SUPPORT HEALTH CERTIFICATE

- I. Name and address of Official Veterinarian to whom this certificate must be returned as soon as possible:
- II. Name and address of exporter:

III. Address of flock of origin:

## IV. Date of export:

## V. Health Information

I, the undersigned, certify that the birds comprising the flock of origin meet the following requirements:

7584SUP (Agreed 26/02/2013)

- The birds comprising the flock(s) of origin have not been vaccinated with live vaccines for Newcastle Disease other than lentogenic strains;
- b) to the best of my belief and after due inquiry, the birds comprising the flock(s) of origin have showed no clinical or pathological evidence of the following diseases on the premises during the previous 6 months prior to export: Infectious laryngo-tracheitis. Chlamydiosis (ornithosis), Tuberculosis, Vibrionic hepatitis, Infectious avian encephalomyelitis, Fowl typhoid, Pullorum disease, Salmonellosis, Fowl pox, Pasteurellosis (fowl cholera), Newcastle disease, Viral arthritis, Inclusion body hepatitis, Infectious bronchitis, Infectious bursal disease(Gumboro disease), Transmissible enteritis, Mycoplasmosis (M. synoviae, M. gallisepticum or M. meleagridis), Turkey coryza and Turkey rhino tracheitis;
- c) the flock(s) of origin have been routinely monitored for Salmonella enteritidis with negative results;
- d) The flocks of origin are held on bio-secure poultry farms which are members of the Poultry Health Scheme (Great Britain), or the Northern Ireland Poultry Health and Assurance Scheme (Northern Ireland);
- e) The flock(s) of origin have been serologically tested for Avian Influenza subtype H5 virus with negative results, and the farm(s) are under regular sero-surveillance for Avian Influenza according to a protocol at least every 6 months;
- f) The hatching eggs were cleaned and sanitised as soon as possible after collection.

## VI. This certificate is valid for 10 days.
