FOOTNOTES:

1. This horse export certificate is applicable for all transshipment of horse, including horses via Hong Kong to Macau and Mainland China by road and for horses shipped by unapproved carrier to Hong Kong.
2. Airlines/exporters/importers can apply to AFCD for approval to be exempt from a transshipment horse export certificate (i.e. only certification for the destination country will be required). This approval will be based on country of origin, transportation type, contingency plans and any other factors as determined by AFCD.
3. The language of the exporting/importing country(ies) may also be used providing that it appears below the English version on the same certification. In the event of any differences, the English version will prevail.
4. Scheduled countries for transshipment of horses via HK: Argentina, Australia, Canada, Belgium, Denmark, France, Germany, Italy, Japan, Peninsular Malaysia, New Zealand, the Netherlands, Qatar, the Republic of Ireland, Singapore, the United Arab Emirates, the United Kingdom (Great Britain & Northern Ireland) and the United States of America. The Special Administrative Region of Macau is also classified as scheduled country in the context of this document.
5. Competent Authority: The government authority of the exporting country which is responsible to issue official certification for the export of horse, which for the UK is Defra.
6. The consignor or his authorised agent must complete the acknowledgement (SECTION IX/Annex B) and attach it to this certificate.
7. Permanent/Usual Residency: This is the country where the horse is normally resident for at least 60 days.
8. Certified copies may be photocopies of the original documentation bearing the name, title, signature, date and official stamp of the official veterinarian issuing the onward certification.
9. An official African horse sickness free zone of a country, territory or part of a territory as designated by the AFCD.
10. All serological tests and vaccinations must be carried out in accordance with the latest version of the OIE Manual of Standards for Diagnostic Tests and Vaccines if OIE standards exist. The laboratory reports (or certified copies) for tests carried out must be attached to this certificate and officially endorsed by the certifying veterinarian. Proof of vaccinations must also be attached.
11. Blood samples must be sent to a laboratory approved by the veterinary authority of that country/Macau.
12. Enter date the blood sample was collected.
