1. Call Context

The 2014 to 2020 European Structural and Investment Funds (ESIF) bring the European Regional Development Fund (ERDF), European Social Fund (ESF) and part of the European Agricultural Fund for Rural Development (EAFRD) together into a single European Union (EU) Structural Investment Funds (ESIF) Growth Programme for England supporting the key growth priorities of innovation, research and development, support for Small and Medium Enterprises (SME), low carbon, skills, employment, and social inclusion.

European Structural and Investment Funds are managed by the Ministry of Housing, Communities and Local Government (ERDF), Department for Work and Pensions (ESF) and the Department for Environment Food and Rural Affairs (EAFRD). In London, the Greater London Authority acts as an Intermediate Body for the European Regional Development Fund and European Social Fund programmes. Unless stated otherwise, the term “Managing Authority” will apply to all these organisations. These Departments are the Managing Authorities for each Fund. The Managing Authorities work closely with local partners who provide:

- Practical advice and information to the Managing Authorities to assist in the preparation of local plans that contribute towards Operational Programme priorities and targets;
- Local intelligence to the Managing Authorities in the development of project calls (decided by the Managing Authorities) that reflect Operational Programme and local development needs as well as match funding opportunities;
- Advice on local economic growth conditions and opportunities within the context of Operational Programmes and the local ESIF Strategy to aid the Managing Authority’s assessments at outline and full application stage.

This call is issued by the Department for Work and Pensions (DWP) to commission ESF Funded projects that will support the Priority Axis 2 of the Operational Programme: Skills for Growth and Investment Priority: 2.1 Enhancing equal access to lifelong learning as set out in the Operational Programme.

All applications will need to be eligible under the European Social Fund Operational Programme for England 2014 to 2020. The [ESF Operational Programme](#) is available for applicants to read.

This call for proposals sets out the requirements for any applicants to consider before applying. Applications against this call will be assessed as part of a two stage appraisal process and successful applicants will enter into a funding agreement with the DWP. Further information is given in sections 4 to 10.

Applicants are advised to familiarise themselves with the detail of the Operational Programme, local European Structural and Investment Funds Strategy and the relevant documentation listed in sections 5 through to 8 **prior to** submitting an Outline Application.

All ESF applicants will need to be aware of the requirement to collect and report data on all participants as per Annex 1 (see Appendix A). This will be as well as the requirement of reporting on output and result indicators referred to in section 3 of the call for proposal.

1.1 National Context

This priority axis aims to support skills for growth. It will support activities through:

Investment priority: 2.1 - Enhancing equal access to lifelong learning for all age groups in formal, non formal and informal settings, upgrading the knowledge, skills and competences of the workforce, and promoting flexible learning pathways including through career guidance and validation of acquired competences

ESF will not fund activity that duplicates or cuts across national policy on grants and loans for tuition for skills activities. Exemptions to this principle will be considered only where a local specific need and/or market failure has been demonstrated and where the activity falls within the scope of the Operational Programme.

Full details of what can and cannot be supported under this Investment Priority are set out in the Operational Programme. Details of the specific objectives have been reproduced below.

Specific Objective	Results that the Member States seek to achieve with Union support
To address the basic skills needs of employed people, particularly in SMEs and micro businesses.	The additional support from this investment priority will help employed people to gain basic skills. It will also improve the capacity of SMEs and micro businesses and support business growth. We have set an output target for the number of participants without basic skills and a result target for participants gaining basic skills.

1.2 Local Development Need

Projects must deliver activity which directly contributes to the objectives of Priority Axis 2, Investment Priority 2.1 of the Operational Programme, and which meets the **local development need** expressed in the text and table below.

Call outline

One of the aims of the New Anglia Local Enterprise Partnership (NALEP) is to develop a locally responsive skills system which reduces economic barriers for residents and creates more relevant skills provision. A key priority to achieve this is the need to raise individual achievement and aspiration amongst people in the region.

A key challenge for New Anglia is that our resident workforce is aging, low skilled and low paid, and residents are not able to access the high value jobs being created. The first step for most people in achieving the qualifications required to access these higher skilled jobs is the completion of basic skills courses.

NALEP's aim is to address the skills levels of employees where they have either no qualifications or are qualified only to level 1 in English, Maths or ESOL (if appropriate) as this is widening the skills gap and impacting on the productivity and economic growth in New Anglia. There is also a groundswell of activity locally to

support the development of digital skills at all ages and levels – digital skills should also feature in the roll out of this activity.

New Anglia LEP wish to support employees particularly in the New Anglia growth sectors where there is a gap in basic skills qualifications, identified through the Sector Skills Plans which have been developed. The growth sectors include:

- Advanced Manufacturing and Engineering
- Health and Social Care
- Agriculture, Agri-Tech, Food and drink
- Construction
- Energy
- Financial and Insurance Services
- ICT Digital
- Life Sciences and Biotech
- Ports and Logistics
- Tourism and Culture

Sector skills plans are being produced for each of the local growth sectors – those plans which have already been approved by the LEP Skills Board are available on the [New Anglia LEP's website](#) with the remaining plans due to be approved shortly. The sector skills plans provide the evidence and data to support future activity for skills in the growth sectors and New Anglia LEP would expect any contractor for this specification to be working in clear alignment with these plans and in collaboration with the LEP's Skills Board.

The number of jobs in these sectors where higher level qualifications including degrees are required is increasing and this is reducing the jobs where lower skills are required. New Anglia LEP area therefore need to upskill lower-skilled employees to avoid job losses and support in work progression.

New Anglia's qualification profile is poorer than other LEPs. New Anglia is ranked 30th for the percentage of those aged 16-64 with an NVQ level 4 or higher.

The data below shows that the New Anglia LEP area has a lower number of residents at all qualification levels, with the exception of Level 1, when compared to the Great Britain position. Naturally, this results in the group of individuals with no qualifications also being higher than the national figure.

Qualifications¹	New Anglia number	New Anglia (%)	Great Britain (%)
NVQ 4+	295,100	30.9	38.6
NVQ 3+	505,300	53	57.2
NVQ 2+	686,000	71.9	74.7
NVQ 1+	816,900	85.7	85.4
No Qualifications	77,400	8.1	7.7

¹ NOMIS Statistics – Jan 2017 – Dec 2017

The lack of qualifications is highlighted in areas of social deprivation within the area. Most notably, the percentage of those aged 16-64 without any qualifications in North Norfolk (11.6%), Waveney (10.1%) Great Yarmouth (11.7%) shows results which are almost 3 percentage points higher than the national average (8.6%).

The annual population survey also shows that across the eastern region in 2015 there were 169,123 people in employment who did not have any qualifications and 689,185 people in employment whose highest level of qualification is level 2. These figures are significant when compared to similar figures for other areas including London where the numbers are only slightly higher for a larger business base.

When comparing NALEP to surrounding LEP areas, New Anglia also has the lowest percentage of employees qualified to level 4 or above. Not only does this impact on the economic performance but it also creates a bottleneck for progression.

Employer perceived skills shortages show that 34% of new applicants have a lack of literacy skills which is exacerbating the problem in employment.

Employment by occupation²	New Anglia (Numbers)	New Anglia (%)	East (%)	Great Britain (%)
Soc 2010 Major Group 1-3	314,600	40.6	45.2	45.1
1 Managers, Directors And Senior Officials	80,400	10.3	10.5	10.5
2 Professional Occupations	138,600	17.8	20.3	20.2
3 Associate Professional & Technical	95,600	12.3	14.3	14.3
Soc 2010 Major Group 4-5	168,800	21.8	22.1	20.9
4 Administrative & Secretarial	70,500	9.0	11.0	10.4
5 Skilled Trades Occupations	98,300	12.6	11.0	10.4
Soc 2010 Major Group 6-7	135,200	17.4	16.0	16.8
6 Caring, Leisure And Other Service Occupations	74,300	9.5	9.0	9.1
7 Sales And Customer Service Occs	60,900	7.8	7.0	7.6
Soc 2010 Major Group 8-9	156,900	20.2	16.6	17.2
8 Process Plant & Machine Operatives	51,900	6.7	6.3	6.4
9 Elementary Occupations	105,000	13.5	10.3	10.7

In addition, the table above shows that the percentage of New Anglia jobs outside of the higher levels of “Manager, Director and Senior Officials” “Professional Occupations” and “Associate Professional & Technical” are proportionally much

² ONS Annual Population survey Oct 2015 - Sep 2016
ESIF Call Template
 ESIF-Form-2-001, Version 12
 Date published 13 August 2018

higher than the Great Britain average. This would suggest that there are more jobs requiring only basic skills qualifications available to the residents of New Anglia.

All applicants will have to ensure that activity delivered by their proposed project complements but does not duplicate activities currently running, or requested as part of a separate ESF call.

Local priorities

In keeping with investment priority 2.1 this call will support lifelong learning and upgrade the knowledge, skills and competences of the workforce in the priority growth sectors in Norfolk and Suffolk.

This call seeks applications to address the basic skills needs of employed people and to increase their skills levels by at least one level in English, Maths, ICT or ESOL (if appropriate) to promote achievement and aspiration. By addressing the basic skills needs of employees, businesses will benefit from increased capacity, productivity and staff retention.

New Anglia LEP are particularly keen to support proposals that respond to the skills needs of those who are currently employed or under-employed in the identified priority growth sectors and, by utilising the sector skills plans developed for New Anglia, provide basic skills support for employees that have no or low qualification levels. The aim of this is to encourage progression in the work place.

This call is seeking project proposals which can deliver one or a number of the following activities:

- **Employee support:** Address basic skills needs of employees particularly in SMEs and micro businesses to increase their levels of literacy and numeracy and ICT leading to qualification attainment.
- **Solutions:** Provide activities which address low-level (L1 and L2) skills shortages in the priority growth sectors identified by the relevant Sector Skills Plan.
- **Stimulate demand:** Ensure learning opportunities are made available to employees and employers who require it, and provide an integrated service with other ESF projects and other provision in New Anglia offering support to employers.

Details of the local ESIF Strategy can be found at: <http://www.newanglia.co.uk/wp-content/uploads/2013/11/2015-11-27-New-Anglia-LEP-EU-Investment-Strategy-version-Nov-2015-FOR-GOV.pdf>

Applications are encouraged from consortia or other similar types of partnership arrangements. In each such case the application must be submitted by a lead organisation on behalf of the partnership/consortia and the lead applicant must have the financial capacity to meet the required Due Diligence criteria.

The New Anglia LEP area has a Technical Assistance Project to support any applicant in developing their applications. The project can be contacted by emailing esf.facilitators@norfolk.gov.uk.

1.3 Scope of activity

This call invites Outline Applications which support the delivery of Priority Axis 2, **Investment Priority 2.1 Enhancing equal access to lifelong learning** of the European Social Fund Operational Programme and responds to the local development need set out in the New Anglia Local Enterprise Partnership Area European Structural and Investment Funds Strategy.

This call aims to address the identified shortfalls listed in section 1.2 Local Development Need above.

2. Call Requirements

All applications are competitive.

Indicative Fund Allocation:	Indicatively, through this call the Managing Authority expects to allocate approximately £575,000 ESF The Managing Authority reserves the right to decrease or increase the indicative allocation, or support more or fewer projects subject to the volume and quality of proposals received.
Minimum application level	European Social Fund investment is intended to make a significant impact on local growth. Applications are expected to demonstrate appropriate scale and impact. The Managing Authority does not intend to allocate less than £250,000 of European Social Funding to any single project. Applications requesting an ESF amount below the ‘Minimum Application Level’ will be rejected.
Duration of project approvals	Projects should be for a maximum of three years; however the Managing Authority reserves the right to vary the maximum duration in exceptional circumstances.
Geographical Scope	All interventions should be focused on activity and beneficiaries within the New Anglia Local Enterprise Partnership area.
Specific call requirements	This is a call for ESF activity.
Call Deadlines	For this specific call, applications will be assessed following closure of the call. Applications received after the published call close date will not be considered.

Application selection	All applications will be scored in line with the ESF scoring criteria, but the MA reserve the right to invite projects to full application stage where they complement other activity or provide niche activity to target groups within the OP.
Applicant proposals	These can only contain activities which are eligible for ESF.
Eligible match funding	Applicants will need to have eligible match funding for the balance of costs, which must be from a source other than the European Union. At outline application stage the applicant will need to provide information to demonstrate that the operation is likely to have the required level of match funding in place at the point of formal approval.
Operational completion	Operations must be completed no later than 3 years and 6 months after the proposed start date.
Procurement	All procurement must be undertaken in line with EU regulations.
State Aid law	Applicants must demonstrate compliance with State Aid law.
Audit/ Compliance	All expenditure and activities will be subject to rigorous audit and non-compliance may lead to financial penalty.

ESF cannot be used to duplicate existing activities or activities that do not address market failure. ESF can only be used to achieve additional activity or bring forward activity more quickly. Applicants must be able to demonstrate that proposals are additional to activity that would have occurred anyway or enables activity to be brought forward and delivered more quickly than otherwise would be the case in response to opportunity or demand.

3. Deliverables required under this Call:

Applications will be expected to achieve the minimum indicative level of Programme Deliverables by contributing to the following Investment Priority. The definitions of which can be accessed at the [ESF Operational Programme](#).

Investment Priority	2.1 Enhancing equal access to lifelong learning
Specific Objectives	Enhancing equal access to lifelong learning for all age groups in formal, non-formal and informal settings, upgrading the knowledge, skills and competences of the workforce, and promoting flexible learning pathways including through career guidance and validation of acquired competences
Indicative Actions	ESF will not support activities that duplicate or replace existing support within national programmes, but may be used to support

	<p>additional activities or target groups, including provision co-designed with local partners.</p> <p>Examples of activities that may be supported include:</p> <ul style="list-style-type: none"> • skills shortages or needs in particular sectors or local areas which are not currently being addressed by employers or individuals; • training and support for people at all levels, in particular addressing the needs of disadvantaged groups in and out of the workplace; • access to learning; information about learning and skills; • brokerage of opportunities between learners and employers.
--	--

ID	Result Indicator	Minimum Target value for this call
R3	Participants gaining basic skills	11%
R6	Participants gaining level 2 or below or a unit of a level 2 or below qualification (excluding basic skills)	25%
R8	Employed females gaining improved labour market status	35%

ID	Output Indicator	Total Minimum target value for this call	Men minimum target value	Women minimum target value
O1	Participants	790)	388	402
O4	Participants over 50 years of age	182	-	-
O5	Participants from ethnic minorities	34	-	-
ESF - CO16	Participants with disabilities	60	-	-
ESF - CO14	Participants who live in a single adult household with dependent children	31	-	-
O6	Participants without basic skills	790	-	-

Applicants will be required to demonstrate how they will achieve the deliverables within their proposal along with any methodology that will be used to record achievement. Applicants will also need to ensure robust systems are in place, and be able to describe them, to capture and record the targets and to report quantitative and qualitative performance across the New Anglia LEP area. All operations will be required to collect data and report progress against the deliverables with each claim. Where an operation underperforms against their deliverables they may be subject to a performance penalty.

There must be a fully evidenced audit trail for all contracted deliverables.

4. General Information

Essential information to support the drafting of an application and delivery of a successful ESF funded project is available at the [European Growth Funding](#) website pages.

4.1 Compliance and Eligibility

When developing an application, Applicants should refer to [guidance](#) on eligible Applicants, activities and costs. These are for guidance only and Applicants should take their own specialist advice if in doubt. It is the responsibility of the Applicant to ensure that the rules and guidance are adhered to both at application stage and following approval.

ESIFs are governed by European regulations and national rules. Applicants are advised to familiarise themselves with the relevant documentation listed in the 'key documents' section prior to submitting an Outline application. If successful, Applicants will enter into the standard Funding Agreement and must abide by the standard terms and conditions contained therein. Applicants are therefore strongly advised to read these terms and conditions to ensure that they would be able to enter into such an agreement prior to responding to the call. Once a Funding Agreement has been issued it should be signed and returned within a short timescale.

4.2 Intervention Rate & Match Funding

ESF is funding used where no other funding can be obtained (the funder of last resort) and the maximum ESF intervention rate for the operation is 50%. This means ESF can contribute up to 50% of the total eligible project costs, subject to State Aid regulations. The remaining 50% or more must come from other eligible sources. For all outline applications, the applicant will need to provide information to demonstrate that the operation is likely to have the required level of match funding in place at the point of formal approval.

ESF is not paid in advance and expenditure must be defrayed prior to the submission of any claims. Applicants may be asked to demonstrate how they are able to cash flow the operation.

4.3 Applicants

Applicants must be legally constituted at the point of signing a Funding Agreement, and be able to enter into a legally binding Funding Agreement. The Applicant will be the organisation that, if the application is successful, enters into a contract for ESF and therefore carries the liability for ensuring that the terms of the ESF Funding Agreement are met by them and to all delivery partners. If there is more than one organisation applying for the funds, a lead organisation must be selected to become the Applicant. It is this organisation that carries the responsibility and liability for carrying out a compliant project.

The Managing Authority will consider the Applicant's track record, both positive and negative. If the Applicant has been involved in the delivery of previous European grants and any irregularities with this (these) grant(s) have been identified, the Managing Authority will look into these and expect to see how and what steps have been taken to ensure that these have been addressed to mitigate the risk of further irregularities in the future. It is acknowledged that some organisations will be new to ESIF funding and will not have a track record.

4.4 Cross Cutting Themes

All applications received under this Call should demonstrate how the Cross Cutting Themes have been addressed in the project design and development. Cross cutting themes for ESF are 'gender equality and equal opportunities' and 'sustainable development'.

For ESF, the project applicants will be required to deliver their services in-line with the Public Sector Equality Duty (as defined in the Equality Act 2010). All projects must have a gender and equal opportunities policy and implementation plan which will be submitted at full application stage and in-line with Managing Authority guidance. Project applicants will also be required to answer a number of ESF-specific equality questions which will be set out in both the full application form and the related guidance.

For ESF, all projects will also be required to submit a sustainable development policy and implementation plan (in-line with guidance produced by the Managing Authority).

The ESF programme particularly welcomes projects that have an environmental focus that can meet the strategic fit at local and programme level whilst also adding value by:

- supporting environmental sustainability; and/ or
- complementing the environmental thematic objectives of other programmes such as ERDF; and/or
- using the environment as a resource to help motivate disadvantaged people

Further information is available in the [ESF Operational Programme](#).

4.5 State Aid & Revenue Generation

Applicants are required, in the Outline Application, to provide a view on how their proposal complies with State Aid law. Applicants must ensure that projects comply with the law on State Aid.³ Grant funding to any economic undertaking which is state aid can only be awarded if it is compatible aid, in that it complies with the terms of a notified scheme or is covered by the De Minimis Regulation. Guidance for grant recipients, explaining more about State Aid, is available; it is important that Applicants take responsibility for understanding the importance of the State Aid rules and securing their full compliance with them throughout the project, if it is selected into the Programme.

The Managing Authority is not able to give legal advice on State Aid. It is the responsibility of the Applicant to ensure that the operation is State Aid compliant.

Where the Applicant does not perceive that there is any State Aid, it should state whether or not it considers Articles 61 and 65(8) of regulation 1303/2013 to apply. This revenue should be taken into account in calculating eligible expenditure. Article 61 refers to monitoring revenues generated after completion of the project, and Article 65(8) how to deal with differences in the forecast and actual revenues at the end of the operation. The details of this will be tested at the full application stage.

4.6 Funding Agreement

The Funding Agreement is a standard, non-negotiable and legally binding document. Any successful Applicant will be subject to the terms and conditions contained within this agreement. Applicants are strongly advised to seek their own advice to ensure that they would be able to enter into and abide by the terms of the Funding Agreement.

Failure to meet any of the conditions of the agreement or the commitments within the application will result in claw back of funding.

Applicants should be aware that additional provisions and securities may be included within the Funding Agreement to protect the investment. These will be further discussed if relevant following the Full Application stage.

4.7 Procurement

All costs delivered by the Grant Recipient (the applicant) and/or delivery partners must be delivered on an actual cost basis. Other costs must be procured in line with EU regulations. The most common error identified during audit has been failure to comply with relevant procurement regulations and crucially to maintain a full audit trail to prove that they have complied with the relevant regulation. Robust and transparent procurement is required to ensure that Grant Recipients:

³ Article 107(1) of the Treaty on the Functioning of the European Union provides that: "Save as otherwise provided in the Treaties, any aid granted by a Member State or through state resources in any form whatsoever which distorts or threatens to distort competition by favouring certain undertakings or the production of certain goods shall, in so far as it affects trade between Member States, be incompatible with the internal market."

- consider value for money;
- maximise efficient use of public money; and
- maintain competitiveness and fairness across the European Union.

It is recommended that applicants seek their own legal advice pertaining to their procurement and requirements to publicise any tendering opportunities.

The Managing Authority is not able to give legal advice on procurement. It is the responsibility of the applicant to ensure the project is compliant in this respect.

4.8 Retrospection

There will be no retrospection for applications made against this call, other than in line with the general policy on retrospection which allows costs to be potentially eligible between outline and full application stage, but only where the full application is approved.

5. Application Process & Prioritisation Methodology

There are two stages to the ESF application process; Outline Application and if successful, Full Application. Applicants must fully complete the Outline Application Form (section 9 refers). Guidance is available on the [European Growth Funding](#) website pages. Acceptance of an Outline Application to progress to full application stage does not in any way indicate or constitute an offer of European Social Fund grant. Applications will be subject to a Gateway Assessment undertaken by the Managing Authority under the following criteria:

- Applicant eligibility;
- Activity and expenditure eligibility; and
- The fit with the ESF Operational Programme and the call.

Proposals that pass the Gateway Assessment will move into the Core Assessment which consists of the following:

- Strategic fit;
- Value for money;
- Management & control;
- Deliverability;
- Procurement / tendering; and
- State Aid compliance.

The Managing Authority will seek advice from partners when considering applications to ensure its assessment is informed by local economic growth conditions and opportunities within the context of Operational Programmes and the local ESIF Strategy. This will include the relevant LEP Area ESIF Committee and other partners deemed relevant to the application.

The assessment and any prioritisation will be undertaken using only the information supplied as part of the application process. The Managing Authority cannot accept further detail outside this process.

Non-public sector Applicants who are successful at the Outline Application stage may be subject to due financial diligence checks by the Managing Authority, prior to submission of a Full Application. Applicants will be required to submit accounts, and to clarify financial or other organisational information. New Applicant organisations may be required to provide details of a guarantor.

There is no appeal process for applicants whose Applications are rejected at Outline Application stage, Full Application stage or for failing to satisfy the MA's Financial Due Diligence checks.

6. Support

Please note that this is a competitive call and to preserve impartiality we are unable to enter into correspondence with applicants over their Outline application. Details of where guidance can be found are contained throughout this calls document. In exceptional circumstances, if there are issues with accessing this guidance, please contact:

✉: esf.2014-2020@dpw.gsi.gov.uk

No applications are to be sent to this email address. Completed Outline applications must be sent to the email address provided in Section 9 – Document submission.

7. Key Documents

- Outline Application Form
- Outline Application Form Guidance
- Financial Annex
- Indicator Annex
- Local Enterprise Partnership area's ESIF strategy
- ESF Eligibility Rules

8. Document Checklist

The assessment will be undertaken on the basis of documentation received at the point of closure of the call. Applicants should provide the following documentation.

Outline Stage:

- fully completed Outline Application
- Financial tables (if the application is against more than one Category of Region, a financial table for each Category of Region)
- Outputs, Results and Indicators tables (if the application is against more than one Category of Region, a Outputs, Results and Indicators table for each Category of Region)
- Visual representation of the customer journey is required (e.g a flow chart); and

To enable the Managing Authority to complete the required Financial Due Diligence checks (if private or voluntary and community sector), applicant to provide:

- Three years financial accounts
- Proof of existence - Certificate of Incorporation, Charities Registration , VAT Registration Certificate or alternate form of incorporation documentation;
- Proof of trading - Financial Accounts/Statements for the most recent two years of trading including, as a minimum, Profit and Loss Account and Balance Sheets;
- Completed Financial Viability and Risk Assessment Applicant Template (for applications requesting annualised funding of greater than £1m)

Failure to provide the above documentation could result in the application being rejected.

9. Document Submission

Completed Outline Applications must be submitted to

✉: 2014-2020.esfapplications@dwp.gsi.gov.uk

10. Timescales

Launch of Call advertised on GOV.UK	13 August 2018
Deadline for submission of Outline Application	5 November 2018

Outline Application forms not received by the deadline will not be assessed. Outline Applications which are not fully completed will be excluded.

For this call applications will normally be required to **commence delivery/activity within three months** of the award of contract.

Any changes related to the deadline for the submission of the Outline Application form will be notified on the [European Growth Funding](#) website pages.

11. Appendix A – Common output indicators

Appendix A - extract from Annex 1 of the ESF regulation

Common output and result indicators for ESF investments

(1) Common output indicators for participants

"Participants" refers to persons benefiting directly from an ESF intervention who can be identified and asked for their characteristics, and for whom specific expenditure is earmarked. Other persons shall not be classified as participants. **All data shall be broken down by gender.**

The common output indicators for participants are:

unemployed, including long-term unemployed
long-term unemployed
inactive
Inactive, not in education or training
employed, including self-employed
below 25 years of age
above 54 years of age
above 54 years of age who are unemployed, including long-term unemployed, or inactive not in education or training
with primary (ISCED 1) or lower secondary education (ISCED 2)
with upper secondary (ISCED 3) or post-secondary education (ISCED 4)
with tertiary education (ISCED 5 to 8)
participants who live in jobless households
participants who live in jobless households with dependent children
participants who live in a single adult household with dependent children
ethnic minorities
Participants with disabilities
other disadvantaged
homeless or affected by housing exclusion
from rural areas

Common immediate result indicators for participants are:

inactive participants engaged in job searching upon leaving
participants in education/training upon leaving
participants gaining a qualification upon leaving
participants in employment, including self-employment, upon leaving
disadvantaged participants engaged in job searching, education/ training, gaining a qualification, in employment, including self-employment, upon leaving

Common longer-term result indicators for participants are:

participants in employment, including self-employment, six months after leaving
participants with an improved labour market situation six months after leaving
participants above 54 years of age in employment, including self-employment, six months after leaving
disadvantaged participants in employment, including self-employment, six months after leaving
