- (b) Type and number of packages:
  
  
  
  
  
  
  
  
  
  
- (c) Identification marks on packaging (e.g. lot/batch numbers):
  
  
  
  
  
  
  
  
  
  
- (d) Net weight of consignment:
  
  
  
  
  
  
  
  
  
  
- (e) Container number:
  
  
  
  
  
  
  
  
  
  
- (f) Seal number:
  
  
  
  
  
  
  
  
  
  
- (g) Species product derived from:
  
  
  
  
  
  
  
  
  
  
- (h) Date of production:

II. ORIGIN OF PRODUCTS

- (a) Address of the processing plant:
  
  
  
  
  
  
  
  
  
  
- (b) Approval number(s) of the processing plant:
  
  
  
  
  
  
  
  
  
  
- (c) Name and address of exporter:

**III. DESTINATION OF PRODUCTS**

- (a) The product was despatched to:  
(country and place of destination)
- (b) Name and address of consignee:
  
- (c) Means of transportation:

**IV. HEALTH INFORMATION**

I, the undersigned, hereby certify that:

- (a) Live, chilled and frozen fish, seafood and products of their processing subjected to treatment, destined for human consumption were produced in establishments approved by the Competent Veterinary Service for supplying their production for export and operating under its constant supervision;
- (b) Fish and seafood (fishery products) originate from establishments which have not been placed under animal health restrictions;
- (c) Commercial sea and fresh-water fish and seafood (fishery products) were examined by State/official Veterinary services of the country for presence of helminths, bacteriological and viral infections by methods which are used in the EU;
- (d) If there are some helminths in acceptable limits in the fish, they are inactivated by the current methods;
- (e) Frozen fish and seafood (fishery products) have a temperature of muscle thickness not exceeding minus 18 degrees Celsius; are not contaminated with salmonella or other bacterial disease agents; have no alterations typical for infectious diseases; have no poor organoleptic quality, were not defrosted during the storage period; were not treated by colouring and odouring substances, ionizing and ultra-violet rays;
- (f) As a result of veterinary-sanitary inspection, sea-fish, fresh-water fish, sea-food (fishery products) and ready products are considered fit for human consumption and their organoleptic quality is satisfactory and they do not contain natural or synthetic estrogenic and hormonal substances, thyreostatics, antibiotics, other drugs and pesticides;
- (g) Microbiological, chemical, toxicological and radiological characteristics of fish, sea-food (fishery products) and finished products correspond to actual veterinary and sanitary rules and requirements of the Republic of Georgia;
- (h) Fish and sea-food (fishery products) is recognized fit for human consumption in accordance with EU legislation;
- (i) Products must have official identification mark on package. Stamped label must be placed on package in a way to ensure that opening of package is impossible without breaking the label;
- (j) Single-use containers and packaging material correspond to hygienic requirements;
- (k) Means of transport are treated and prepared in accordance with the rules approved in the EU.
