II. HEALTH INFORMATION

I, the undersigned, Official Veterinarian⁽¹⁾ of the Department for Environment, Food and Rural Affairs, after due inquiry and to the best of my knowledge, do hereby certify that the animal products described above:

II.1 were:

- ⁽²⁾ **either** [derived from bovine animals born and raised in the United Kingdom, which is recognised by Canada⁽³⁾ as free of Foot and Mouth Disease (FMD);]
- ⁽²⁾ **or** [derived from bovine animals present without restrictions (outside of quarantine) for 90 days in the United Kingdom which is recognised by Canada⁽³⁾ as free of Foot and Mouth Disease (FMD);]
- ⁽²⁾ **or** [legally imported from _____, (insert country or countries of origin), which is/are recognised by Canada⁽³⁾ as free of FMD;]

II.2 were produced from colostrum derived from animals which at the time of milking did not show clinical signs of any disease transmissible through colostrum to humans or animals, and which had been kept for at least 30 days prior to production on holdings that were not subject to official restrictions due to FMD or rinderpest;

II.3 are colostrum or colostrum products of bovine animals in combination with:

- ⁽²⁾ **either** [the condition that the colostrum or colostrum products have been produced at least 21 days before the shipping and in this period no cases of FMD have been detected in the exporting country;]
- ⁽²⁾ **or** [the colostrum or colostrum products have been produced on _____, this date, in consideration of the foreseen voyage duration, being at least 21 days before the consignment is presented to a border inspection post in Canada;]

and have been obtained from animals subject to regular veterinary inspections to ensure that they come from holdings on which all bovine herds are:

- ⁽²⁾ **either** [recognised as officially tuberculosis and brucellosis free⁽⁴⁾];]
- ⁽²⁾ **or** [not restricted under the national legislation of the country of origin regarding eradication of tuberculosis and brucellosis;]

and ⁽²⁾ **either** [recognised as official enzootic-bovine-leukosis free⁽⁴⁾];]

- ⁽²⁾ **or** [included in an official system for the control of enzootic bovine leukosis and there has been no evidence as result of clinical and laboratory testing of this disease in the herd during the past two years;]

II.4

- ⁽²⁾ **either** [do not contain and are not derived from specified risk material as defined in Annex V to Regulation (EC) No 999/2001 of the European Parliament and of the Council⁽⁵⁾ or mechanically separated meat obtained from bones of bovine, ovine or caprine animals; and the animals from which this product is derived have not been slaughtered after stunning by means of gas injected into the cranial cavity or killed by the same method or slaughtered by laceration of central nervous tissue by means of an elongated rod-shaped instrument introduced into the cranial cavity;]

(2) or [do not contain and are not derived from bovine, ovine or caprine materials other than those derived from animals born, continuously reared and slaughtered in a country or region classified as posing a negligible BSE risk by a decision in accordance with Article 5(2) of Regulation (EC) No 999/2001;]

NOTES:

Part I:

- Box reference I.15: Registration number (railway wagons or container and lorries), flight number (aircraft) or name (ship); information is to be provided in the event of unloading and reloading.
- Box reference I.23: for bulk containers, the container number and the seal number (if applicable) must be included.

Part II:

- (1) The official veterinarian who signs this certificate must meet the Canadian definition of "official veterinarian" which is defined under the Health of Animals Regulations as a veterinarian employed by the government of that country (vétérinaire officiel)
- (2) Delete as appropriate.
- (3) As recognised by the Canadian Food Inspection Agency
- (4) Officially tuberculosis and brucellosis free herd as laid down in Annex A to Council Directive 64/432/EEC; and officially enzootic-bovine-leukosis free herd as laid down in Chapter I of Annex D to Council Directive 64/432/EEC
- (5) OJ L 147, 31.5.2001, p. 1.

The signature and the stamp must be in a different colour to that of the printing.

Note to the importer: this certificate is for veterinary purposes only and must accompany the consignment until it reaches the Canadian border inspection post.
