# 1. Call Context

The 2014 to 2020 European Structural and Investment Funds (ESIF) bring the European Regional Development Fund (ERDF), European Social Fund (ESF) and part of the European Agricultural Fund for Rural Development (EAFRD) together into a single European Union (EU) Structural Investment Funds (ESIF) Growth Programme for England supporting the key growth priorities of innovation, research and development, support for Small and Medium Enterprises (SME), low carbon, skills, employment, and social inclusion.

European Structural and Investment Funds are managed by the Ministry of Housing, Communities and Local Government (ERDF), Department for Work and Pensions (ESF) and the Department for Environment Food and Rural Affairs (EAFRD). In London, the Greater London Authority acts as an Intermediate Body for the European Regional Development Fund and European Social Fund programmes. Unless stated otherwise, the term “Managing Authority” will apply to all these organisations. These Departments are the Managing Authorities for each Fund. The Managing Authorities work closely with local partners who provide:

- Practical advice and information to the Managing Authorities to assist in the preparation of local plans that contribute towards Operational Programme priorities and targets;
- Local intelligence to the Managing Authorities in the development of project calls (decided by the Managing Authorities) that reflect Operational Programme and local development needs as well as match funding opportunities;
- Advice on local economic growth conditions and opportunities within the context of Operational Programmes and the local ESIF Strategy to aid the Managing Authority’s assessments at outline and full application stage.

This call is issued by the Department for Work and Pensions (DWP) to commission ESF Funded projects that will support the **Priority Axis 2 of the Operational Programme: Skills for Growth** and **Investment Priority: 2.2 Improving the labour market relevance of education and training systems** as set out in the ESF Operational Programme.

All applications will need to be eligible under the European Social Fund Operational Programme for England 2014 to 2020. The [ESF Operational Programme](#) is available for applicants to read.

This call for proposals sets out the requirements for any applicants to consider before applying. Applications against this call will be assessed as part of a two stage appraisal process and successful applicants will enter into a funding agreement with the DWP. Further information is given in sections 4 to 10.

Applicants are advised to familiarise themselves with the detail of the Operational Programme, local European Structural and Investment Funds Strategy and the relevant documentation listed in sections 5 through to 8 **prior to** submitting an Outline Application.

All ESF applicants will need to be aware of the requirement to collect and report data on all participants as per Annex 1 of the ESF regulation (see Appendix A). This will

be in addition to the requirement to report on the output and result indicators referred to in section 3 of the call for proposal.

## 1.1 National Context

This priority axis aims to support skills for growth. It will support activities through:

**Investment Priority 2.2** - Improving the labour market relevance of education and training systems, facilitating the transition from education to work, and strengthening vocational education and training systems and their quality, including through mechanisms for skills anticipation, adaptation of curricula and the establishment and development of work based learning systems, including dual learning systems and apprenticeship schemes

ESF will not fund activity that duplicates or cuts across national policy on grants and loans for tuition for skills activities. Exemptions to this principle will be considered only where a local specific need and/or market failure has been demonstrated and where the activity falls within the scope of the Operational Programme.

Full details of what can and cannot be supported under this Investment Priority are set out in the Operational Programme. Details of the specific objectives have been reproduced below.

Specific Objective	Results that the Member States seek to achieve with Union support
To promote improvements in the labour market relevance of skills provision through active engagement with relevant institutions and employers, particularly SMEs and Micro businesses.	The additional support from this investment priority will enable the design of skills provision which will help individuals gain skills and qualifications relevant to the needs of the labour market

## 1.2 Local Development Need

Projects must deliver activity which directly contributes to the objectives of Priority Axis 2, Investment Priority 2.2 of the Operational Programme, and which meets the **local development need** expressed in the text and table below.

### Local Economic Context:

The economic geography of Greater Cambridge Greater Peterborough is complex and diverse. The region is a high net contributor to the Exchequer and the cities of Cambridge and Peterborough are amongst the fastest growing in the country. However, this success has not been achieved across all areas and there are areas of deprivation that the [European Structural and Investment Funds \(ESIF\) Strategy](#) is seeking to address.

Alongside the attainment of recognised qualifications, equipping young people with the right skills matched to the needs of businesses in the modern economy is vital. The innovation and knowledge based industries across the Greater Cambridge Greater Peterborough area represent a significant opportunity but there can sometimes be a mismatch between the work done with young people to prepare them for employment and the reality of the business needs and requirement for

technical and intermediate and higher level skills. Work to link business with young people, increase participation in learning and training, and minimise the number of young people who are NEET is therefore vital to their economic wellbeing and that of the local economy.

The Leitch Review of Skills in 2006 highlighted the need to focus on skills development in order for the United Kingdom to compete effectively in the global economy. Leitch recommended that it would be necessary for 1 in 5 young people to have achieved an apprenticeship by 2020. This is an enormous challenge moving from a standing start of 1 in 15.<sup>[1]</sup>

In the East of England the number of apprenticeships has grown from 15,940 in 2005/6 to 40,430 in 2013/14. Nationally the constituency of Richmond (Yorkshire) had the highest number of apprenticeship starts in 2014/15 (6,660), while Chelsea and Fulham had the lowest (190). Looking at constituencies across Cambridgeshire and Peterborough starts ranged from 260 starts in Cambridge to 490 in Peterborough and North East Cambridgeshire.<sup>[2]</sup>

The Apprenticeship Strategy for Cambridgeshire County Council 2012 -2015 recognised that apprenticeships had been shown to have amongst the highest returns on investment against both economic and social indicators:

- Increased productivity and therefore competitiveness
- Reduced benefit and social service costs and lower demand for services and reduce social care dependency
- Enhanced wage and income levels
- Creating a more attractive location for inward investment
- Including and engaging groups otherwise excluded from the benefits of a growing economy
- Raising individual and collective aspirations.

### **Local Priorities:**

This call is for services that will enable gaps in existing apprenticeship and skills provision to be identified and addressed by engaging businesses in creating bespoke sector-wide responses (Trailblazer groups). The provision will facilitate the development of new apprenticeship standards, pathways to apprenticeships, including traineeships, and provide a focus on higher level apprenticeships and graduate programmes providing routes for new entrance to the workplace and progression for existing staff. It will also provide a sustainable way for SMEs to come together as sectors to improve local education and training systems

The Call seeks project/s that will develop new apprenticeships standards that are truly employer led. By engaging in this process business will benefit from being at the forefront of skills development in their sector, as well as providing an opportunity to ensure the relevant apprenticeship programme is geared to meet the needs of

---

<sup>[1]</sup> Apprenticeship Strategy Cambridgeshire County Council 2012 -2015

<sup>[2]</sup> Apprenticeships by geography, equality & diversity and sector subject area: achievements 2002/03 to 2014/15, FE data library: apprenticeships, August 2016

their business, and the wider sector. Employers have also reported other benefits of getting involved including that the process provides an opportunity to build relationships with businesses of all sizes, and raises awareness of their business's support for apprenticeships.

Within the Greater Cambridgeshire and Greater Peterborough area apprenticeships have the potential to support business growth – particularly in priority sectors where there is already a skills gap. In order to develop apprenticeships in a sustainable way that can be delivered by training providers and effectively promote to young people, this calls seeks project/s that support businesses to come together to develop a sector-wide response.

It is envisaged that this service will actively engage with businesses, particularly those in the Greater Cambridgeshire and Greater Peterborough priority sectors:

- Aerospace and Defence
- Cleantech
- Agri-tech
- Creative and Digital
- Life sciences
- IT (particularly software programming and data analytics)
- Advanced Manufacturing
- Food and drink Manufacturing
- Logistics and Warehousing
- Health and social care
- Financial Services

There are a number of providers and activities that this service will be expected to work closely with in order to deliver something that adds value to existing provision, this includes:

- Cambridgeshire and Peterborough Combined Authority Local Skills Team
- The National Careers Service
- Further Education colleges (New College Stamford, Peterborough Regional College, College of West Anglia, Huntingdonshire Regional College (including iMET), Cambridge Regional College, West Suffolk College, North Hertfordshire College)
- HE partners
- Local provider network

Possible elements of activity may include, but are not limited to:

- Working with businesses to develop a workforce development strategy that would include a review of the value and relevance of apprenticeships to the business future growth

- Bringing together of SME with similar needs and interests to aggregate their demand for skills
- Identification and signposting to other providers and sources of support
- Provision of sector specific networking opportunities
- Review and sharing of LMI and anticipated skills demands at sector level
- Facilitating and encouraging collaborative working between employers (ie: shared employees, shared training etc.).

Applications are encouraged from consortia or other similar types of partnership arrangements. In each such case the application must be submitted by a lead organisation on behalf of the partnership/consortia and the lead applicant must have the financial capacity to meet the required Due Diligence criteria

Details of the local ESIF Strategy can be found at: [GCGP ESIF Strategy](#)

Please note due to the recent changes from Greater Cambridge Greater Peterborough LEP to Cambridgeshire and Peterborough Combined Authority it is advised that any party considering applying for funding through this Call contact the Combined Authority Skills Team on 01480 277180 for further information.

The Combined Authority is currently in the process of developing their skills strategy. This will be informed but the work of the Cambridgeshire & Peterborough Independent Economic Review (CPIER). The interim report can be found here <http://www.cpier.org.uk/interim-report/>. The full report will be available shortly. The final report will set out the context and economic potential of the Combined Authority area and will be used to inform strategic investments and the future work of the Combined Authority.

### 1.3 Scope of activity

This call invites Outline Applications which support the delivery of Priority Axis 2, **Investment Priority 2.2 Improving the labour market relevance of education and training systems** of the European Social Fund Operational Programme and responds to the local development need set out in the Greater Cambridge Greater Peterborough Local Enterprise Partnership Area European Structural and Investment Funds Strategy.

This call aims to address the identified shortfalls listed in section 1.2 Local Development Need above.

## 2. Call Requirements

All applications are competitive.

<p><b>Indicative Fund Allocation:</b></p>	<p>Indicatively, through this call the Managing Authority expects to allocate approximately <b>£2,100,439 ESF</b>.</p> <p>The Managing Authority reserves the right to decrease or increase the indicative allocation, or support more or fewer</p>
---	---

	projects subject to the volume and quality of proposals received.
<b>Minimum application level</b>	<p>European Social Fund investment is intended to make a significant impact on local growth. Applications are expected to demonstrate appropriate scale and impact. The Managing Authority does not intend to allocate less than <b>£420,000 of European Social Funding to any single project.</b></p> <p><b>Applications requesting an ESF amount below the 'Minimum Application Level' will be rejected</b></p> <p>It is important to ensure a range of activity is supported as detailed in the call and also the need for coherence. Therefore the MA favours a small number of projects being delivered.</p>
<b>Duration of project approvals</b>	Projects should be for a maximum of three years, however the Managing Authority reserves the right to vary the maximum duration in exceptional circumstances.
<b>Geographical Scope</b>	All interventions should be focused on activity within the old Greater Cambridge Greater Peterborough Local Enterprise Partnership area.
<b>Specific call requirements</b>	This is a call for ESF activity.
<b>Call Deadlines</b>	For this specific call, applications will be assessed following closure of the call. Applications received after the published call close date will not be considered.
<b>Application selection</b>	All applications will be scored in line with the ESF scoring criteria, but the MA reserve the right to invite projects to full application stage where they complement other activity or provide niche activity to target groups within the Operational Programme.
<b>Applicant proposals</b>	These can only contain activities which are eligible for ESF.
<b>Eligible match funding</b>	<p>Applicants will need to have eligible match funding for the balance of costs, which must be from a source other than the European Union. At outline application stage the applicant will need to provide information to demonstrate that the operation is likely to have the required level of match funding in place at the point of formal approval.</p> <p>The intervention rate in the Cambridgeshire and Peterborough Combined Authority Area is 50% in the more developed areas, so 50% of match funding must be provided.</p>

<b>Operational completion</b>	Operations must be completed no later than 3 years and 6 months after the proposed project start date.
<b>Procurement</b>	All procurement must be undertaken in line with EU regulations.
<b>State Aid law</b>	Applicants must demonstrate compliance with State Aid law.
<b>Audit/ Compliance</b>	All expenditure and activities will be subject to rigorous audit and non-compliance may lead to financial penalty.

ESF cannot be used to duplicate existing activities or activities that do not address market failure. ESF can only be used to achieve additional activity or bring forward activity more quickly. Applicants must be able to demonstrate that proposals are additional to activity that would have occurred anyway or enables activity to be brought forward and delivered more quickly than otherwise would be the case in response to opportunity or demand.

### 3. Deliverables required under this Call:

Applications will be expected to achieve the minimum indicative level of Programme Deliverables by contributing to the following Investment Priority. The definitions of which can be accessed at the [ESF Operational Programme](#).

<b>Investment Priority</b>	<b>2.2 Improving the labour market relevance of education and training systems</b>
<b>Specific Objectives</b>	To promote improvements in the labour market relevance of skills provision through active engagement with relevant institutions and employers, particularly SMEs and micro businesses.
<b>Indicative Actions</b>	<p>ESF will not support activities that duplicate or replace existing support within national programmes, but may be used to support additional activities, including provision co-designed with local partners.</p> <p>Examples of activities that may be supported include:</p> <ul style="list-style-type: none"> <li>• support for collaborative projects, placements, internships or other activities with SMEs that enable students and graduates to gain industry-relevant experience and skills;</li> <li>• building capacity in SMEs to provide project/placement/internship opportunities and enhance the contribution of advanced skills to SME growth, including programmes to specifically engage the most disadvantaged groups or those who face particular local disadvantages in utilising advanced skills;</li> <li>• brokering opportunities to encourage and increase work experience, work placements, traineeships,</li> </ul>

	<p>apprenticeships, and graduate placements particularly through wider employer engagement and involving supply chains;</p> <ul style="list-style-type: none"> <li>• promoting apprenticeships (especially at advanced levels in manufacturing and other priority sectors) by developing a supportive environment for employer engagement;</li> <li>• developing better links with business to equip students with the skills to start and grow a business to meet local business needs.</li> </ul>
--	---

<b>ID</b>	<b>Result Indicator</b>	<b>Minimum Target value for this call</b>
R9	Small and Medium Enterprises successfully completing projects (which increase employer engagement; and/or the number of people progressing into or within skills provision).	75%

<b>ID</b>	<b>Output Indicator</b>	<b>Minimum Target value for this call</b>
CO23	Number of supported micro, Small and Medium-sized Enterprises (including cooperative enterprises, enterprises of the social economy).	210

<b>ID</b>	<b>Output Indicator</b>	<b>Minimum Target value for this call</b>
O1	Total number of participants	There is no target value for this call however applicants will be expected to provide a total number of participants the project is aiming to support in both the application and associated Indicators Annex.

Applicants will be required to demonstrate how they will achieve the deliverables within their proposal along with any methodology that will be used to record

achievement. Applicants will also need to ensure robust systems are in place, and be able to describe them, to capture and record the targets and to report quantitative and qualitative performance across the former Greater Cambridge Greater Peterborough area. All operations will be required to collect data and report progress against the deliverables with each claim. Where an operation underperforms against their deliverables they may be subject to a performance penalty.

In addition applicants applying for ESF funds under I.P 2.2 will be expected to complete a short annex, along with the standard application Outline Application form. This is to ensure that full consideration is being given to the 'Value for Money' (VFM). The [Annex for ESF IP 2.2](#) funding calls can be located on the European Growth Funding website pages.

There must be a fully evidenced audit trail for all contracted deliverables.

## 4. General Information

Essential information to support the drafting of an application and delivery of a successful ESF funded project is available at the [European Growth Funding](#) website pages.

### 4.1 Compliance and Eligibility

When developing an application, Applicants should refer to [guidance](#) on eligible Applicants, activities and costs. These are for guidance only and Applicants should take their own specialist advice if in doubt. It is the responsibility of the Applicant to ensure that the rules and guidance are adhered to both at application stage and following approval.

ESIFs are governed by European regulations and national rules. Applicants are advised to familiarise themselves with the relevant documentation listed in the 'key documents' section prior to submitting an Outline application. If successful, Applicants will enter into the standard Funding Agreement and must abide by the standard terms and conditions contained therein. Applicants are therefore strongly advised to read these terms and conditions to ensure that they would be able to enter into such an agreement prior to responding to the call. Once a Funding Agreement has been issued it should be signed and returned within a short timescale.

### 4.2 Intervention Rate & Match Funding

ESF is funding used where no other funding can be obtained (the funder of last resort) and the maximum ESF intervention rate for the operation is 50% (depending on category of region). This means ESF can contribute up to 50% of the total eligible project costs, subject to State Aid regulations. The remaining 50% or more must come from other eligible sources. For all outline applications, the applicant will need to provide information to demonstrate that the operation is likely to have the required level of match funding in place at the point of formal approval.

ESF is not paid in advance and expenditure must be defrayed prior to the submission of any claims. Applicants may be asked to demonstrate how they are able to cash flow the operation.

### **4.3 Applicants**

Applicants must be legally constituted at the point of signing a Funding Agreement, and be able to enter into a legally binding Funding Agreement. The Applicant will be the organisation that, if the application is successful, enters into a contract for ESF and therefore carries the liability for ensuring that the terms of the ESF Funding Agreement are met by them and to all delivery partners. If there is more than one organisation applying for the funds, a lead organisation must be selected to become the Applicant. It is this organisation that carries the responsibility and liability for carrying out a compliant project.

The Managing Authority will consider the Applicant's track record, both positive and negative. If the Applicant has been involved in the delivery of previous European grants and any irregularities with this (these) grant(s) have been identified, the Managing Authority will look into these and expect to see how and what steps have been taken to ensure that these have been addressed to mitigate the risk of further irregularities in the future. It is acknowledged that some organisations will be new to ESIF funding and will not have a track record.

### **4.4 Cross Cutting Themes**

All applications received under this Call should demonstrate how the Cross Cutting Themes have been addressed in the project design and development. Cross cutting themes for ESF are 'gender equality and equal opportunities' and 'sustainable development'.

For ESF, the project applicants will be required to deliver their services in-line with the Public Sector Equality Duty (as defined in the Equality Act 2010). All projects must have a gender and equal opportunities policy and implementation plan which will be submitted at full application stage and in-line with Managing Authority guidance. Project applicants will also be required to answer a number of ESF-specific equality questions which will be set out in both the full application form and the related guidance.

For ESF, all projects will also be required to submit a sustainable development policy and implementation plan (in-line with guidance produced by the Managing Authority).

The ESF programme particularly welcomes projects that have an environmental focus that can meet the strategic fit at local and programme level whilst also adding value by:

- supporting environmental sustainability; and/ or
- complementing the environmental thematic objectives of other programmes such as ERDF; and/or
- using the environment as a resource to help motivate disadvantaged people

Further information is available in the [ESF Operational Programme](#).

#### **4.5 State Aid & Revenue Generation**

Applicants are required, in the Outline Application, to provide a view on how their proposal complies with State Aid law. Applicants must ensure that projects comply with the law on State Aid.<sup>3</sup> Grant funding to any economic undertaking which is state aid can only be awarded if it is compatible aid, in that it complies with the terms of a notified scheme or is covered by the De Minimis Regulation. Guidance for grant recipients, explaining more about State Aid, is available; it is important that Applicants take responsibility for understanding the importance of the State Aid rules and securing their full compliance with them throughout the project, if it is selected into the Programme.

The Managing Authority is not able to give legal advice on State Aid. It is the responsibility of the Applicant to ensure that the operation is State Aid compliant.

Where the Applicant does not perceive that there is any State Aid, it should state whether or not it considers Articles 61 and 65(8) of regulation 1303/2013 to apply. This revenue should be taken into account in calculating eligible expenditure. Article 61 refers to monitoring revenues generated after completion of the project, and Article 65(8) how to deal with differences in the forecast and actual revenues at the end of the operation. The details of this will be tested at the full application stage.

#### **4.6 Funding Agreement**

The Funding Agreement is a standard, non-negotiable and legally binding document. Any successful Applicant will be subject to the terms and conditions contained within this agreement. Applicants are strongly advised to seek their own advice to ensure that they would be able to enter into and abide by the terms of the Funding Agreement.

Failure to meet any of the conditions of the agreement or the commitments within the application will result in claw back of funding.

Applicants should be aware that additional provisions and securities may be included within the Funding Agreement to protect the investment. These will be further discussed if relevant following the Full Application stage.

#### **4.7 Procurement**

All costs delivered by the Grant Recipient (the applicant) and/or delivery partners must be delivered on an actual cost basis. Other costs must be procured in line with EU regulations. The most common error identified during audit has been failure to comply with relevant procurement regulations and crucially to maintain a full audit trail to prove that they have complied with the relevant regulation. Robust and transparent procurement is required to ensure that Grant Recipients:

- consider value for money;

---

Article 107(1) of the Treaty on the Functioning of the European Union provides that: "Save as otherwise provided in the Treaties, any aid granted by a Member State or through state resources in any form whatsoever which distorts or threatens to distort competition by favouring certain undertakings or the production of certain goods shall, in so far as it affects trade between Member States, be incompatible with the internal market."

- maximise efficient use of public money; and
- maintain competitiveness and fairness across the European Union.

It is recommended that applicants seek their own legal advice pertaining to their procurement and requirements to publicise any tendering opportunities.

The Managing Authority is not able to give legal advice on procurement. It is the responsibility of the applicant to ensure the project is compliant in this respect.

#### **4.8 Retrospection**

There will be no retrospection for applications made against this call, other than in line with the general policy on retrospection which allows costs to be potentially eligible between outline and full application stage, but only where the full application is approved.

## **5. Application Process & Prioritisation Methodology**

There are two stages to the ESF application process; Outline Application and if successful, Full Application. Applicants must fully complete the Outline Application Form (section 9 refers). Guidance is available on the [European Growth Funding](#) website pages. Acceptance of an Outline Application to progress to full application stage does not in any way indicate or constitute an offer of European Social Fund grant. Applications will be subject to a Gateway Assessment undertaken by the Managing Authority under the following criteria:

- Applicant eligibility
- Activity and expenditure eligibility
- The fit with the ESF OP and the call

Proposals that pass the Gateway Assessment will move into the Core Assessment which consists of the following:

- Strategic fit
- Value for money
- Management and control
- Deliverability
- Procurement / tendering
- State Aid compliance.

The Managing Authority will seek advice from partners when considering applications to ensure its assessment is informed by local economic growth conditions and opportunities within the context of Operational Programmes and the local ESIF Strategy. This will include the relevant LEP Area ESIF Committee and other partners deemed relevant to the application.

The assessment and any prioritisation will be undertaken using only the information supplied as part of the application process. The Managing Authority cannot accept further detail outside this process.

Non-public sector Applicants who are successful at the Outline Application stage may be subject to due financial diligence checks by the Managing Authority, prior to submission of a Full Application. Applicants will be required to submit accounts, and

to clarify financial or other organisational information. New Applicant organisations may be required to provide details of a guarantor.

There is no appeal process for applicants whose Applications are rejected at Outline Application stage, Full Application stage or for failing to satisfy the MA's Financial Due Diligence checks.

## 6. Support

Please note that this is a competitive call and to preserve impartiality we are unable to enter into correspondence with applicants over their Outline application. Details of where guidance can be found are contained throughout this calls document. In exceptional circumstances, if there are issues with accessing this guidance, please contact:

✉: [esf.2014-2020@dwp.gsi.gov.uk](mailto:esf.2014-2020@dwp.gsi.gov.uk)

No applications are to be sent to this email address. Completed Outline applications must be sent to the email address provided in Section 9 – Document submission.

## 7. Key Documents

- Outline Application Form
- Outline Application Form Guidance
- Financial Annex
- Indicator Annex
- [Annex for ESF IP 2.2](#)
- LEP area's ESIF strategy
- National ESF Eligibility Rules
- Skills Strategy – Under Development – please contact the Cambridgeshire and Peterborough Combined Authority Skills Team on 01480 277180.

## 8. Document Checklist

The assessment will be undertaken on the basis of documentation received at the point of closure of the call. Applicants should provide the following documentation.

Outline Stage:

- fully completed Outline Application
- [Annex for ESF IP 2.2](#)
- financial tables (if the application is against more than one Category of Region, a financial table for each Category of Region);
- Outputs, Results and Indicators tables (if the application is against more than one Category of Region, a Outputs, Results and Indicators table for each Category of Region);

- Visual representation of the customer journey is required (this could be a flow chart); and

To enable the Managing Authority to complete the required Financial Due Diligence checks (if private or voluntary and community sector), applicant to provide:

- three years financial accounts
- Proof of existence - Certificate of Incorporation, Charities Registration , VAT Registration Certificate or alternate form of incorporation documentation;
- Proof of trading - Financial Accounts/Statements for the most recent two years of trading including, as a minimum, Profit and Loss Account and Balance Sheets;
- Completed Financial Viability and Risk Assessment Applicant Template (for applications requesting annualised funding of greater than £1m)

Failure to provide the above documentation could result in the application being rejected.

## 9. Document Submission

Completed Outline Applications must be submitted to

✉: [2014-2020.ESFAPPLICATIONS@DWP.GSI.GOV.UK](mailto:2014-2020.ESFAPPLICATIONS@DWP.GSI.GOV.UK)

## 10. Timescales

Launch of Call advertised on GOV.UK	12 July 2018
Deadline for submission of Outline Application	4 October 2018

Outline Application forms not received by the deadline will not be assessed. Outline Applications which are not fully completed will be excluded.

For this call applications will normally be required to **commence delivery/activity within three months** of the award of contract.

Any changes related to the deadline for the submission of the Outline Application form will be notified on the [European Growth Funding](#) website pages.

## 11. Appendix A – Common output indicators

### Appendix A - extract from Annex 1 of the ESF regulation

Common output indicators for ESF investments

Common output indicators for entities are:

number of projects fully or partially implemented by social partners or non-governmental organisations
number of projects dedicated at sustainable participation and progress of women in employment
number of projects targeting public administrations or public services at national, regional or local level
number of supported micro, Small and Medium-sized Enterprises (including cooperative enterprises, enterprises of the social economy)
