Office use only

**Application form for support from the BCSP Research Committee.**

**Please also attach a one page summary and, if available, the abstract/protocol**

Investigators should note that they must give sufficient information in their protocol to confirm that correct procedures are in place to record and report adverse incidents to the appropriate authorities.

Access to any patient identifiable data or potentially identifiable data requires approval from the PHE Office of Data Release (ODR).

Title of research project:	
Research / Audit / Evaluation:	
Start date of project:	
Estimated end date of project:	
Project duration (months):	
Lead investigator (LI):	
LI e-mail address:	
Project maturity: <i>(already underway/ submitted/ in development)</i>	
Project Status: <i>(setup/ open/ closed/ suspended)</i>	
Expected sample size:	
Number recruited to date:	
Funder to be submitted to (if known):	
Funding outcome: <i>(not sought/ application pending/ unsuccessful/ funded)</i>	
Date of Ethics approval (or 'N/A'):	
NREC Number:	
Has ODR been approached?	
Geographical Scope: <i>(England/ Wales/ Scotland/ NI/ UK)</i>	
Type: <i>(Intervention/ Observation/ Biomarker)</i>	
Category of Study: <i>(prevention/ uptake/ screening technologies / investigation/ histopathology/ cancer)</i>	
Phase I,II,III	
Hub/Centre	
Notes (any information which doesn't fit to form)	

Withdrawn August 2018

By completing this form, you are consenting to the details being held on the BCSP Research Committee database; if the project is supported by the Committee, the project title/lead investigator details may be made available on the cancer screening website.
