Notes for completion of table

- The table below must be completed by the valuer in support of the valuation given to each animal.
- Where a question is not applicable, please confirm this by writing 'n/a'. Should the information be unavailable, or not known to the owner/keeper/agent, please confirm the information as 'not available' or 'unknown'. Failure to do so may result in NSP staff having to contact the valuer, or the owner/keeper/agent, to ascertain if the question was not answered in error. This may delay any valuation compensation payment.
- **If the CSFS member no longer requires the animal to be valued for any reason, please delete by striking through the relevant line.**
- **Column 1:** if on scanning an animal you find an animal Electronic Identification (EID) Device number that is not listed, or differs to the one that is recorded against the animal ID, please contact the NSP Helpline for further guidance.
- **Column 2:** some goats and sheep that are presented will not be listed on this form as they have not been NSP genotyped and have no animal EID number recorded. You should add these animals to this column of the form, entering **G** for goat, or **S** for sheep with no animal EID and then complete the remaining columns.
- **Column 4:** please enter **PE** for pedigree purebred, **PU** for non-pedigree purebred, or **C** for commercial. Pedigree valuations should be subject to a full and original copy of the

- pedigree certificate being available at the time of the valuation. Where the appropriate certification is not made available at the time of the valuation the animal should be valued as commercial stock.
- **Column 8:** if a pregnant female, how many months in lamb/kid; please enter number of months in lamb/kid not date due to lamb/kid.
- **Column 9:** conformation grade; when comparing the conformation grade of the animal under valuation to that of an average animal of the same breed please enter **1** if you consider it to be below average, **2** if you consider it to be average, **3** if you consider it to be above average.
- **Column 10:** date animal purchased if in the last 12 months; please note you should not take the purchase price of the animal into account when making your valuation.
- **Column 11:** if purchased in the last 12 months, enter purchase price; please enter the price paid for the animal as evidenced by sales invoice or other appropriate documentation.
- **Column 12:** pedigree Breed Society classification; please enter **E** for excellent, **V** for very good, **G** for good or **U** for unclassified.
- **Column 14:** market value; in valuing the animal please value it at the value it might reasonably obtain at the time of valuation from a buyer on the open market based on the premise that it comes from a flock/herd that has not been affected by scrapie.
