

## Langley Park Primary School - Impact Assessment

School name	Type	Faith	Distance from FS (miles)	Capacity (May 2015)	Number of surplus places (May 2015)	Surplus at point of entry year (Oct 2015)	Attainment 2015	Inspection rating	Inspection date	Impact (preliminary judgement)
Unicorn Primary School	Academy Converter	None	0.3	450	46	33	81%	Good	17-Jul-2013	Moderate This is the school most likely to be impacted since it is nearest, however it is Good and its attainment slightly above the national average. It had some surplus places in 2015; this school took a bulge class at a late stage when Harris Primary Beckenham deferred in 2014.
Oak Lodge Primary School	Academy Converter	None	0.6	630	1	1	89%	Good	25-Sep-2013	Minimal Attainment above LA and national average
Harris Primary Academy Beckenham	Free Schools	None	0.9	No capacity data		No data	No KS2 data	No Ofsted grade	No Ofsted grade	Too early to assess This free school opened in 2015. Harris's good track record is likely to mean it will offer a good education and the trust's reputation, as well as its location on the site of an existing secondary, implies it will be popular. The impact of Langley Park Primary on it is then likely to be minimal.
