English reading Amendments to mark schemes

Modified large print (MLP)

Introduction

This guidance details the amendments made to the standard mark schemes for questions that have been adapted or replaced in the modified large print (MLP) version of the 2018 key stage 1 English reading test.

This guidance should be used in conjunction with the standard version of the key stage 1 English reading mark schemes. You should refer to the standard mark schemes when marking MLP test papers, unless an alternative is given in this guidance.

Amendments to the mark schemes

Amendments to mark schemes are only provided where the content of the standard mark schemes is altered.

Amendments to mark schemes are not provided where the only change has been to divide the question into subsections or to alter the layout of the question.

Mark schemes have been amended for the following questions:

| Paper 1 | There are no amendments to the mark schemes. Read the general guidance on pages 3 before using the standard mark schemes to mark questions in Paper 1. |
|---------|---|
| Paper 2 | Questions 2 and 12 Some question numbers have also been changed in the MLP version of Paper 2. The amendments to mark schemes on pages 4 and 5 show how question numbers in the MLP paper correspond to question numbers in the standard version of the mark schemes. |

General guidance to be applied throughout the MLP papers

- You should make every effort to understand what the pupil has written, without reading into the answer anything that the child did not intend.
- Be sympathetic to the fact that the handwriting of pupils with visual impairment may be of inconsistent size and formation. They may also have difficulty circling or ticking their answers. Award marks where there is a clear and unambiguous indication of the correct answer.
- If children have missed any answer lines or spaces within the text, their answers may be elsewhere on the page. Any unambiguous indication of the correct answer should be credited, working within the parameters of the mark scheme.
- Questions that appear as horizontal tick boxes in the standard version of the test may have been changed to vertical in the MLP version, in order to make it easier for pupils to track across the page. The correct answer will be the same as in the standard mark schemes.

Amendments to mark schemes for Paper 2: reading booklet and reading question booklet

When marking the test, you should refer to the table below, which shows where replacement questions have been added and explains how MLP question numbers correspond to standard question numbers. All questions should be marked in accordance with the standard mark scheme unless otherwise indicated.

English reading Amendments to mark schemes

Braille

Introduction

This guidance details the amendments made to the standard mark schemes for questions that have been adapted or replaced in the braille version of the 2018 key stage 1 English reading test.

This guidance should be used in conjunction with the standard version of the key stage 1 English reading mark schemes. You should refer to standard mark schemes when marking the braille test papers, unless an alternative is given in this guidance.

Amendments to the mark schemes

Amendments to mark schemes are only provided where the content of standard mark schemes is altered.

Amendments to mark schemes are not provided where the only change has been to divide the question into subsections or to alter the layout of the question.

Mark schemes have been amended for the following questions:

| Paper 1 | Practice question b |
|---------|--|
| | Questions 1, 4, 5 and 9 |
| | Practice question d |
| | Questions 11, 12, 15, 19 and 20 |
| Paper 2 | Questions 2 and 12 |
| | Some question numbers have also |
| | been changed in the braille version of |
| | Paper 2. The amendments to mark |
| | schemes on pages 4 and 5 show how |
| | question numbers in the braille paper |
| | correspond to question numbers in the |
| | standard version of the mark schemes. |

General guidance to be applied throughout the braille papers

- You should make every effort to understand what the child has written in an answer, without reading into the answer anything that the child did not intend.
- Some children with visual impairment find it difficult to get their answers across clearly. It may take you longer to read their answers. Apply the mark schemes, but be sympathetic to their difficulties.
- Any unambiguous indication of the correct answer should be credited.
- Throughout the test, where question responses are labelled with letters or letters and numbers, pupils may write the letter or letter and number of their chosen answer rather than writing out their answer in full, for example B, D, 1C, 2A.

Some braille questions are worded differently to the standard version, but the differences are sufficiently small that the standard mark scheme can still be applied. For example, pupils may write the answer rather than circle the answer.

Amendments to mark schemes for Paper 1: reading prompt and question booklet.

Minor changes have been made to the wording and layout of some braille questions. All questions should be marked in accordance with the standard mark scheme. Additional marking guidance is provided below.
