

January 2018

REFERENCE: 18FOI 4

You requested the following information:

Please provide me with details relating to the number of plastic water bottles used by the Department during 2017.

In particular, please tell me how much money was spent on water in plastic bottles. If possible please specify how many bottles this price relates to.

I understand the size of the plastic water bottles may vary - so if necessary please highlight that.

We have handled your request under the Freedom of Information Act 2000.

The Wales Office provides water dispensers in its London and Cardiff offices, and does not routinely purchase plastic water bottles.

Any plastic water bottles purchased and used by the department would form part of our wider expenditure on catering for reception and events. We do not hold information solely on the number of plastic water bottles purchased and used at such events.
