

Impact Assessment - Pineham Barns

School name	Type	Faith	Distance from FS (miles)	Capacity (May 2016)	Number of surplus places (May 2016)	Surplus at point of entry year (May 2016)	% achieving expected standard (2016)	Progress maths (2016)	Progress reading (2016)	Progress writing (2016)	Inspection rating and date	Impact (preliminary judgement)
Upton Meadows Primary School	Community School	None	1.0	420	11	4	36%	-3.9 (-)	-2.5 (-)	-4.7 (-)	Good (03-Oct-2014)	Minimal – This school is close to capacity, rated good by Ofsted and only one mile from Pineham Barns. As a consequence of its proximity to the free school and its below national average progress for writing and maths, it is possible that Upton Meadows will have its long-term viability impacted by the opening of Pineham Barns. This may be mitigated by Upton Meadows reputation as the school has been rated good by Ofsted and also been awarded the Achievement for All quality mark and Inclusion Quality Mark. Another factor mitigating the impact of Pineham Barns is need for places in Northampton; forecasts indicate there is sufficient need for both schools.
Rothersthorpe Church of England Primary School	Voluntary Controlled School	Church of England	1.2	105	7	0	75%	1.0	-0.4	-2.5	Good (22-Nov-2013)	Minimal – Pineham Barns' impact on the long-term viability of this school is likely to be minimal due to this being a well performing school with a good Ofsted rating. Furthermore, the free school is not CoE faith and is therefore unlikely to attract students seeking education in a faith setting.

Kislingbury Primary School	Voluntary Controlled School	Church of England	1.3	168	17	1	32%	-3.7 (-)	-2.2	-3.6 (-)	Good (07-Nov-2013)	Minimal – As a consequence of its close proximity, below national average number of students achieving the expected standard and 9% surplus places, it is possible that this school will have its long-term viability impacted by the opening of Pineham Barns. Factors which may mitigate against any impact include its 'Good' Ofsted rating and its CoE faith, which may continue to attract those pupils seeking education in a faith setting.
Hunsbury Park Primary School	Community School (Pre-pipeline academy)	None	1.3	420	99	0	43%	-1.8	-0.3	-2.0	Good (28-Nov-2012)	Moderate – Located 1.3 miles away from Pineham Barns and with a surplus of 23.5% of its capacity, pupils at this school make less progress compared to the national average. As a consequence of these factors Hunsbury Park's long-term viability is likely to be affected by Pineham Barns. The impact may be moderated by Hunsbury Park's 'Good' Ofsted rating [REDACTED] [REDACTED] [REDACTED]
St Luke's Church of England VA Primary School	Voluntary Aided School (Pipeline academy converter)	Church of England	1.4	420	0	0	53%	-2.8 (-)	0.5	-2.7 (-)	Good (15-May-2014)	Minimal – This school is 1.4 miles from the free school, is of CoE faith and at full capacity. Achieving above the national average for expected standard and a good Ofsted rating, this school is not likely to have its long term viability impacted by Pineham Barns.
