WE ARE STOPPING OUR PENSION LETTERS SERVICE

From 1 January 2019, the British Embassy Bangkok will no longer be able to give you a letter showing your income when you apply for a retirement or marriage visa in Thailand. Thai Immigration want us to verify your income and we are unable to do this.

**We will accept
applications until
12th December 2018**

What do I do now?

You should now show that you have the income required by the Thai authorities by transferring the minimum funds needed into a Thai bank account.
