include pension and lump sum on retirement, payments to widows, widowers and dependants of members who die in service or retirement. Provision is made for the refund of contributions to early leavers, and for the payment of and receipt of transfer payments in respect of members moving out of and into employment covered by the scheme.
3. The Estimate also provides for the Armed Forces Bereavement Scholarship Scheme, with reimbursement of payments made by the Department for Business, Energy and Industrial Strategy and the Devolved Administrations of Scotland, Northern Ireland and Wales.
4. The Ministry of Defence is responsible for administering the AFPCS; the related staff and other costs are borne on the Ministry of Defence Estimate.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

Department for International Development: Overseas Superannuation

Introduction

1. This Estimate covers the payments of pensions and grants under various superannuation schemes relating to service overseas. The main components are pensions, including UK supplements and increases, of former officers of the India, Pakistan and Burma civil and military services and their dependants, and of former colonial public servants and their dependants; pensions for beneficiaries of certain former overseas pension funds for which the UK assumed responsibility; pensions for beneficiaries and former beneficiaries of the Gibraltar Social Insurance Fund; contributions to pension funds guaranteed by the UK; refunds of contributions made by overseas governments; and war service credit.
2. The resource provision in the Estimate includes the interest cost arising during the year from the increases in the present value of the discounted provision for scheme liabilities because the benefits are one year closer to settlement. It also includes the cost of the recognition of the remaining liability associated with the pensions paid on behalf of the British Government as a result of the Trilateral Agreement between the Governments of the UK, Spain and Gibraltar, which was reached in Cordoba in 2006. HM Treasury agreed that from 1 April 2018, Overseas Superannuation would hold this liability. The schemes are closed with very few active members, and as allowance has already been made for such members' full service, there is no resource provision for current service costs.
3. The Net Cash Requirement reflects planned payments to pensioners during the year.
4. The administration costs associated with the Estimate are met from the Department for International Development Estimate.

No CFER income or receipts are expected in 2018-19 or 2017-18. No CFER income or receipts were received in 2016-17.

Part III: Note D - Explanation of Accounting Officer responsibilities

The Accounting Officer prepares resource accounts for each financial year.

The following individuals are responsible for the expenditure within this Estimate:

Accounting Officer: Matthew Rycroft

Matthew Rycroft has personal responsibility for the proper presentation of the department's resource accounts and their transmission to the Comptroller & Auditor General, and is also responsible for the use of public money and stewardship of assets.

In discharging these responsibilities, particular regard is given to:

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FReM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

Part III: Note G - Expenditure resting on the sole authority of the Supply and Appropriation Act

The following subheads contain provision sought under the sole authority of Part I of the Estimate and of the confirming Supply and Appropriation Act

National Health Service Pension Scheme

Introduction

1. This Estimate covers the payment of pension and other benefits to persons covered by the National Health Service (NHS) Pension Scheme. The rules of the scheme are set out in the National Health Service Pension Scheme Regulations 1995 (as amended) and 2008 and 2015.
2. Membership of the scheme is open to most employees in the NHS and for doctors and dentists in general practice and the benefits include pension and lump sum on retirement, payment to widows, widowers and dependants of participants who die in service or retirement. Provision is also made for refunds of contributions to early leavers, and for payment and receipt of transfer payments in respect of persons moving out of and into employments covered by the scheme. The Estimate includes the increase payable in accordance with the Annual Review Orders made under section 59 of the Social Security Pension Act 1975.
3. The scheme is notionally funded for the basic benefits and pensions increase. The scheme's income consists of receipts from contributions (both employer and employee), capitalised and ongoing payments for premature retirements and transfers from other pension schemes. These are used to offset the payment of benefits.
4. The costs of administering the scheme are now met by the scheme, these were previously included in the Department of Health and Social Care Estimate.

Part III: Note D - Explanation of Accounting Officer responsibilities

The Accounting Officer prepares resource accounts for each financial year.

The following individuals are responsible for the expenditure within this Estimate:

Accounting Officer: Alistair McDonald

Alistair McDonald has personal responsibility for the proper presentation of the department's resource accounts and their transmission to the Comptroller & Auditor General, and is also responsible for the use of public money and stewardship of assets.

In discharging these responsibilities, particular regard is given to:

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FReM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

Teachers' Pension Scheme (England and Wales)

Introduction

- 1 This Estimate provides for the payments of pensions and lump sum benefits to persons covered by the Teachers' Pension Scheme (TPS). The rules of the scheme are contained in the Teachers' Pension Scheme Regulations 2014. The scheme is an unfunded, contributory, public service occupational pension scheme and applies mainly to teachers employed in schools in England and Wales and their dependants. Provision is made for the refund of contributions to early leavers, and for the payment of and receipt of transfer payments in respect of teachers moving out of and into employment covered by the scheme. The Estimate also includes the increase payable in accordance with the Annual Review orders made under Section 59 of the Social Security Pensions Act 1975 and Section 109 of the Pensions Schemes Act 1993.
- 2 The Estimate also provides for premature retirement compensation payments made on behalf of employers and for the recovery of costs of those payments from employers.
- 3 Part of the TPS income consists of actual receipts, e.g. contributions from employers and employees, transfer of payments from other superannuation schemes etc. These are used to meet expenditure on benefits, although in practice there is no correlation between receipts and expenditure.
- 4 Benefits and contributions are carried to a statutory account and valued every 4 years by the scheme actuary. Any deficiency or surplus revealed in valuations will be addressed by adjusting employer contributions rates for the subsequent period until the next scheduled valuation, subject to the application of the employer cost cap mechanism.
- 5 The costs of administering the scheme are met by the Scheme.

UK Atomic Energy Authority Pension Schemes

Introduction

1. This Estimate covers the provision of pensions and lump sums to retired members or their dependants, transfer values for members transferring to other schemes and repayments of contributions under the UK Atomic Energy Authority pension schemes.
2. There are three schemes: the Combined Pension Scheme (CPS), the Principal Non-Industrial Superannuation Scheme (PNISS), and the Protected Persons Superannuation Scheme (PPSS). The schemes cover employees of the UK Atomic Energy Authority, the Civil Nuclear Police Authority, National Nuclear Laboratories, International Nuclear Services, former employees of British Nuclear Fuels plc and some employees of the Health Protection Agency, the Engineering and Physical Sciences Research Council, the Science and Technology Facilities Council, and former UK Atomic Energy Authority employees who transferred to the Ministry of Defence Atomic Weapons Establishment (AWE). The PNISS and PPSS are closed to new entrants.
3. The income consists of contributions from employers and employees, and transfer values in respect of staff joining from other schemes.
4. Assumptions for 2018-19 compared to 2017-18 are:

	2017-18			2018-19		
	Average pension			Average pension		
	Number	Annual	Weekly	Number	Annual	Weekly
Pensioners	16,394	£15,132	£289	16,295	£15,585	£300
Dependents	5,497	£6,063	£116	5,398	£6,245	£120

5. Associated administrative costs are borne by the UK Atomic Energy Authority who recover the appropriate proportion from the other participating employers.

The Accounting Officer prepares resource accounts for each financial year.

The following individuals are responsible for the expenditure within this Estimate:

Accounting Officer: Alex Chisholm

Alex Chisholm has personal responsibility for the proper presentation of the department's resource accounts and their transmission to the Comptroller & Auditor General, and is also responsible for the use of public money and stewardship of assets.

In discharging these responsibilities, particular regard is given to:

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FReM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

Ministry of Justice: Judicial Pensions Scheme

Introduction

1. This Estimate covers the payment of pensions and other benefits to persons covered by the Judicial Pensions Scheme (JPS).
2. Provision is made within this Estimate for:
 - a) Interest costs arising on the accruing cost of all judicial pensions during the year. This amount is equivalent to unwinding the discount originally included in the scheme liabilities and it accounts for the fact that future pension benefits are one year closer to settlement;
 - b) The increase in the value of the future pension liability (core pension entitlements and pension increases), earned during the period but payable in the future, with respect to currently serving members of the judiciary whose salaries are paid from the departmental resources; and
 - c) The increase in the value of the future pension liability (core pension entitlements and pension increases), earned during the period but payable in future, with respect to currently serving members of the judiciary whose salaries are met directly from the Consolidated Fund.
3. The Scheme's Appointing Bodies meet the costs of pension cover for their Judicial Office Holders by payments of set charges on an accruals basis. These charges are known as "Accruing Superannuation Liability Charges (ASLCs)". In addition scheme members pay personal pension contributions (PPC) towards their future pensions. ASLCs and PPCs constitute the income of the JPS.
4. This Estimate assumes an ASLC rate of 38.45% in line with 2018-19 contributions and as recommended by the Government Actuary's Department. The personal contributions of the members range between 2.76% and 8.05% according to their annual pensionable earnings.
5. Within the JPS a new scheme to provide for pensions to fee-paid judges following the Supreme Court Ruling (O'Brien) became operational from 1st April 2017. This provides pensions from 7 April 2000 for eligible fee-paid judges.

The Accounting Officer prepares resource accounts for each financial year.

The following individuals are responsible for the expenditure within this Estimate:

Accounting Officer: Richard Heaton

Richard Heaton has personal responsibility for the proper presentation of the department's resource accounts and their transmission to the Comptroller & Auditor General, and is also responsible for the use of public money and stewardship of assets.

In discharging these responsibilities, particular regard is given to:

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FReM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

Cabinet Office: Civil Superannuation

Introduction

1. This Estimate covers the cost of the Civil Service Pension Arrangements, including those under the Public Service Pensions Act 2013, and the payment of pension benefits to members under those arrangements. It also covers certain other statutory schemes and small pension related payments by agreement, including schemes for civil servants and others made under the Superannuation Act 1972.
2. Provision is made for the payment of annual compensation arising from early retirement that was pre-funded by employers covered by the Civil Service Compensation Scheme (CSCS) in previous years and for payment of compensation under the CSCS which is then recovered from employers.
3. Employer members' contributions, employee members' contributions and receipts arising from transfers into the scheme partly offset the cost of the scheme and partly fund the payment of pension benefits.
4. This Estimate also includes funding for the Security Service and Secret Intelligence Service superannuation.
5. Further details of spending covered under this Estimate can be found in the Annual Report and Accounts 2017-18.

Part III: Note D - Explanation of Accounting Officer responsibilities

The Accounting Officer prepares resource accounts for each financial year.

The following individuals are responsible for the expenditure within this Estimate:

Accounting Officer: John Manzoni

John Manzoni has personal responsibility for the proper presentation of the department's resource accounts and their transmission to the Comptroller & Auditor General, and is also responsible for the use of public money and stewardship of assets.

In discharging these responsibilities, particular regard is given to:

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FRM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of Managing Public Money.

Royal Mail Statutory Pension Scheme

Introduction

1. The Estimate covers all costs and payments of pension benefits (including transfer payments for members transferring to other schemes) for the Royal Mail Statutory Pension Scheme (RMSPS).
2. Associated administrative costs are borne by the Cabinet Office.
3. The RMSPS is a closed scheme.
