No:

EXPORT OF DAY OLD DUCKLINGS FROM THE UNITED KINGDOM TO CANADA

SUPPORT HEALTH CERTIFICATE

I. Name and address of OFFICIAL VETERINARIAN to whom this certificate must be returned as soon as possible:

II. Name and address of exporter:

III. Address of flock of origin:

IV. Date of export:

V. Health Information

I, the undersigned, certify that the birds comprising the flock of origin meet the following requirements:

- (a) the parent flock(s) of the day old birds for export were kept in the farm of origin for at least 21 days prior to, and at the time of the collection of the eggs from which the birds for export were hatched;

(b) i.* EITHER

the United Kingdom has an official surveillance plan for NAI in place that has been carried out in the establishment within the past 21 days;

ii.* OR

a representative sample of the parent flock(s) (60 birds or the entire parent flock if the total number of birds in the parent flock is less than 60) was subjected to a diagnostic test on cloacal swabs (PCR or VI) within the 21 days prior to shipment to demonstrate freedom from infection with NAI; (Cloacal samples can be pooled to a maximum of 5 swabs per vial.)

Date of parent flock (s) testing:

(c) on _____ (date), being within 30 days prior to export of the day old ducklings, the flock(s) of origin were examined and found to be free from evidence of clinical disease;

V. This certificate is valid for 10 days.
