No:

EXPORT OF DAY OLD CHICKS TO BANGLADESH

SUPPORT HEALTH CERTIFICATE

I. Name and address of OFFICIAL VETERINARIAN to whom this certificate must be returned as soon as possible:

II. Name and address of exporter:

III. Address of flock of origin:

IV. Date of Export:

V. Health Information

I, the undersigned, certify that the birds comprising the flock of origin meet the following requirements:

- a) on (date), being within 28 days of the intended date of export, the birds comprising the flock(s) of origin were inspected and found to be free from clinical signs of infectious or contagious disease;
- b) in so far as can be determined, there has been no clinical or pathological evidence of the following diseases on the premises of origin during the past 6 months: fowl cholera, ornithosis, Marek's disease, avian leukosis, infectious laryngotracheitis, infectious bronchitis or infectious avian encephalomyelitis;

- c) The flock(s) of origin of the day old chicks described above have been subjected to AGID or ELISA testing for avian influenza with negative results within 30 days of the date of export;
- d) The source flocks have not been vaccinated against avian influenza;
- *e) **ONLY FOR NON-POULTRY HEALTH SCHEME FLOCKS**
blood samples have been taken from all the birds comprising the flock of origin and subjected to the rapid plate agglutination test for pullorum disease and fowl typhoid, with negative results in each case.
- *f) **FOR POULTRY HEALTH SCHEME FLOCKS:**
the flock(s) of origin and the hatchery are members of the Government supervised Poultry Health Scheme and are considered free of Salmonella pullorum (pullorum disease) and Salmonella gallinarum (fowl typhoid);

*Delete if not applicable.

VI. This certificate is valid for 15 days.
