IV. Health Information

I the undersigned certify that:

- (a) a written declaration has been received from the exporter*/agent of the exporter* stating that the animal(s) has*/have* been born at the premises of origin at paragraph II above, and raised in captivity, and so far as can be determined have not had exposure to wild animals;
- (b) the premises of origin have been free from any clinical or epidemiological evidence of rabies for a period of 24 months prior to the date of export;
- (c) on _____ (date), at _____ (time), being not more than 24 hours prior to the intended time of export, I examined the said animal(s) and found it*/them* to be free from clinical signs of infectious or contagious disease, and in my opinion fit to travel without undue suffering by reason of infirmity, illness, injury, fatigue or other cause;
- (d) I have received a written declaration from the owner/exporter stating that:
 - (i) the said animal(s) will be transported in accordance with the International Air Transport Association (IATA) live animal transport regulations;
 - (ii) suitable arrangements have been made for the feeding, watering and care of the animal(s) during transport;
 - (iii) young animals being shipped without their dam have been fully weaned prior to export;
 - (iv) the said animal(s) will be flown directly from the airport of departure to the airport of arrival in Canada.

V. This certificate is valid for 10 days.
