Sections

Declaration

The declaration must be made by a company member on behalf of the company/trust. The declaration section is found in the Word application form. All applicants are required to complete this section in full.

All applicants will need to complete sections A, B, C, E, H and I in full.

For sections D, F and G, the information you need to provide will depend on the type of group you are. Please refer to the relevant section of the *background information and glossary document* and the *assessment criteria booklet*, for the information your group should include in these sections.

Section A asks you for applicant details in the Excel form.

Section B asks you to outline your proposed free school(s) in the Excel form.

Section C asks you for detailed information on the vision for your school(s) and is to be completed using the Word form.

Section D asks you for detailed information on your proposed education plan(s) and is to be completed using the Word form.

Section E asks you to evidence that there is a need for the school(s) you are proposing in the Word form.

Section F asks you to demonstrate that you have the capacity and capability to open the school(s) you are proposing and is to be completed using the Word form.

Section G specifically asks about costs. This requires the completion of the relevant sections of the Excel budget template.

Studio schools use a different Excel budget template than mainstream and 16-19 free schools.

Section H asks for information about premises, and suitable site(s) you have identified. This requires the completion of the relevant section of the Excel application form.

Section I is about your suitability to set up and then run a free school. There is a separate Word form for this.

Failure to submit all the information required may mean that we are unable to consider your application.

Submitting Sections A to H

The completed Word and Excel templates and the budget plans need to be submitted by email to the department by the application deadline to:

FS.applications@education.gsi.gov.uk. Your email must be no larger than 9MB in size.

Applications for a Studio School should also be sent to: applications@studioschooltrust.org.

The Word template should be between 50 and 100 pages long (depending on which type of group you are); formatted for printing on A4 paper; completed in Arial 12 point font; and include page numbers. Annexes are excluded from the page limit and should be restricted to CVs for key individuals. Please do not include photographs, images and logos in your application.

The contents of the budget Excel template and Excel application form are excluded from the page limit.

Please include the name of your school in the file name for all Word and Excel templates.

You also need to submit two hard copies (of Sections A-H and the budget plans) by a guaranteed method such as 'Recorded Signed For' post to: Free Schools Applications Team, Department for Education, 3rd Floor, Sanctuary Buildings, Great Smith Street, London SW1P 3BT. You may also hand deliver if you prefer.

It is essential that the hard copies are identical to the version you email.

Section C1 – a credible proposal to deliver a high-quality free school and a clear rationale for establishing it in this area

This is an application in competition with other providers to open a 6 FE 11-18 free school which Croydon have identified they require to meet basic need in 2019 onwards in the Thornton Heath area. It will be very similar to the provision in our open schools at Harris Invictus Croydon and in Tottenham, and our schools in preopening in Wimbledon and West Thurrock. Croydon have identified that they need a new secondary school in the area and shared with us that they know of at least one other provider making a bid to establish the school.

The Federation has 4 existing secondary schools in Croydon. This school would work with them – particularly at Post 16 – and offer the opportunity for mutual support and development as a mini federation of schools within the wider Harris Federation.

All of our secondary schools are Good or Outstanding and 75% of them are Outstanding. This is a record unmatched by any MAT. We have a depth of resources which means we can open new schools with no risk to our existing provision. Stand alone schools find it much harder to do that.

This would be a school that would be founded on the same principles as our Free Schools at Harris Invictus Croydon (which will be quite close by) and Harris Academy Tottenham. It would also use the methodologies that we have put in place at Chobham Academy, which we operate, and which has achieved Outstanding in all categories in its first OFSTED. DFE colleagues know that our ethos and approaches are tried and tested and that we will open and operate an Outstanding School. we have a great track record of opening and developing very successful schools.

The school would be 11-18. It is important for us that our students have the opportunity to obtain their A levels or Level 3 BTECs with us and have the benefit of the exceptional programmes we run to encourage them to apply and obtain places at top universities. We run a consortium of sixth forms in the area with quality assurance

clear rationale for establishing it in this area
of provision and transport being provided to allow students to take a third or fourth A
level at another school and move between schools at break or lunchtimes.

Section D – education plan: part 1

This section will need to be completed by all applicants. Please:

- use the table below; and
- refer to the background information and glossary document, and the assessment criteria booklet for what should be included in this section.

In the table below, please provide the proposed numbers in each year group at the point of opening and an explanation of how pupil numbers will build up over time. Please add additional rows/columns if appropriate. If you are an existing independent school wishing to become a free school, please use the first column to show how many pupils you currently have. If you are proposing more than one school you will need to complete a separate table for each.

If you are proposing to open later than 2017, please leave the relevant earlier columns blank.

D1 - an ambitious and deliverable curriculum plan which is consistent with the vision and pupil intake

We will provide a solid curriculum that prepares students to succeed in a range of subjects. The above plan would apply to Years 7 and 8 and at Year 9 we would introduce options and increase Science to 8 periods a week for those who will take triple Science. For those who are not assessed as able to take triple Science we will provide 6 lessons of Science and provide additional Maths and English

The principles that apply here are the same principles that apply in our existing Outstanding Schools.

D2 – measuring pupil performance effectively and setting challenging targets

If you are applying for more than one school, please provide one version of this section, referring to individual schools or circumstances where relevant.

All applicants will need to complete this section, but you will give us different information depending on which type of group you are. Please:

- use the space provided below; and
- refer to the background information and glossary document, and the assessment criteria booklet for what should be included in this section.

D2 – measuring pupil performance effectively and setting challenging targets

The principles that apply here are the same principles that apply in our existing Outstanding Schools. Harris Federation has used its resources to work innovatively to design schemes of work in all subjects and to track back from expected new GCSE scores in 5 years time to give assessment tools to teachers that enable them to set stretching targets and to assess their students progress towards GCSE from Year 7 upwards. Students' progress is monitored half termly with reports home to parents and individual interventions with those children not making the progress expected.

D3 – a staffing structure that will deliver the planned curriculum within the expected income levels

If you are applying for more than one school, please provide one version of this section, referring to individual schools or circumstances where relevant.

All applicants will need to complete this section, but you will give us different information depending on which type of group you are. Please:

- use space provided below; and
- refer to the background information and glossary document, and the assessment criteria booklet for what should be included in this section.

D3 – a staffing structure that will deliver the planned curriculum within the expected income levels
We will use a staffing structure similar to our existing schools.

D4 – the school will be welcoming to pupils of all faiths/world views and none

All applicants will need to complete this section in full for each school they wish to open. Please:

- refer to the background information and glossary document, and the assessment criteria booklet for what should be included in this section.

This section will need to be completed by **all** applicants. Please:

E1 - provide valid evidence that there is a need for this school in the area

Croydon Council reported to their Cabinet in January 2016 that they need one more secondary school to enable them to meet basic need which they expect to be provided by a Free School.

Please tick to confirm that you have provided evidence as annexes:

E2 – successful engagement with parents and the local community

This section will need to be completed by **all** applicants. Please:

- use the space provided below;
- · include evidence as annexes; and
- refer to the background information and glossary document, and the assessment criteria booklet for what should be included in this section.

E2 - successful engagement with parents and the local community

At this stage we have not actively engaged with the local community on this proposal. We do though have more than 4 applications for every place on average in our secondary schools and that includes the very popular Harris Academy South Norwood and Harris Academy Crystal Palace which are nearby. So also is Harris Invictus Academy Croydon which we opened with support from a parent group and is oversubscribed despite being in cramped temporary accommodation.

E2 – successful engagement with parents and the local community
It will be clear to the DFE that we are able to market our schools very effectively once
sites are known.

Section F – capacity and capability

Please note:

If you are not an approved academy sponsor, but are interested in finding out more about this role and potentially apply to become a sponsor, please make contact with the department's <u>Sponsor Approval team</u>.

It is important to make clear that approval as an academy sponsor will not guarantee a free school application is approved. Each free school application is considered against the criteria set out in this guidance. Similarly, approval to deliver a free school project does not mean that you would be automatically chosen to deliver a specific academy project. All projects are carefully considered on a case-by-case basis. It is the role of the department to consider which of our sponsors will provide the best possible solution for a particular school(s), and ministers will make a final decision as to whether the proposed sponsor should take forward a specific project, based on that advice.

F1 (a) Skills and experience of your team

All applicants will need to complete this section, but you will give us different information depending on which type of group you are. Please refer to the relevant section of the background information and glossary document, and the assessment criteria booklet for what should be included in this section.

If you are a sponsor with at least one school, or a MAT with at least two schools, and you have a letter or email from your RSC office saying how many free schools you have capacity to open, you need to:
