

WARNING: A form DS2E, in itself, is not sufficient evidence to discharge a registered charge. The lender will need to submit an Electronic Notification of Discharge.

Any parts of the form that are not typed should be completed in black ink and in block capitals.

If you need more room than is provided for in a panel, and your software allows, you can expand any panel in the form. Alternatively use continuation sheet CS and attach it to this form.

For information on how HM Land Registry processes your personal information, see our [Personal Information Charter](#).

Provide the full name(s) and address(es) of the person(s) applying to discharge the registered charge. Where a conveyancer lodges the application, this must be the name(s) of the client(s), not the conveyancer.

This panel must always be completed.

A key number is only available to professional customers, such as solicitors.

If an address is given here, it is the address to which we will normally send requisitions and return documents. However if you insert an email address, we will use this whenever possible.

We will only issue warning of cancellation letters to conveyancers if an email address is inserted.

If a conveyancer is acting for the applicant, that conveyancer must sign.

If no conveyancer is acting, the applicant (and if the applicant is more than one person then each of them) must sign.

If you believe a document contains prejudicial information, you may apply for that part of the document to be made exempt using Form EX1, under rule 136 of the Land Registration Rules 2003.
