**EXPORT OF HORSES TO NEW ZEALAND**

**DECLARATION OF THE TRANSPORTER**

**I.** I, the undersigned, certify that the following arrangements have been made:

- 1. The vehicle(s) in which the animal(s) is/are to be transported to the port of departure will be cleaned, disinfected and treated with an effective insecticide before loading;
- 2. During transport to the port of departure the animal(s) will be kept isolated from animals not eligible for importation into New Zealand;
- 3. Only animal(s) eligible for importation into New Zealand will be loaded on the craft for export;
- 4. The animal(s) will be loaded into containers which were treated with an effective residual insecticide and that
  - \*either  
were new;
  - \*or  
were cleaned and disinfected with an effective virucidal disinfectant before loading;
- 5. In the case of animal(s) transported by air, the cargo space of the aircraft will be sprayed with an effective residual insecticide.

**II.** This declaration is part of and applies to the following veterinary certificate no/s.:
